	100	Matching Green
84	It is ridiculous that parts of Matching Green are within the MBL Parish Council boundary. they should form part of Matching Parish Council. The residents of Matching Green involved would based on past experience be better represented within mpc. The interests of my residents are rarely considered by MBL PC. On communication MBL PC does not have a parish notice board in Matching Green nor can I find a website in their name how are we supposed to know what is going on?
