APPLICATION No:	EPF/0793/17
SITE ADDRESS:	18 Russell Road Buckhurst Hill Essex IG9 5QJ
PARISH:	Buckhurst Hill
WARD:	Buckhurst Hill West
DESCRIPTION OF PROPOSAL:	Partial demolition of 18 Russell Road and construction of a new two storey replacement side extension, together with the construction of three new dwellings with associated landscaping and car parking.
DECISION:	Refuse Permission

http://planpub.eppingforestdc.gov.uk/NIM_websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=592896

REASONS FOR REFUSAL

- 1 The proposal would result in a cramped form of development on this back land site, which would be out of character with the surrounding area which is characterised by large detached and semi detached properties with large rear gardens. The scheme is therefore contrary to the NPPF and policies CP3, CP7, DBE1 and H3A of the adopted Local Plan and alterations
- 2 The proposal would result in an unacceptable adverse impact on the amenities of the neighbouring properties at No 14, 16 & 20 Russell Road due to the location of the access road and parking /turning areas through overlooking, traffic noise, fumes and disturbance. The scheme is therefore contrary to the NPPF and policies DBE2 and RP5A the adopted Local Plan and alterations
- 3 The proposal would see the partial demolition of 18 Russell Road, which is a non designated heritage asset and its loss would be contrary to the guidance in the National Planning Policy Framework at para 135.

Way Forward

Members of the committee considered that there was no way forward for this site.

Report Item No: 3

APPLICATION No:	EPF/0566/17
SITE ADDRESS:	96 Princes Road Buckhurst Hill Essex IG9 5DZ
PARISH:	Buckhurst Hill
WARD:	Buckhurst Hill West
DESCRIPTION OF PROPOSAL:	Two storey rear extension (revised application to EPF/3050/16 proposing a smaller 5m depth first floor projection).
DECISION:	Refuse Permission (Householder)

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/NIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=592275

REASON FOR REFUSAL

- 1 By reason of its increased depth and width, and position close to the side boundary, the proposed extension will significantly detract from the light and outlook to the neighbouring house at no.94 Princes Road. It would therefore be contrary to policies DBE9 and DBE10 of the adopted Local Plan and Alterations, and contrary to the NPPF.

CONDITIONS

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 05, 06, 07, 08A, 09A, 10 and 11A
- 3 A flood risk assessment and management and maintenance plan shall be submitted to and approved by the Local Planning Authority prior to commencement of development. The assessment shall include calculations of increased run-off and associated volume of storm detention using WinDes or other similar best practice tool. The approved measures shall be carried out prior to the substantial completion of the development and shall be adequately maintained in accordance with the management and maintenance plan.
- 4 No development shall take place until details of levels have been submitted to and approved by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and accessways and landscaped areas. The development shall be carried out in accordance with those approved details.
- 5 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.

- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) for the front garden areas have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; walls fences and other means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 7 The proposed use of this site has been identified as being particularly vulnerable if land contamination is present, despite no specific former potentially contaminating uses having been identified for this site.
- Should any discoloured or odorous soils be encountered during development works or should any hazardous materials or significant quantities of non-soil forming materials be found, then all development works should be stopped, the Local Planning Authority contacted and a scheme to investigate the risks and / or the adoption of any required remedial measures be submitted to, agreed and approved in writing by the Local Planning Authority prior to the recommencement of development works.
- Following the completion of development works and prior to the first occupation of the site, sufficient information must be submitted to demonstrate that any required remedial measures were satisfactorily implemented or confirmation provided that no unexpected contamination was encountered.
- 8 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 9 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed at the site. The installed cleaning facilities shall be used to clean vehicles wheels immediately before leaving the site.
- 10 Prior to first occupation of the development, the vehicular access shall be constructed at right angles to the highway boundary and to the existing carriageway. The width of the access at its junction with the highway shall not be less than 4.1 metres and shall be provided with an appropriate dropped kerb vehicular crossing of the footway.

- 11 Prior to first occupation of the development the existing vehicular access shall be permanently closed incorporating the reinstatement to full height of the footway and kerbing.
- 12 No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.
- 13 No additional windows shall be installed in the side elevations of the buildings hereby permitted (including any at roof level) without prior consent from the local planning authority.
- 14 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended (or any other Order revoking, further amending or re-enacting that Order) no extensions and enlargements of the roof generally permitted by virtue of Classes A and B of Part1 of Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.

CONDITIONS

- 1 The development hereby permitted shall be commenced before the expiration of three years from the date of this permission or two years from the approval of the last of the reserved matters as defined in condition 2 below, whichever is the later.
- 2
 - a) Details of the reserved matters set out below ("the reserved matters") shall be submitted to the Local Planning Authority for approval within three years from the date of this permission:
 - (i) layout;
 - (ii) scale;
 - (iii) appearance;, and
 - (v) landscaping.
 - b) The reserved matters shall be carried out as approved.
 - c) Approval of all reserved matters shall be obtained from the Local Planning Authority in writing before any development is commenced.
- 3 The development hereby permitted will be completed strictly in accordance with the approved drawings no 6009(P) 102 rev A and 6009(p)109 rev B (as it relates to site access):.
- 4 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline

remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 5 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 6 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
- 7 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 8 An assessment of flood risk, focussing on surface water drainage, shall be submitted to and approved by the Local Planning Authority prior to commencement of the development. The assessment shall demonstrate compliance with the principles of Sustainable Drainage Systems (SuDS). The development shall be

carried out and maintained in accordance with the approved details.

- 9 No development shall take place until details of levels have been submitted to and approved by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and accessways and landscaped areas. The development shall be carried out in accordance with those approved details.
- 10 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
 1. The parking of vehicles of site operatives and visitors
 2. Loading and unloading of plant and materials
 3. Storage of plant and materials used in constructing the development
 4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
 5. Measures to control the emission of dust and dirt during construction, including wheel washing.
 6. A scheme for recycling/disposing of waste resulting from demolition and construction works.
- 11 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 12 No construction works above ground level shall take place until documentary and photographic details, including samples where required of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing. The development shall be implemented in accordance with such approved details.
- 13 Prior to the commencement of the development, details of all walls, fences gates and other means of enclosure, and including where practical retention of existing boundary walls, shall be submitted to and approved by the Local Planning Authority. The works as agreed shall be fully implemented prior to first occupation of the

development. No further gates or means of enclosure shall thereafter be added without prior consent from the Local Planning Authority.

- 14 Prior to the commencement of development, details of all external lighting to be installed on buildings and within the site shall be submitted to and approved by the Local Planning Authority/ The works as agreed shall be fully implemented prior to first occupation of the development.
- 15 Prior to the commencement of development and notwithstanding any details shown on the submitted plans, details of the layout and finishes of the refuse storage facilities shall be submitted to and approved by the Local Planning Authority. The works as agreed shall be completed prior to first occupation of the development and thereafter retained free from obstruction solely for the storage of refuse and recyclable materials and for no other purpose.
- 16 Prior to the commencement of the development, details of the siting and design, including security measures of a cycle store with capacity for a minimum of 10 bicycles shall be submitted to and approved by the Local Planning Authority. The works as agreed shall be fully implemented prior to first occupation of the development and thereafter retained for use by residents of the site.
- 17 All parking spaces and turning areas shall accord with the adopted Essex County Council Revised Parking Standards (2009). Details of measures to secure such compliance shall be submitted to and approved by the Local Planning Authority prior to works to construct any parking area commencing. The works as agreed shall be completed prior to first occupation and thereafter retained for residents parking.
- 18 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 19 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed at the site. The installed cleaning facilities shall be used to clean vehicles wheels immediately before leaving the site.
- 20 Prior to first occupation of the development the existing redundant vehicular dropped kerb crossing shall be fully reinstated to full height kerbing and footway.
- 21 Prior to first occupation of the proposed development, the Developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council, to include six one day travel vouchers for use with the relevant local public transport operator.

- 22 There shall be no discharge of surface water onto the Highway.

- 23 Any external amenity area at ground floor shall remain available for use by all residents and shall not be enclosed or sub-divided to limit or prevent access thereto for any resident unless otherwise agreed in writing by the local planning authority.

- 24 No meter boxes, vents, grilles or ducting shall be fixed to the fabric of the building without the prior written approval of the Local Planning Authority.

REASONS FOR REFUSAL

- 1 The proposed screens on No1 and No3 decking areas, due to their position and height, would have an unacceptable adverse impact on the amenities on the occupants of no 72, 74, 76 and 78 Walnut Way as they would be visually intrusive and overbearing. The scheme is therefore contrary to the NPPF and policies DBE 9 & 10 of the adopted Local Plan and alterations.
- 2 The proposed screens on No1 and No3 decking areas, due to their position and height, would have an unacceptable adverse impact on the amenities on the occupants of No 1 and No 3 Station Way as they would be visually intrusive and oppressive to the living conditions of the occupants. The scheme is therefore contrary to the NPPF and policy 10 of the adopted Local Plan and alterations

Way Forward

Members suggested a way forward is to remove the decking and install steps with appropriate screening.
