

## ***Report to Area Plans Sub-Committee***

***Date of meeting: East – 15 July 2015***

**Subject: Probity in Planning – Appeal Decisions, 1 October 2014 to 31 March 2015**

**Officer contact for further information: Nigel Richardson (01992 564110).  
Democratic Services Officer: Adrian Hendry (01992 564342)**

### **Recommendation:**

**That the Planning Appeal Decisions be noted.**

### **Report Detail:**

#### **Background**

1. (Director of Governance) In compliance with the recommendation of the District Auditor, this report advises the decision-making committees of the results of all successful allowed appeals (i.e. particularly those refused by committee contrary to officer recommendation).
2. The purpose is to inform the committee of the consequences of their decisions in this respect and, in cases where the refusal is found to be unsupportable on planning grounds, an award of costs may be made against the Council.
3. Since 2011/12, there have been two local indicators, one of which measures all planning application type appeals as a result of committee reversals of officer recommendations (GOV08) and the other which measures the performance of officer recommendations and delegated decisions (GOV07).

#### **Performance**

4. Over the six-month period between 1 October 2014 and 31 March 2015, the Council received 40 decisions on appeals (38 of which were planning related appeals, the other 2 were enforcement related).
5. GOV07 and 08 measure planning application decisions and out of a total of 38, 14 were allowed (36.8%). Broken down further, GOV07 performance was 6 out of 29 allowed (20.68%) including one part-allowed/part-dismissed and GOV08 performance was 8 out of 9 (88.88%), although out of this 8, one was part-allowed/ part-dismissed.

#### **Planning Appeals**

6. Out of the planning appeals that arose from decisions of the committees to refuse contrary to the recommendation put to them by officers during the 6-month period, the Council was not successful in sustaining the committee's objection in the following cases:

## COMMITTEE REVERSALS - APPEALS ALLOWED:

7	EPF/2322/13	Replacement dwelling	44 Hoe Lane Abridge
8	EPF/2610/13	Lighting to Tennis Court	Theydon Bois Tennis Club, Sidney Rd.

7. Whilst the appeal performance for GOV08, committee reversals, was somewhat over the target of 50%, it is appreciated that these are generally contentious applications which are on-balance recommendations. If Members have concerns, they can try and discuss any planning issues they may have before each meeting by making the most of the officer contact at the end of each report. The committees are urged to continue to heed the advice that if they are considering setting aside the officer's recommendation it should only be in cases where members are certain they are acting in the wider public interest and where the committee officer can give a good indication of some success at defending the decision. There was one case where the committee was successful:

## COMMITTEE REVERSALS - APPEALS DISMISSED:

### District Development Control Committee

EPF/1996/12	Part retrospective application for the change of use of land to include stationing of caravans for occupation by gypsy-traveller family with new access, fencing, gates, hardstanding, utility block and cess pool/septic tank.	Valley View Curtis Mill Lane Stapleford Abbots
-------------	---	--

8. Out of 2 **ENFORCEMENT NOTICE APPEALS** decided, 1 was dismissed and the other

quashed because it did not require planning permission. These are as follows:

#### **Dismissed**

<b>ENF/0447/12</b>	Change of use of land to include stationing of Caravans for occupation by gypsy-traveller family with new access, fencing, gates, hardstanding, utility block and cess pool/septic tank.	Valley View Curtis Mill Lane Stapleford Abbots
--------------------	--	--

#### **Quashed**

<b>ENF/0289/13</b>	Fence adjacent to a road over 1 metre high	41 The Gables, Ongar
--------------------	--	----------------------

#### **Costs**

9. During this period, no costs were awarded and concluded, against the Council.

#### **Conclusions**

11. Whilst performance in defending appeals at 36.8% appears high, there is no national comparison of authority performance. Members are reminded that in refusing planning permission there needs to be justified reasons that in each case must be not only relevant and necessary, but also sound and defensible so as to avoid paying costs. This is more important now than ever given a Planning Inspector or the Secretary of State can award costs, even if neither side has made an application for them. Whilst there is clearly pressure on Members to refuse in cases where there are objections from local residents, these views (and only when they are related to the planning issues of the case) are one of a number of relevant issues to balance out in order to understand the merits of the particular development being applied for.

12. Finally, at a previous request from Planning Services Scrutiny Standing Panel, appended to this report are the 9 appeal decision letters, which are the result of Members reversing the planning officer's recommendation (and therefore refusing planning permission) at planning committees, 1 of which was dismissed and therefore refused planning permission.
