Moreton, Bobbingworth and The Lavers (MBL) Parish Council Community Governance Review

Case No	Comments	Address
1		Matching Green
2		Magdalen Laver
3	Living as I do at Perryfield Matching Green I feel that my interests are rarely considered by the Parish Council. If and when the area is extended I shall have no hope of representation from the local area	Matching Green
4	I think that it is ridiculous that the Village of Matching Green is split into two parishes. I am within the MBLPC boundary but frankly don't feel represented. All issues relating to Matching Green seem to be handled to greater effect by Matching Parish Council e.g recent kerbing round the green & the problems caused by the festivities on November 5th. I strongly urge EFDC to make the necessary changes to ensure that Matching Green is represented, in its entirety, by MPC.	Matching Green Essex
5	Matching Green should not be split between MBLPC and Matching Parish Council. One village should have one Parish Council. Houses on the south of Matching Green should be in MPC	Matching Green
6		Matching Green
7	There should be 1 parish council for both Matching Tye and Matching Green. Unfortunately for the few properties that fall under MBL I feel that MPC do nothing for us. Why should Matching C of E School come under MBL Council we have no MBL Parish Council notice boards for our area to keep us informed. MBL refused to curb an area so it would be in keeping with the rest of the Green. MP Council funded it. Is that fair? What has MBL P Council done for the residents of Hull Green Colvers, Perry Fields, nothing. Please consider letting the rest of us join them and care for the Green. Let us be part of the Matching Parish Council	Matching Green

9	We do not support the combining of the three Lavers into one merged 'Lavers Ward' because this will result in the loss of identity, the loss of individual character of each of the three Lavers and their different needs and concerns. The variations in ratio of councillors to residents are rather trifling in our opinion, will never be exactly equal, and do not merit the measure proposed. The present arrangements work well enough. As the saying goes... "If it aint broke, dont fix it."	High Laver Ongar

11	My wife and I strongly believe that our property which is currently in MBLPC should in fact be in the MPC, which would promote a better sense of unity and remove the situation of the village being split into two parishes. As far as we are concerned MBLPC have done little or nothing for Matching Green residents.	Matching Green
