

Due Regard Record

Name of policy or activity: To agree the designation of a neighbourhood area for the Parish of Epping Town.

What this record is for: By law the Council must, in the course of its service delivery and decision making, think about and see if it can eliminate unlawful discrimination, advance equality of opportunity, and foster good relations. This active consideration is known as, 'paying due regard', and it must be recorded as evidence. We pay due regard by undertaking equality analysis and using what we learn through this analysis in our service delivery and decision making. The purpose of this form is as a log of evidence of due regard.

When do I use this record? Every time you complete equality analysis on a policy or activity this record must be updated. Due regard must be paid, and therefore equality analysis undertaken, at 'formative stages' of policies and activities including proposed changes to or withdrawal of services. This record must be included as an appendix to any report to decision making bodies. Agenda Planning Groups will not accept any report which does not include evidence of due regard being paid via completion of an Equality Analysis Report.

How do I use this record: When you next undertake equality analysis open a Due Regard Record. Use it to record a summary of your analysis, including the reason for the analysis, the evidence considered, what the evidence told you about the protected groups, and the key findings from the analysis. This will be key information from Steps 1-7 of the Equality Analysis process set out in the Toolkit, and your Equality Analysis Report. This Due Regard Record is Step 8 of that process.

Anna Cronin 8/9 14	<ul style="list-style-type: none">• The Cabinet report is seeking the designation of a neighbourhood area covering the Parish of Epping Town.• Once commenced, the Neighbourhood Plan may have various equality implications for a number of different groups, both in terms of the level of engagement that is undertaken during its preparation and the impact that any policies may have on different sections of the local community. However it is the duty of the Town Council to consider such issues during the preparation of the neighbourhood plan, and as such, the neighbourhood plan should be subject to equality analysis separately.• The designated neighbourhood area will cover the Parish of Epping Town in its entirety. This is considered to be an appropriate boundary and will ensure that the Neighbourhood Plan is inclusive of all parts of the local community who may be impacted by the proposals promoted within it.
