## **54. PROBITY IN PLANNING - APPEAL DECISIONS, APRIL TO SEPTEMBER 2007**

The Principal Planning Officer presented a report regarding the planning appeal decisions for the period April to September 2007. The Sub-Committee were informed that during the six-month period in question, the Council received 54 decisions on appeal, of which 47 were planning appeals and 7 were enforcement appeals. Of these appeals, 11 of the planning appeals were upheld (23%) and none of the enforcement appeals, to give a combined total of 20.3% of the Council's decisions overturned. For the Best Value Performance Indicator this was adjusted to 20.5%, but was still within target and placed the Council in the top quartile of Councils.

The Principal Planning Officer reported that of the 11 appeals upheld, 7 were for a decision to refuse taken by officers under delegated authority and 1 where the officer recommendation to refuse had been agreed by a particular Sub-Committee. Thus, only 3 appeals were upheld where a particular Sub-Committee had taken a decision contrary to the officer's recommendation, which was a much lower figure than had previously been achieved. No awards of costs against the Council had been made during this period. The Principal Planning Officer concluded that the Council's performance for the period had been highly satisfactory.

The Chairman, on behalf of the Sub-Committee, offered his congratulations to Planning Officers for their efforts in respect of the appeals decisions.

### **RESOLVED:**

That, as part of the probity in planning, the appeal decisions for the period April to September 2007 be noted.

**55. DELEGATED DECISIONS**

The Sub-Committee noted that details of the planning applications determined by the Head of Planning and Economic Development under delegated authority since the last meeting had been circulated to all members and were available for inspection at the Civic Offices.
