Members referred this application to District Development Management Committee with a recommendation that planning permission be refused for the following reason:

By reason of the loss of 11 let garages and the failure of the proposal to make appropriate alternative provision for off-street car parking within the locality, the proposal is likely to exacerbate parking stress in the locality to the detriment of its character and residential amenities. Accordingly, the proposal is an unsustainable form of development, contrary to policies CP3(v) and DBE2 of the Local Plan and Alterations, which are consistent with the National Planning Policy Framework.

Members referred this application to District Development Management Committee with a recommendation that planning permission be refused for the following reason:

By reason of the loss of 8 let garages and the failure of the proposal to make appropriate alternative provision for off-street car parking within the locality, the proposal is likely to exacerbate parking stress in the locality to the detriment of its character and residential amenities. Accordingly, the proposal is an unsustainable form of development, contrary to policies CP3(v) and DBE2 of the Local Plan and Alterations, which are consistent with the National Planning Policy Framework.

[http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=579994](http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=579994)

**REASONS FOR REFUSAL**

- 1 By reason of its height, siting and design, the proposed dwellinghouses would appear as an overbearing, intrusive and alien form of development that would detract from outlook from adjacent gardens and flats and from the character and appearance of the locality. Accordingly, the proposal is contrary to Local Plan and Alterations policies CP2(v), DBE1, DBE2 and DBE9.
- 2 By reason of the failure of the proposal to make appropriate provision within the locality for the parking of cars displaced from the application site, including informal parking on the accessway and hardstanding adjacent to the garages, the proposal would be likely to exacerbate parking stress in the locality. As a consequence, the proposal would cause harm to the character of the locality and the amenities enjoyed by local residents. Accordingly, the proposal is an unsustainable form of development, contrary to policies CP3(v) and DBE2 of the Local Plan and Alterations, which are consistent with the National Planning Policy Framework.

**Way Forward:**

Members considered a way forward could include reducing the height of the dwellinghouses to single-storey only, designing the reduced height dwellings such that they would appear less intrusive when seen from the adjacent flats and their gardens and ensure their detailed design conformed with the design of other buildings in the locality. Members also considered a revised proposal should include measures to ensure the accessway to the houses is kept clear of vehicles and to provide for all off-street parking displaced from the site.
