REFUSED

1. The Council cannot be certain beyond reasonable scientific doubt that the proposed development either alone or in combination with other developments within the district will not adversely affect the integrity of the Epping Forest Special Area for Conservation and there are no alternative solutions or imperative reasons of overriding public interest why the proposed development should be permitted. Also, in the absence of an appropriate legal agreement to mitigate such adverse impacts, the proposed development is therefore contrary to Policies DM2 & DM22 of the Local Plan Submission Version 2017, Paragraph 180 of the NPPF 2021, and the requirements of the Habitats Regulations 2017.
2. The proposed development would appear as an incongruous development within this back land location. As a consequence, the proposal fails to respect the character and appearance of the locality, contrary to Policies CP2, CP7 & DBE1 of the adopted Local Plan 1998 & 2006, Policy DM9 of the Local Plan Submission Version 2017, and Paragraphs 126 & 130 of the NPPF 2021
3. The proposed development, by reason of the densification of a single plot with three dwellings, would result in increased vehicle movements to and from the site, to the detriment of highway safety, contrary to Policy ST4 of the adopted Local Plan 1998 & 2006, Policy T1 of the Local Plan Submission Version 2017, and the NPPF 2021.

No Way forward.

REFUSED

- 1 The Council cannot be certain beyond reasonable scientific doubt that the proposed development either alone or in combination with other developments within the district will not adversely affect the integrity of the Epping Forest Special Area for Conservation and there are no alternative solutions or imperative reasons of overriding public interest why the proposed development should be permitted. Also, in the absence of an appropriate legal agreement to mitigate such adverse impacts, the proposed development is therefore contrary to Policies DM2 & DM22 of the Local Plan Submission Version 2017, Paragraph 180 of the NPPF 2021, and the requirements of the Habitats Regulations 2017.

- 2 By reason of the intensification of residential use at the site and cramped nature of the development, infilling an open aspect in an otherwise compact street scene, the proposal would have a poor appearance, harmful to the character and appearance of the locality. Moreover, it would result an inappropriately intense use of the application site within the context of a street already experiencing intense use of on-street parking. The development is therefore likely to be harmful to the character and visual amenities of the locality and amount to an undesirable precedent for permitting similarly harmful development in the surrounding area with the cumulative effect of exacerbating the harmful consequence of the proposal. Accordingly, the proposed development is contrary to Policies CP2 (iv), CP7, DBE1, DBE11 & ST4 of the adopted Local Plan 1998 & 2006, Policy DM9 & T1 of the Local Plan Submission Version 2017, and the NPPF 2021.

No Way forward.

REFUSED

- 1 The proposed development, by virtue of the increased level of development proposed represents an over intensive use of a limited site, demonstrated by the increased scale and bulk of the building which would be out of character with the scale and pattern of development in the surrounding area, and the increased activity including vehicle movements close to a bend in the road. As such the development would be contrary to policies CP7, DBE2, DBE9 and ST4 of the adopted Local Plan and Alterations, policies T1, T2, DM9 and DM10 of the Local Plan Submission Version (2017) and the NPPF.
- 2 The proposed development fails to provide adequate access to the building for all, and in the absence of lift access to the upper flats, the development fails to meet sustainable development and lifetime objectives, contrary to policies CP1, CP6 and CP7 of the adopted Local

Plan and Alterations, policies SP1, H1, DM9 and DM10 of the Local plan Submission Version 2017, and the NPPF.

- 3 In the absence of a completed Section 106 planning obligation the proposed development fails to mitigate against the adverse impact that it will have on the Epping Forest Special Area for Conservation in terms of recreational pressure and air pollution. Failure to secure such mitigation is contrary to policies CP1, CP6 and NC1 of the Epping Forest Local Plan (1998) and Alterations (2006), policies DM 2 and DM 22 of the Epping Forest District Local Plan Submission Version 2017, Paragraph 180 of the NPPF, and the requirements of the Habitats Regulations 2017.
