Hi Sarah

Thank you for the consultation.

I have read through and have only a couple of comments.

1.4 change 'venerable' to 'vulnerable' adults
1.6 I would suggest that planning ought to have a licensing liaison who can assist to a certain level by assessing health and safety matters along with building access issues etc. on finished buildings that are applying for a license
1.7 in the case of vulnerable persons gambling more they can afford, how will that be assessed or monitored effectively. Is there scope for a system where a community figure such as myself, who has concern for a persons welfare through excessive gambling, can report that to the licensing authority for investigation or action?

They are my only comments on the document, I trust they are of use.

Many thanks

Dear Sarah

I have been through the statement of principles and only have minor comments.

1. I am not sure what is meant by 'ropes', bottom of page 7 – just my ignorance I guess!
2. On page 8 "7.25: looks rather lonely but I assume it refers to the next heading so should go with it.
3. Page 11 first para. line 3 grammatically should this be 'it,it' not 'it.It'?
4. Page 19 section 10.4. It is not clear to me when the 28 days starts from – is it after the published notice? I think the wording might need clarification.
