Dear Ms Owen

We have received the enclosed letter from the applicant's solicitor.
We cannot attend the hearing and would like to pass you some comments:

- there is no difference in noise level between live and recorded music;
- if the Chef leaves someone else may live above the restaurant so the argument re the child is not really valid;
- alcohol will still be served at the end of our garden every day until 10.30pm. This means we will never have quiet enjoyment of our garden;
- we are concerned about everyone smoking at the rear of our property i.e. backing on to our garden;
- the divorce of the applicant is a private matter which is completely irrelevant to the issues raised.

Best wishes
Caroline Maignen
