CONDITIONS

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 02B, 03B, 04A, 05, 06
- 3 No development shall have taken place until details of the types and colours of the external finishes, including doors, windows and render, have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details.
- 4 No development shall take place until details of foul and surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.
- 5 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above

and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.

- 6 Prior to the first occupation of the development the visibility splays, vehicle parking and turning areas as indicated on the approved plans shall be provided, hard surfaced, sealed and marked out. The visibility splays, parking and turning areas shall be retained in perpetuity for their intended purpose.
- 7 No development, including works of demolition or site clearance, shall take place until details of the retained landscaping (trees / hedges) and their methods of protection (in accordance with BS5837:2012 -Trees in relation to design, demolition and construction - Recommendations) have been submitted to and approved in writing by the Local Planning Authority. The development shall only be carried out in accordance with the approved details unless the Local Planning Authority gives its written consent to any variation.
- 8 Prior to first occupation of the development the proposed vehicular access shall be constructed at right angles to the highway boundary and to the existing carriageway. The width of the access at its junction with the highway shall not be less than 3 metres and shall be provided with an appropriate dropped kerb vehicular crossing of the footway.
- 9 Prior to the first occupation of the development the existing private access shall be constructed to a minimum width of 5 metres for at least the first 6 metres from the back edge of the carriageway and provided with an appropriate dropped kerb crossing of the footway/verge.
- 10 No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.
- 11 Any gates provided at the vehicular access shall be inward opening only and shall be set back a minimum of 6 metres from the back edge of the carriageway.
- 12 There shall be no discharge of surface water onto the Highway.
- 13 The development shall be carried out in accordance with the recommendations as laid out within the Preliminary Phase 1 Habitat Survey undertaken by t4 ecology Ltd (May 2016).

14 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tool. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.

15 The proposed use of this site has been identified as being particularly vulnerable if land contamination is present, despite no specific former potentially contaminating uses having been identified for this site.

Should any discoloured or odorous soils be encountered during development works or should any hazardous materials or significant quantities of non-soil forming materials be found, then all development works should be stopped, the Local Planning Authority contacted and a scheme to investigate the risks and / or the adoption of any required remedial measures be submitted to, agreed and approved in writing by the Local Planning Authority prior to the recommencement of development works.

Following the completion of development works and prior to the first occupation of the site, sufficient information must be submitted to demonstrate that any required remedial measures were satisfactorily implemented or confirmation provided that no unexpected contamination was encountered.

16 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.

17 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.
