

**Report Item No: 1**

<b>APPLICATION No:</b>	EPF/0207/14
<b>SITE ADDRESS:</b>	Stoneshot Farm Hoe Lane Nazeing Essex EN9 2RW
<b>PARISH:</b>	Nazeing
<b>WARD:</b>	Lower Nazeing
<b>DESCRIPTION OF PROPOSAL:</b>	Demolition of existing light industrial buildings and construction of 25 no. 2-bed, 6 no. 3-bed and 5 no. 4-bed houses (36 dwellings in total), with associated off street parking, private gardens, communal amenity space, children's play area and landscaping.
<b>DECISION:</b>	Refuse Permission

**Click on the link below to view related plans and documents for this case:**

[http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=559340](http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=559340)

**REASON FOR REFUSAL**

- 1 The site is considered to be unsustainable in respect of proximity to shops, services and facilities. The new dwelling houses are not readily accessible by sustainable means of transport or provide safe and convenient access to pedestrian and cyclists. Future residents of the dwellings would therefore be heavily dependent on the use of private cars which is contrary to local policies CP1, CP3, ST1, ST2 and ST3 of the Adopted Local Plan and Alterations and the National Planning Policy Framework.
- 2 The proposal constitutes inappropriate development in the Metropolitan Green Belt for which planning permission should not be granted, save in very special circumstances. In addition to the harm by reason of its inappropriateness, the proposed development would also be detrimental to the open character of the Green Belt in this location and would cause harm to the visual amenity of the area. The applicant has failed to demonstrate that other considerations clearly outweigh that identified harm to the Green Belt and, as such, the proposed development is therefore contrary to Government guidance contained within the National Planning Policy Framework and saved policies GB2A and GB7A of the adopted Local Plan and Alterations.
- 3 The site is within the area identified in the Epping Forest District Local Plan as Metropolitan Green Belt. The proposed dwelling houses are materially greater in size and scale than that of the buildings that they are proposed to replace particularly in relation to their bulk, massing and height and the developed area extends on to currently undeveloped open land. The proposal would therefore result in undue intensification of built development at the site that would unduly diminish the rural character and the openness of the green belt and thus not accord with the aims and objectives of including land within the green belt. No adequate very special circumstances have been demonstrated by the applicant to outweigh the significant

harm of the development to the Green Belt. The proposal is contrary to policies CP2, GB2A and GB7A of the Adopted Local Plan and Alterations and the National Planning Policy Framework.

- 4 The proposal fails to provide on site affordable housing despite such provision being financially viable and the site being suitable for such development, as such the development is contrary to policies H5A, H6A, and H7A of the Adopted Local Plan and Alterations and Para 50 of the NPPF.
- 5 The proposed development is of a design, scale, layout and form that is out of character with the local area and detracts from local distinctiveness contrary to policies CP2, CP3, DBe1, DBE4 and DBE5 of the Adopted Local Plan and Alterations and the National Planning Policy Framework.
- 6 The proposed development has failed to adequately demonstrate sufficient retention of landscaping particularly protected trees along the site access due to conflicting supporting documentation supplied. The development is therefore contrary to policy LL10 of the Adopted Local Plan and Alterations and the National Planning Policy Framework.
- 7 The proposed development would result in significant adverse impact when viewed from the surrounding countryside to the detriment of the character of the rural landscape and contrary to the aims and objectives of policy LL2 of the Adopted Local Plan and Alterations and the National Planning Policy Framework.
- 8 The applicant has failed to make adequate provision for the retention of the existing public right of way through the site to the detriment of local amenities, contrary to CP2, RST2 and RST3 of the Adopted Local Plans and Alterations and the National Planning Policy Framework.

## **WAY FORWARD**

Members considered that a scheme which provided affordable housing, reduced the number of dwellings on the site, and improved the design of the buildings to reflect a rural vernacular with less prominent parking may overcome some of the reasons for refusal.

**Report Item No: 2**

<b>APPLICATION No:</b>	EPF/2369/14
<b>SITE ADDRESS:</b>	Netherhouse Farm Sewardstone Road Waltham Abbey Essex E4 7RJ
<b>PARISH:</b>	Waltham Abbey
<b>WARD:</b>	Waltham Abbey High Beach
<b>DESCRIPTION OF PROPOSAL:</b>	The conversion and redevelopment of existing redundant commercial buildings to provide 21 new residential dwellings, 10 of which to be affordable units.
<b>DECISION:</b>	WITHDRAWN

[http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=569211](http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=569211)

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 4093/PA/01, 4093/PA/02, 4093/PA/03, 4093/PA/04, 4093/PA/05, 4093/PA/06, 4093/PA/07, 4093/PA/08, 4093/PA/09, 4093/PA/10, 4093/PA/11, 4093/PA/12a, 4093/PA/13c, 4093/PA/14a, 4093/PA/15a, 4093/PA/16b, 4093/PA/17a, 4093/PA/18, 4093/PA/19, 4093/PA/20, 4093/PA/21, 4093/PA/22, 4093/PA/23, 4093/PA/24, 4093/PA/25, 4093/PA/26, 4093/PA/27, 4093/PA/28
- 3 No development shall take place until details of foul and surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 4 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other Order revoking, further amending or re-enacting that Order) no extensions or outbuildings generally permitted by virtue of Class A, B, E and D of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 5 No development shall have taken place until samples of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details. For the purposes of this condition, the samples shall only be made available for inspection by the Local Planning Authority at the planning application site itself.

- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 7 The parking and turning areas shown on the approved plan shall be provided prior to the first occupation of the development and shall be retained free of obstruction for the parking of residents and visitors vehicles.
- 8 Prior to first occupation of the development the bellmouth access, as shown in principle on drawing no. 4239/PA/13a, shall be implemented with all details being agreed with the Highway Authority.
- 9 Prior to first occupation of the proposed development, the Developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council.
- 10 Prior to commencement of the development details showing the means to prevent the discharge of surface water from the development onto the highway shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be carried out in its entirety prior to the access becoming operational and shall be retained at all times.
- 11 All recommendations in section 5 of the ecological report submitted by EECOS shall be followed, including any required survey works and any subsequent mitigations or biological enhancements recommended within this submitted report or any further surveys or reports.
- 12 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition

that follows]

- 13 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]
- 14 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 15 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 16 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.

- 17 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 18 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.
- 19 Prior to occupation of the dwellings hereby approved details of the proposed bin stores, cycle parking and any proposed play equipment located within the 'play area' shall be submitted to and approved in writing by the Local Planning Authority. The approved structures shall be erected in accordance with the approved details prior to occupation of the dwellings and retained thereafter for their specific purposes.
- 20 Prior to occupation of the dwellings hereby approved Secured by Design certification shall be achieved on all units.
- 21 Prior to works commencing, boundary treatment to be agreed.

**And the completion by the 8<sup>th</sup> April 2015 (unless otherwise agreed by Planning Performance Agreement) of a legal agreement under section 106 of the Town and Country Planning Act to secure a financial contribution of £69,785 towards the provision of early years, childcare and the primary school provision (index linked to April 2014 costs) along with securing 50% affordable housing and the provision of highways works. In the event that the developer/applicant fails to complete a Section 106 Agreement within the stated time period, Members delegate authority to officers to refuse planning permission on the basis that the proposed development would not comply with Local Plan policies regarding the provision of affordable housing and that it would cause harm to local education services and to the capacity of existing transport services by generating additional demand that cannot be accommodated within existing capacity.**

**Report Item No: 4**

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 3447/1, 1, 2, 3, 4 Rev: A, 5 Rev:A, 6 Rev: B
- 3 Materials to be used for the external finishes of the proposed development shall match those specified within the submitted application, unless otherwise agreed in writing by the Local Planning Authority.
- 4 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 5 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other Order revoking, further amending or re-enacting that Order) no extension or outbuildings generally permitted by virtue of Class A, B, D and E of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for

planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.

- 7 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 8 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]
- 9 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the

intended use of the land after remediation.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]

- 10 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 11 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 12 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 13 None of the development hereby approved shall be used as holiday lets.
