

YES Moreton, Bobbingworth and The Lavers (MBL) Parish Council Community Governance Review

Case	Comments	Address
66	73 Transferring the houses on the Southern side of Matching Green to Matching? This would create 3 wards in MBL of more equal numbers.	Matching Green
67	74 We have seen a letter proposing that Matching Green should be in one Parish. We support this proposal, in particular to support the conservation of The Green and the funding required to do this. We do however wish to remain within Epping Forest District Council	Matching Green.
68	75 We are in High Laver ward yet halfway down the road the postal address changes to Harlow CM171. Why are not all of The Lavers included in Ongar postcode CM5 to avoid confusion!	Threshers Bush High Laver
69	76	Magdalen Laver
70	78 Happy with proposed changes - no desire to join Matching Green Parish	Matching Green
71	79 DUPLICATE RESPONSE	
	80	Threshers Bush
	81 There is a land for sale sign for Sworders just as you are coming off the M11 to jct 7 Harlow Could it be removed as it would be worrying if it were sold and then used as a Travellers/Gypsy site as has been done on the right hand side of the M11 travelling towards Bishops Stortford Jct 8	Magdalen Laver
72		
73	82 Would like to see more identity for the Matchings	Matching Green
74	84 Matching Green should be in one parish only silly to have a village in two	Matching Green
75	86 As long term residents of Matching Green we feel that anyone with a Matching address should come under Matching Parish Council. We also feel that Matching School should come under Matching Parish Council not The Lavers. We feel that would make more sense than the present situation	Matching Green
76	87	Matching Green
77	88 No. Thank you for sending this letter	Matching Green
78	89	Little Laver
79	90	High Laver
80	91 The 'yes' answer seem sensible in its own right however, the fact of living 50 yards from Matching Green has for the 30 + year of our residence always caused us to feel part of Matching and not the Lavers. Hence we would have greater interest in a re-drawing of the boundary to give effect to this.	Matching Green
81	92	High Laver
82	95	Magdalen Laver
