The Committee resolved to recommend the grant of planning permission subject to a number of conditions as they were of the opinion that the flood risk on this site was minimal due to its location, use and the surrounding land uses, and any flood risk could be managed by the appropriate condition. The case is now referred to the National Casework Unit as it is for a major development in a Flood Zone 2 area”.

[http://planpub.eppingforestdc.gov.uk/NIM\\_websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=573333](http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=573333)

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 No development shall have taken place until samples of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details. For the purposes of this condition, the samples shall only be made available for inspection by the Local Planning Authority at the planning application site itself.
- 3 Further details of the metalwork of the fire escape, and of the proposed door opening to the roof of the building, including the door itself and the extension to the roof accommodating the doorway submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development.
- 4 Notwithstanding what is shown on the drawings hereby approved, details of security measures to stop access onto the roof of the extension of the adjacent museum shall be submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development.
- 5 The proposed fire escape door shall be outward opening only and be fitted with an alarm. Details of the alarm to be agreed in writing with the Local Planning Authority prior to the installation of the stairs

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 No development shall have taken place until samples of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details. For the purposes of this condition, the samples shall only be made available for inspection by the Local Planning Authority at the planning application site itself.
- 3 No development shall take place until details of foul and surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 4 Prior to the commencement of any works a Phase I Habitat Survey must be submitted to EFDC. Should the survey reveal the likely presence of any European Protected Species, or their breeding sites or resting places, then protected species surveys need to be carried out. These surveys should also be submitted to EFDC. Should the protected species surveys reveal the presence of protected species, or their breeding sites or resting places on the site, then a detailed mitigation strategy must be written in accordance with any guidelines available from Natural England (or other relevant body) and submitted to EFDC. In some cases a European Protected Species Licence may be required from Natural England. All works shall then proceed in accordance with the approved strategy with any amendments agreed in writing.
- 5 Additional drawings that show details of proposed new windows and doors by section and elevation at scales between 1:20 and 1:1 as appropriate, shall be submitted to and approved by the LPA in writing prior to the commencement of any works.
