

Report Item No: 1

APPLICATION No:	EPF/0653/16
SITE ADDRESS:	105 Manor Road & 281 Fencepiece Road Chigwell Essex IG7 5PN
PARISH:	Chigwell
WARD:	Grange Hill
DESCRIPTION OF PROPOSAL:	Demolition of the existing 2 no. detached dwellings and the redevelopment of the site to provide 11 no. flats within a part 2, part 3 and part 4 storey building with associated basement car/cycle parking and landscaping.
DECISION:	Refuse Permission

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=583235

REASONS FOR REFUSAL

- 1 By reason of its height, bulk, siting on high ground and projection beyond of the rear wall of the house at 279 Fencepiece Road, the proposed building would appear excessively over-dominant in relation to 277 and 279 Fencepiece Road and would appear excessively overbearing when seen from the rear gardens of those houses. As a consequence the building would amount to an over-development of the site that is harmful the street scene of this part of Fencepiece Road, to the detriment of the character and appearance of the locality. It would also cause significant harm to the amenities of the occupants of neighbouring dwellings to the south of the site, particularly those of 277 and 279 Fencepiece Road. The proposal is therefore contrary to Local Plan and Alterations policies CP2(iv), CP7, DBE1, DBE2 and DBE9, which are consistent with the National Planning Policy Framework.
- 2 By reason of a significant under-provision of off-street parking spaces, well below the minimum specified for new residential development in the Essex County Council "Parking Standards: Design and Good Practice Guide" 2009, and by reason of the intensification of vehicles accessing the site adjacent to the junction of Fencepiece Road, Manor Road and Hainault Road, the proposal is likely to create conditions prejudicial to the interests of highway safety and to the efficiency of the junction. The proposal is therefore contrary to Local Plan and Alterations policies ST4(ii & iii) and ST6, which are consistent with the National Planning Policy Framework.

Way Forward

Members considered it may be possible to address their concerns through reconsidering the scale of development proposed at the site to achieve a more harmonious visual relationship with 277

and 279 Fencepiece Road, to ensure compliance with the Essex County Council "Parking Standards: Design and Good Practice Guide" 2009 and to include a safety audit of the access arrangements for the proposal together with evidence demonstrating no harm to the efficiency of the junction of Fencepiece Road, Manor Road and Hainault Road as supporting information for any subsequent application.

Design and Access Statement

- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.

- 4 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no extensions or enlargements

to the roofs of the houses generally permitted by virtue of Classes A and B of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.

- 5 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no window or other opening other than shown on the approved plans shall be created on any flank wall without the prior written permission of the Local Planning Authority.
- 6 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 7 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 8 No development shall take place until a schedule of landscape maintenance for a minimum period of five years has been submitted to and approved in writing by the Local Planning Authority. The schedule shall include details of the arrangements for its implementation. The landscape maintenance plan shall be carried out in accordance with the approved schedule.
- 9 No development shall take place until details of the proposed surface materials for the parking areas for the houses and common vehicular driveway have been submitted to and approved in writing by the Local Planning Authority. The agreed surfacing shall be made of porous materials and retained thereafter or provision shall be made and retained thereafter to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the property. The agreed surface treatment shall be completed prior to the first occupation of the development or within 1 year of the substantial completion of the development

hereby approved, whichever occurs first.

10 Gates shall not be erected on the vehicular access to the site without the prior written approval of the Local Planning Authority.

11 The proposed use of this site has been identified as being particularly vulnerable if land contamination is present, despite no specific former potentially contaminating uses having been identified for this site.

Should any discoloured or odorous soils be encountered during development works or should any hazardous materials or significant quantities of non-soil forming materials be found, then all development works should be stopped, the Local Planning Authority contacted and a scheme to investigate the risks and / or the adoption of any required remedial measures be submitted to, agreed and approved in writing by the Local Planning Authority prior to the recommencement of development works.

Following the completion of development works and prior to the first occupation of the site, sufficient information must be submitted to demonstrate that any required remedial measures were satisfactorily implemented or confirmation provided that no unexpected contamination was encountered.

12 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.

13 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

14 All material excavated from the below ground works hereby approved shall be removed from the site unless otherwise agreed in writing by the Local Planning Authority.

15 The refuse storage facility shown on the approved plans shall be completed prior to the first occupation of the development and shall thereafter be retained free of obstruction and used for the storage of refuse and recycling only and for no other purpose, unless otherwise agreed in writing by the Local Planning Authority.

16 There shall be no discharge of surface water onto the Highway.

17

No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed at the site. The installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.

Report Item No: 3

APPLICATION No:	EPF/0439/16
SITE ADDRESS:	51 High Road Loughton Essex IG10 4JE
PARISH:	Loughton
WARD:	Loughton Forest
DESCRIPTION OF PROPOSAL:	Two-storey rear extension and rearward extension of roof. Conversion to two 2-bed and one 1-bed flats.
DECISION:	Grant Permission (With Conditions)

CONDITIONS

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos:
Site location plan, drawing FMY_001
FMY_800
FMY_100
FMY_200
Design and Access Statement
- 3 Prior to first occupation of either the first floor flat or the second floor flat, the proposed window openings in the eastern flank elevation above ground floor shall be entirely fitted with obscured glass and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
- 4 Materials to be used for the external finishes of the flats shall match those of the existing house, unless otherwise agreed in writing by the Local Planning Authority.
- 5 Prior to first occupation of the development, the access, vehicle parking and turning area as indicated on the approved plans shall be provided, hard surfaced, sealed and marked out. The access, parking and turning area shall be retained in perpetuity for their intended purpose.

- 6 Prior to first occupation of the development, the existing redundant dropped kerbs shall be fully reinstated to full height kerbing and footway.
- 7 Prior to first occupation of the development, the Developer shall be responsible for the provision and implementation - per dwelling - of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council, to include six one day travel vouchers for use with the relevant local public transport operator.
- 8 There shall be no discharge of surface water onto the highway.
- 9 No development shall take place until details of surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 10 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 11 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 12 The development hereby approved shall not be commenced until details of the means to control noise and vibration transmission between the proposed flats have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.
