**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos.:  
953/SPB/IR/1  
953/SPB/IR/2  
953/SPB/IR/3  
953/SPB/IR/4  
953/SPB/IR/7 revision A  
953/SPB/IR/8 revision A  
953/SPB/IR/9 revision A  
953/SPB/IR/10 revision A  
953/SPB/IR/11  
953/SPB/IR/12 revision A  
Preliminary drainage and SuDS strategy and calculations
- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
- 4 No works shall take place until a detailed surface water drainage scheme for the site, based on sustainable drainage principles and an assessment of the hydrological and hydro geological context of the development, has been submitted to and approved in writing by the local planning authority. The scheme shall subsequently be implemented prior to occupation and should include but not be limited to:

infiltration tests in line with BRE365  
calculation of the brownfield runoff rate and demonstration of 50% betterment  
details of SuDS features to provide the required storage up to a 1 in 100 plus climate  
change in line with current best practice (new allowances 19th February 2016 unless  
demonstrated to be inappropriate)  
demonstrate compliance with the treatment indices approach in The CIRIA SuDS  
Manual C753  
Evidence of the right to connect into the sewer if necessary

- 5 No works shall take place until a scheme to minimise flood risk of offsite flooding caused by surface water runoff and groundwater during construction works has been submitted to, and approved in writing by, the local planning authority. The scheme shall subsequently be implemented. The scheme shall be implemented as approved.
- 6 No works shall take place until a Maintenance Plan detailing the maintenance arrangements including who is responsible for different elements of the surface water drainage system and the maintenance activities/frequencies, has been submitted to and agreed, in writing, by the Local Planning Authority.
- 7 The applicant or any successor in title must maintain yearly logs of maintenance which should be carried out in accordance with any approved Maintenance Plan. These must be available for inspection upon a request by the Local Planning Authority.
- 8 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 9 No development shall take place until details of foul water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 10 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]

- 11 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]
- 12 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 13 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 14 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.

- 15 No piling shall take place until a piling method statement (detailing the depth and type of piling to be undertaken and the methodology by which such piling will be carried out, including measures to prevent and minimise the potential for damage to subsurface sewerage infrastructure, and the programme for the works) has been submitted to and approved in writing by the local planning authority in consultation with Thames Water. Any piling must be undertaken in accordance with the terms of the approved piling method statement.
- 16 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 17 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.
- 18 The parking area shown on the approved plan shall be provided prior to the first occupation of the development and shall be retained free of obstruction for the parking of motor vehicles used by the occupiers of the development hereby permitted, Diggins Court and Vanryn House and/or their visitors.
- 19 The refuse storage facility shown on the approved plans shall be completed prior to the first occupation of the development and shall thereafter be retained free of obstruction and used for the storage of refuse and recycling only and for no other purpose, unless otherwise agreed in writing by the Local Planning Authority.
- 20 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
1. The parking of vehicles of site operatives and visitors
  2. Loading and unloading of plant and materials
  3. Storage of plant and materials used in constructing the development
  4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
  5. Measures to control the emission of dust and dirt during construction, including wheel washing.
  6. A scheme for recycling/disposing of waste resulting from demolition and

construction works.

- 21 The headroom in the internal parking area of the development hereby permitted shall not be less than 2.5 metres, which dimensions shall be clear of any encroachments such as pipes, trunking and vents.
- 22 There shall be no obstruction to vehicular traffic crossing the site between the High Road and Wesley Hall, Loughton Methodist Church and Vanryne House at any time during the construction of the development hereby approved and thereafter.
- 23 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

**Report Item No: 2**

<b>APPLICATION No:</b>	EPF/0143/16
<b>SITE ADDRESS:</b>	46 Meadow Way Chigwell Essex IG7 6LR
<b>PARISH:</b>	Chigwell
<b>WARD:</b>	Chigwell Village
<b>DESCRIPTION OF PROPOSAL:</b>	Conversion of house into two semi-detached houses. Sub-division/reduction of plot. Alterations to roof. Rear extension. AMENDED PLAN
<b>DECISION:</b>	Refuse Permission

**Click on the link below to view related plans and documents for this case:**

[http://planpub.eppingforestdc.gov.uk/NIM\\_websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=582016](http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=582016)

**REASONS FOR REFUSAL**

- 1 The proposed subdivision of the house to provide two houses and proposed subdivision of the curtilage of the existing house would result in the creation of a pair of semi-detached houses with disproportionately small gardens and a significant area of land excluded from the curtilage of any house. The form of development would not be consistent with the character and appearance of the locality, which comprises of substantial detached houses with gardens proportionate to the size of the houses, and does not include residential garden separated from the curtilage of a house. As a consequence, the proposal would appear incongruous within its setting and fail to safeguard the character and appearance of the locality. Moreover, the separation of approximately one third of the existing rear garden from the curtilage of the existing house is likely to create conditions leading to further development of the land that is likely to exacerbate the harm caused to the character and appearance of the locality. Accordingly, the proposal is contrary to Local Plan and Alterations policies CP2(iv), CP3(v), CP7 and DBE11(i), which are consistent with the National Planning Policy Framework.

*Way forward:*

Members gave consideration to whether there was a way forward for the development but concluded that the existing house should remain a single dwellinghouse.

**Report Item No: 3**

<b>APPLICATION No:</b>	EPF/0410/16
<b>SITE ADDRESS:</b>	Woodlands 152 High Road Chigwell Essex IG7 5BQ
<b>PARISH:</b>	Chigwell
<b>WARD:</b>	Chigwell Village
<b>DESCRIPTION OF PROPOSAL:</b>	Demolition of existing dwelling and the erection of a replacement building of five apartments, consisting of four two-bedroom apartments and a three-bedroom apartment, with basement car parking accessed by car lift. New house, at position of tennis court, as approved by EPF/2446/15.
<b>DECISION:</b>	Grant Permission (With Conditions)

**Click on the link below to view related plans and documents for this case:**

[http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=582616](http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=582616)

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
  
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos:  
152 HR/E/01  
152 HR/E/02  
152 HR/E/04  
152 HR/E/05  
152 HR/E/06  
152 HR/P/03  
152 HR/P/04  
152 HR/P/05  
152 HR/P/06  
152 HR/P/07  
152 HR/P/08  
152 HR/P/09
  
- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.

- 4 The refuse storage facility shown on the approved plans shall be completed prior to the first occupation of the development and shall thereafter be retained free of obstruction and used for the storage of refuse and recycling only and for no other purpose, unless otherwise agreed in writing by the Local Planning Authority.
- 5 The parking area and its means of vehicular access thereto shown on the approved plan shall be provided prior to the first occupation of any of the five apartments hereby approved and shall be retained free of obstruction for the parking of residents and visitors vehicles.
- 6 Prior to first occupation of the new house in the position of the tennis court, the proposed window openings above the ground floor in the northeastern flank elevation shall be entirely fitted with obscured glass and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
- 7 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no extension or roof enlargement to the new dwellinghouse, in the position of the tennis court, generally permitted by virtue of Classes A and B of Part 1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 8 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 9 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 10 All material excavated from the below ground works hereby approved shall be removed from the site unless otherwise agreed in writing by the Local Planning Authority.

- 11 No development, including works of demolition or site clearance, shall take place until driveway details have been submitted to the Local Planning Authority and approved in writing. These shall consist of an above ground, no dig construction with a porous finish and include an Arboricultural supervision timetable. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
- 12 No trenches or pipe runs for services and drains required to service the development hereby approved shall be cut or laid otherwise than in accordance with BS5837:2012 (Trees in relation to design, demolition and construction – Recommendations), except with the approval of the local planning authority.
- 13 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tools. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 14 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 15 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 16 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 17 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 18 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 19 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
1. The parking of vehicles of site operatives and visitors
  2. Loading and unloading of plant and materials
  3. Storage of plant and materials used in constructing the development
  4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
  5. Measures to control the emission of dust and dirt during construction, including wheel washing.
  6. A scheme for recycling/disposing of waste resulting from demolition and construction works.
- 20 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

**Report Item No: 4**

<b>APPLICATION No:</b>	EPF/0453/16
<b>SITE ADDRESS:</b>	19 Kenilworth Gardens Loughton Essex IG10 3AG
<b>PARISH:</b>	Loughton
<b>WARD:</b>	Loughton Roding
<b>DESCRIPTION OF PROPOSAL:</b>	Two storey dwelling on site of outbuildings.
<b>DECISION:</b>	Refuse Permission

**Click on the link below to view related plans and documents for this case:**

[http://planpub.eppingforestdc.gov.uk/NIM\\_websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=582739](http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=582739)

**REASONS FOR REFUSAL**

- 1 The proposal, by reason of its height, depth and proximity to the rear of 4 Catherine Close would appear excessively overbearing when seen from the conservatory and adjacent rear garden of 4 Catherine Close. For those reasons it would also be likely to cause an excessive loss of light to the conservatory and adjacent rear garden in the mornings. The degree of harm that would therefore be caused by the proposal to the living conditions of 4 Catherine Close is excessive. Accordingly, the proposal is contrary to Local Plan and Alterations policy DBE9, which is consistent with the National Planning Policy Framework.
- 2 The proposal, by reason of its elevated position and siting in very close proximity to the rear garden boundaries of 3, 4 and 5 Catherine Close, is likely to result in excessive overlooking of the rear parts of the gardens of 3 and 4 Catherine Close from first floor rear elevation windows. Due to the short length of the gardens overlooked, the degree of overlooking is likely to result in an excessive loss of privacy to the detriment of the living conditions of 3 and 4 Catherine Close. Accordingly, the proposal is contrary to Local Plan and Alterations policy DBE9, which is consistent with the National Planning Policy Framework.
- 3 By reason of its detached form, relatively narrow width and modest scale together with the relatively narrow width and restricted length of the application site, the proposal would appear at odds with the prevailing pattern of development in the street, which comprises almost entirely of semi-detached houses that are significantly wider than the proposed house. As a consequence, the proposal would appear incongruous within its setting and fail to safeguard the character and appearance of the locality. Accordingly, the proposal is contrary to Local Plan and Alterations policies CP2(iv), CP3(v), CP7 and DBE1, which are consistent with the National Planning Policy Framework.

*Way forward:*

Members did not consider there to be a way forward for the development.

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 Prior to the commencement of development, a full noise survey shall be carried out to establish which noise category the proposed flats fall into. A scheme for protecting the dwellings from noise shall be submitted to and agreed in writing by the Local Planning Authority for any dwelling that falls into NEC B and C, or bedrooms likely to be exposed to noise levels that do not meet the reasonable resting/sleeping conditions specified in British Standard BS8233: 1999 - Sound insulation and noise reduction for buildings - code of practice. The approved works shall be implemented before occupation of the building.
- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
- 4 Notwithstanding the details shown on the approved plans, prior to the commencement of development details of the refuse and recycling storage area incorporating separate refuse and recycling for residential and commercial uses shall be submitted to and approved by the local planning authority. The works as agreed shall be fully implemented and available for use prior to first occupation of any residential unit within the development.
- 5 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed at the site.

The installed cleaning facilities shall be used to clean vehicles wheels immediately before leaving the site.

- 6 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 7 Prior to the first occupation of the development the vehicle parking and turning areas as indicated on the approved plans shall be provided, hard surfaced, sealed and marked out. The parking and turning areas shall be retained in perpetuity for their intended purpose.
- 8 Prior to first occupation of the proposed development, the Developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council, to include six one day travel vouchers for use with the relevant local public transport operator.
- 9 The cycle stores shown on the approved plan shall be fully installed prior to first occupation of the residential units hereby permitted and shall thereafter be made permanently available for use by occupants of the residential units.
- 10 There shall be no increase in the roof terraces at fourth floor level without prior consent from the local planning authority.
- 11 The balustrades enclosing the balconies of the flats hereby approved shall be constructed of obscure glass.
- 12 The development hereby approved shall not be commenced until details of the means of service access to the rear elevation of the enlarged ground floor shop premises have been submitted to and approved in writing by the local Planning Authority. The development shall be carried out in accordance with the approved details and the means of service access shall thereafter be permanently retained unless otherwise agreed in writing by the Local Planning Authority.
