Case Officer: Ian Ansell

Site Address: Rosario
High Road
Thornwood
Epping
Essex
CM16 6LU

Proposal: Outline Application for proposed demolition of existing buildings followed by comprehensive development of up to 62 new homes (inclusive of 40% onsite affordable housing), landscaping, community orchard, new access, parking and circa 1.9 ha of public open space.

Ward: Epping Lindsey and Thornwood Common

Parish: North Weald Bassett

View Plans: <https://eppingforestdcpr.force.com/pr/s/planning-application/a0h8d000000NySH>

Decision: Approved with Conditions (Subject to s106 Legal Agreement)

Conditions: (32)

- 1 The development hereby permitted shall be commenced before the expiration of three years from the date of this permission or two years from the approval of the last of the reserved matters as defined in condition 2 below, whichever is

the later.

Reason: To comply with the requirements of Section 92 of the Town & Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be designed in accordance with the details set out in the following approved plans: 21006- 01 - 05 inclusive. and 05667-TR-003-P4

Reason: For the avoidance of doubt and to ensure the proposal is built in accordance with the approved plans.

- 3 Prior to commencement of the development, details of the layout, scale and appearance of the building, the means of access thereto and the landscaping of the site (hereinafter called "the reserved matters") shall be submitted to the Local Planning Authority for approval before the expiration of three years from the date of this permission, and the development shall be carried out in accordance with the details so approved.

Reason: To comply with the requirements of Section 92 of the Town & Country Planning Act 1990 (as amended).

- 4 Development shall not commence until the developer has completed a binding agreement with an affordable housing provider agreed by the Council to facilitate delivery of 25 affordable housing units comprising an agreed mix of house types and tenures required by the associated legal agreement accompanying this permission.

Reason: The development requires sufficient safeguards to ensure delivery of the affordable housing element in order to comply with policies H5A - H8A of the adopted Local Plan and Alterations, policies H1 and H2 of the Local Plan Submission Version 2017, and the NPPF 2021.

- 5 Any works which will impact the breeding / resting place of bats, shall not in in any circumstances commence unless the local planning authority has been provided with either:
a) a licence issued by Natural England pursuant to Regulation 55 of The Conservation of Habitats and Species Regulations 2017 (as amended) authorizing the specified activity/development to go ahead; or b) a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence.

Reason: To conserve protected species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998.

- 6 No development shall take place on site unless and until the applicant has secured the implementation of a programme of archaeological mitigation in

accordance with a Written Scheme of Investigation. No development or demolition shall take place other than in accordance with the Written Scheme of Investigation. The development shall not be occupied until the site investigation and post investigation assessment has been completed in accordance with the programme set out in the approved Written Scheme of Investigation, and the provision made for analysis, publication and dissemination of the results and archive deposition has been secured. Confirmation of compliance with the requirements of this condition shall be submitted in writing to the Local Planning Authority prior to occupation of the development hereby approved.

Reason: The site is an Archaeological site where any remains are irreplaceable and are an interest of acknowledged importance which may be highly vulnerable to damage or destruction. Unless the Authority is satisfied that a proper scheme for investigation has been agreed the remains should be left undisturbed, in accordance with policy HC1 of the adopted Local Plan 1998 & 2006, Policy DM of the Local Plan Submission Version 2017, and the NPPF.

- 7 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:

1. The parking of vehicles of site operatives and visitors
2. Loading and unloading of plant and materials
3. Storage of plant and materials used in constructing the development
4. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate
5. Measures to control the emission of dust and dirt during construction. With regards to dust control measures and wheel washing, reference shall be made to the Institute of Air Quality Management (IAQM) best practice Guidance on air quality monitoring in the vicinity of demolition and construction sites and Guidance on the assessment of dust from demolition and construction.
6. A scheme for recycling/disposing of waste resulting from demolition and construction works.

Reason: To limit the impact of the construction work on the living conditions of residents living in close proximity to the site, in accordance with policies RP5A and DBE9 of the adopted Local Plan and Alterations 1998 & 2006, policies DM21 & DM22 of the Local Plan Submission Version 2017, and the NPPF.

- 8 A) No work on any phase of the development (with the exception of demolition works where this is for the reason of making areas of the site available for site investigation), shall commence until an assessment of the risks posed by any contamination within that phase shall have been submitted to and approved in writing by the Local Planning Authority. This assessment must be undertaken by a suitably qualified contaminated land practitioner, in accordance with British Standard BS 10175: Investigation of Potentially Contaminated Sites - Code of Practice and the Environment Agency's Guidelines for the Land Contamination:

Risk Management (LCRM 2020) (or equivalent if replaced), and shall assess any contamination on the site, whether or not it originates on the site. The development shall only be carried out in accordance with the approved details unless the Local Planning Authority gives its written consent to any variation. The assessment shall include: (1) A survey of the extent, scale and nature of contamination and (2) An assessment of the potential risks to: human health; property (existing or proposed) including buildings, crops, livestock, pets, woodland, service lines and pipes; adjoining land; groundwater and surface waters; ecological systems; and archaeological sites and ancient monuments.

B) If following the risk assessment unacceptable risks are identified from land affected by contamination in that phase, no work on any phase of the development shall take place, until a detailed land remediation scheme has been completed. The scheme will be submitted to and approved in writing by the local planning authority. The scheme shall include an appraisal of remediation options, identification of the preferred option(s), the proposed remediation objectives and remediation criteria, and a description and programme of the works to be undertaken including the verification plan. (The remediation scheme shall be sufficiently detailed and thorough to ensure that after remediation, as a minimum, land should not be capable of being determined as contaminated land under Part IIA of the Environmental Protection Act 1990). The development shall only be carried out in accordance with the approved scheme. Following the completion of the remediation works and prior to the first occupation of the development, a verification report by a suitably qualified contaminated land practitioner shall be submitted to and approved in writing by the local planning authority.

Reason: To ensure that risks from land contamination to the future users of the land and neighbouring land are minimised, together with those to controlled waters, property and ecological systems, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with policy RP4 of the adopted Local Plan 1998 & 2006, and policy DM21 of the Local Plan Submission Version 2017, and the NPPF.

- 9 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan, Arboricultural Method Statement and site monitoring schedule in accordance with BS:5837:2012 (Trees in relation to design, demolition and construction - Recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents.

Reason: To comply with the duties indicated in Section 197 of the Town and Country Planning Act 1990, and to enable full and proper consideration be given to the impact of the proposed development on existing trees / hedges, so as to safeguard and enhance the visual amenities of the area and to ensure a satisfactory appearance to the development in accordance with policy LL10 of the adopted Local Plan and Alterations 1998 & 2006, policies DM3 and DM5 of the Local Plan Submission Version 2017, and the NPPF.

- 10 Prior to preliminary ground works taking place, details of surface water disposal, including measures to minimise the risk of offsite flooding caused by surface water run-off and groundwater during construction works and prevent pollution shall be submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with the approved details and shall be provided on site prior to the first occupation and shall be retained for the lifetime of the development.

Reason: To ensure satisfactory provision and disposal of surface water in the interests of Land Drainage, in accordance with policy RP3 of the adopted Local Plan and Alterations 1998 & 2006, policies DM16 and DM18 of the Local Plan Submission Version 2017, and the NPPF.

- 11 Prior to any above ground works, details of levels shall have been submitted to and approved by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and accessways and landscaped areas. The development shall be carried out in accordance with those approved details.

Reason: To ensure the impact of the intended development upon adjacent properties and the street scene is acceptable, in accordance with policies CP2, DBE1 and DBE9 of the adopted Local Plan and Alterations 1998 & 2006, policy DM12 of the Local Plan Submission Version 2017, and the NPPF.

- 12 Prior to the commencement of any above ground works, a Biodiversity Enhancement Strategy for protected and Priority species shall be submitted to and approved in writing by the local planning authority. The content of the Biodiversity Enhancement Strategy shall include the following:
- a) Purpose and conservation objectives for the proposed enhancement measures;
 - b) detailed designs to achieve stated objectives;
 - c) locations of proposed enhancement measures by appropriate maps and plans;
 - d) persons responsible for implementing the enhancement measures;
 - e) details of initial aftercare and long-term maintenance (where relevant).
- The works shall be implemented in accordance with the approved details prior to occupation and shall be retained in that manner thereafter.

Reason: To enhance protected and Priority species & habitats and allow the LPA to discharge its duties under the s40 of the NERC Act 2006 (Priority habitats & species).

- 13 Prior to first occupation, the applicant/developer shall ensure that each dwelling has been provided with the necessary infrastructure to enable its connection to a superfast broadband network or alternative equivalent service.

Reason: To ensure the development contributes to supporting improved digital

connectivity throughout the District and supports the wider aims and objectives for reducing car-led air pollution, improving the health and wellbeing of residents and visitors including the EFSAC, in accordance with policy CP1 of the adopted Local Plan 1998 & 2006, Policies D5, DM2, DM9, DM10 & DM22 of the Local Plan Submission Version 2017, and the NPPF.

- 14 Prior to any above ground works, documentary and photographic details of the type and colours of the external finishes of the development have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason: To ensure a satisfactory appearance in the interests of visual amenity, in accordance with policy DBE1 and DBE4 of the adopted Local Plan and Alterations 1998 & 2006, policy DM4 and DM9 of the Local Plan Submission Version 2017, and the NPPF 2021.

- 15 Prior to the commencement of any above ground works, a lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed (through the provision of appropriate lighting plans) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory. All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority."

Reason: To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species)

- 16 Prior to any above ground works, full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) shall be submitted to and approved in writing by the Local Planning Authority. All hard and soft landscape works shall be carried out in accordance with the approved details. The works shall be carried out prior to the occupation of the building or completion of the development, whichever is the sooner. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant

or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place.

Reason: To comply with the duties indicated in Section 197 of the Town and Country Planning Act 1990 so as to ensure that the details of the development of the landscaping are complementary, and to ensure a satisfactory appearance to the development, in accordance with policies CP2 and LL11 of the adopted Local Plan and Alterations 1998 & 2006, policies DM3 and DM5 of the Local Plan Submission Version 2017, and the NPPF.

- 17 Prior to their installation, details of boilers shall be submitted to and approved in writing to the Local Planning Authority. The boilers shall have dry NOx emissions not exceeding 40 mg/kWh (0%). The development shall be carried out in accordance with the approved details.

Reason: To help improve local environmental conditions and limit emissions to air as required by the national planning policy framework. Boilers can be a significant source of NO₂ emissions and worsen local air quality. To help support improvements to air quality in accordance with the NPPF and Policy T1 and DM22 of the Epping Forest District Local Plan Submission Version 2017.

- 18 Prior to construction of any residential curtilage, a plan indicating the position, design, materials and type of all boundary walls, fences or other means of enclosure (including an acoustic barrier to the northern site boundary) to be erected within the development, shall have been submitted to and approved by the Local Planning Authority. The approved boundary treatments shall be implemented prior to the occupation of the development and thereafter permanently retained.

Reason: To ensure the safe movement of vehicles between the highway and off-street parking areas and to ensure a satisfactory appearance of the development, in accordance with Policies ST4 & DBE1 of the adopted Local Plan and Alterations 1998 & 2006, Policies T1 & DM9 of the Local Plan Submission Version 2017, and the NPPF.

- 19 No removal of hedgerows, trees or shrubs, or works to or demolition of buildings or structures that may be used by breeding birds, shall take place between 1st March and 31st August inclusive, unless a competent ecologist has undertaken a detailed check of vegetation for active birds' nests immediately before the vegetation is to be cleared, provided a written report of confirmation that no birds will be harmed and/or that there are appropriate measures in place to protect nesting bird interest on site, and that written confirmation has been approved by the Local Planning Authority

Reason: To ensure adequate protection is afforded to local wildlife in accordance with policies NC3 and NC4 of the adopted Local Plan and Alterations, policy DM1 of the Local Plan Submission Version 2017, and the NPPF 2021.

- 20 If any tree, shrub or hedge shown to be retained in any agreed Arboricultural reports is removed, uprooted or destroyed, dies, or becomes severely damaged or diseased during development activities or within 3 years of the completion of the development, another tree, shrub or hedge of the same size and species shall be planted within 3 months at the same place. If within a period of five years from the date of planting any replacement tree, shrub or hedge is removed, uprooted or destroyed, or dies or becomes seriously damaged or defective another tree, shrub or hedge of the same species and size as that originally planted shall, within 3 months, be planted at the same place.
- Reason: To comply with the duties indicated in Section 197 of the Town and Country Planning Act 1990 as well as to safeguard the amenity of the existing trees, shrubs or hedges and to ensure a satisfactory appearance to the development, in accordance with policies LL10 and LL11 of the adopted Local Plan and Alterations 1998 & 2006, and policies DM3 and DM5 of the Local Plan Submission Version 2017, and the NPPF.
- 21 No deliveries, external running of plant and equipment or demolition and construction works, other than internal works not audible outside the site boundary, shall take place on the site other than between the hours of 07:30 to 18:00 on Monday to Friday and 08:00 to 13:00 on Saturday and not at all on Sundays, Public or Bank Holidays.
- Reason: To ensure that the proposed construction work does not cause undue nuisance and disturbance to neighbouring properties at unreasonable hours and in accordance with policies RP5A and DBE9 of the adopted Local Plan 1998 & 2006, and policies DM9 and DM 21 of the Local Plan Submission Version 2017, and the NPPF.
- 22 Wheel washing or other cleaning facilities for vehicles leaving the site during construction works shall be installed and utilised to clean vehicles immediately before leaving the site. Any mud or other material deposited on nearby roads as a result of the development shall be removed.
- Reason: To avoid the deposit of material on the public highway in the interests of highway safety, in accordance with policy ST4 of the adopted Local Plan and Alterations 1998 & 2006, policy T1 of the Local Plan Submission Version 2017, and the NPPF.
- 23 All material excavated from the below ground works hereby approved shall be removed from the site.
- Reason: In order to ensure that levels are not altered across the site as a result of deposited materials, in the interests of amenity, in accordance with Policies CP2, DBE1 and DBE9 of the adopted Local Plan 1998 & 2006, Policies DM9 & DM21 of the Local Plan Submission Version 2017, and the NPPF.

- 24 Prior to the occupation of the development or any phase of the development, whichever is the sooner, for its permitted use, a Landscape Management Plan, including long term design objectives, management responsibilities and maintenance schedules for all landscape areas, other than domestic gardens, shall be submitted to and approved by the Local Planning Authority. The landscape management plan shall be carried out as approved.

Reason: To comply with the duties indicated in Section 197 of the Town and Country Planning Act 1990, so as to ensure that the amenity to be provided by the new landscaping is achieved and safeguarded, and to ensure a satisfactory appearance to the development, in accordance with policies LL7 and LL11 of the adopted Local Plan and Alterations 1998 & 2006, policies DM3 and DM5 of the Local Plan Submission Version 2017, and the NPPF.

- 25 Prior to first occupation of the development hereby approved, 1 Electric Vehicle Charging Point for each dwelling that has a garage or allocated parking space and 1 Electric Vehicle Charging Point for every 10 properties that share unallocated parking shall be installed and retained thereafter for use by the occupants of the site.

Reason: To help support improvements to air quality in accordance with the NPPF and Policy T1 and DM22 of the Epping Forest District Local Plan Submission Version 2017.

- 26 Prior to first occupation of the development, measures shall be incorporated within the development to ensure a water efficiency standard of 110 litres (or less) per person per day.

Reason: The District is classed as being in an area of severe water stress and the reduction of water use is therefore required in the interests of sustainability and in accordance with policy CP2 of the adopted Local Plan and Alterations 1998 & 2006, policy DM19 of the Local Plan Submission Version 2017, and the NPPF.

- 27 Prior to the first occupation of the development the access arrangements, as shown in principle on PJA drawing no. 05667-TR-0003 Rev P4, shall be fully implemented and retained for the life of the development. All details to be agreed with the Highway Authority, and to include, but not limited to the following:
- Provision of minimum visibility splays of 2.4m x 110m clear to ground level
 - A bellmouth with minimum radii of 6m with dropped kerb crossing points across it
 - Provision of 2m wide footways along the frontage and into the site
 - Provision and implement of a 1.8m wide minimum pedestrian refuge island to the south of the proposed access with a pair of pedestrian dropped kerb crossing points across the High Road
 - Introduction of a new 30mph speed limit through Thornwood, from approximately the point just to the north of the proposed pedestrian refuge island, to a point just south of the junction of Woodside, approx. 300m in length, to coincide with the start of the development, with appropriate signing and lining as

necessary, and gateway features to the north and south at the new 30mph signs.

Reason: To ensure that safe, efficient and improved accessibility is provided for all highway users, in accordance with the Highway Authority's Development Management Policies, adopted as County Council Supplementary Guidance in February 2011, policies ST2, ST4 & ST6 of the Local Plan and policies T1 and T2 of the Local Plan Submission Version 2017 and the NPPF 2021

- 28 Prior to the first occupation of the development the developer shall provide the following improvements, to Highway Authority specification, to the existing Carpenters Arms bus stops, to the south of the site, either side of the High Road:
- Provision of a new shelter with integrated Real Time Passenger Information screen for the northbound stop.
 - Provision of a 28" in shelter stretch display for Real Time Passenger Information for the southbound stop.

Reason: In the interests of reducing the need to travel to the site by car and promoting sustainable and accessible development and transport, for the development and the locality in accordance with the Highway Authority's Development Management Policies, adopted as County Council Supplementary Guidance in February 2011, policies ST2, ST4 & ST6 of the Local Plan and policies T1 and T2 of the Local Plan Submission Version 2017 and the NPPF 2021

- 29 Prior to first occupation of the development, the Developer shall be responsible for the provision, implementation and distribution of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council, to include six one day travel vouchers, and or Oyster cards, for use with the relevant local public transport operator. These packs (including tickets) are to be provided by the Developer to each dwelling free of charge.

Reason: In the interests of reducing the need to travel by car and promoting sustainable development and transport, in accordance with the Highway Authority's Development Management Policies, adopted as County Council Supplementary Guidance in February 2011, policies ST2, ST4 & ST6 of the Local Plan, policies T1 and T2 of the Local Plan Submission Version 2017 and the NPPF 2021

- 30 The open space area at the western end of the site shall be retained in perpetuity for general public use, and shall not be enclosed nor access restricted without prior consent from the local planning authority through a planning application.

Reason This aspect of the application has been justified as a public facility and any change thereto requires appropriate consideration in accordance with policies DBE2 and DBE9 of the adopted Local Plan and Alterations, policies DM5, DM9 and DM10 of the Local Plan Submission Version, and the NPPF 2021.

- 31 All parking areas within the development hereby permitted shall be provided prior

to the first occupation of the dwellings they serve and shall be retained free of obstruction for the parking of residents and visitors vehicles only.

Reason: In the interests of highway safety, in accordance with policies ST4 and ST6 of the adopted Local Plan and Alterations 1998 & 2006, policy T1 of the Local Plan Submission Version 2017, and the NPPF.

- 32 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (as amended) (or any other order revoking and re-enacting that order) no development permitted by virtue of Classes A, AA, B and C of Part 1 to Schedule 2 shall be undertaken, without the prior written agreement of the Local Planning Authority.

Reason: The ensure further consideration is given with regards to the effect on the character and appearance of the area and living conditions on adjoining properties, in accordance with policies DBE2 and DBE9 of the adopted Local Plan 1998 & 2006, Policies DM9 and DM10 of the Local Plan Submission Version 2017, and the NPPF 2021.

Informatives: (7)

- 33 The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
- 34 This permission is also subject to conditions and/or covenants of an accompanying Section 106 Agreement.
- 35 Note: Under the Land Drainage Byelaws of this Council, Land Drainage Consent is also required before any work commences. Please contact the Land Drainage team on 01992 564000 for application forms. The grant of planning permission does not imply the automatic grant of Land Drainage Consent.
- 36 Pursuant to condition 10 above , the detailed surface water drainage scheme will be required to be designed in accordance with the flood risk assessment (Flood Risk Assessment and Drainage Strategy, Ref: 05667/R-02-A/FRA v2) submitted with the application unless otherwise agreed in writing with the Local Planning Authority. The details will also be required to include information contained in the Lead Local Flood Authority's comments dated 07 June 2022.
- 37 The following informatives are included by the Highway Authority:
i. Notwithstanding the submitted access details, it would be prudent to consider reducing the radii of the new bellmouth at the detailed design stage, so as to help facilitate pedestrian movement rather than accommodating fast vehicle turning.

- ii. Please note that as the application is outline, access only, no detailed assessment of the internal layout has been undertaken at this time.
- iii. There shall be no discharge of surface water onto the Highway from the site.
- iv. All work within or affecting the highway is to be laid out and constructed by prior arrangement with, and to the requirements and satisfaction of, the Highway Authority, details to be agreed before the commencement of works. The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org
- v. The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.
- vi. Mitigating and adapting to a changing climate is a national and Essex County Council priority. The Climate Change Act 2008 (amended in 2019) commits the UK to achieving net-zero by 2050. In Essex, the Essex Climate Action Commission proposed 160+ recommendations for climate action. Essex County Council is working with partners to achieve specific goals by 2030, including net zero carbon development. All those active in the development sector should have regard to these goals and applicants are invited to sign up to the Essex Developers' Group Climate Charter [2022] and to view the advice contained in the Essex Design Guide. Climate Action Advice guides for residents, businesses and schools are also available.

- 38 The applicant is advised that the Council will seek agreement to priority of allocation of affordable homes to local parish residents as part of its consideration of details under condition 4.
- 39 Area Planning Committee strongly urge the developers to pursue discussions with the Highway Authority over the provision of a pedestrian crossing along the frontage of the application site.
