

# Equality Impact Assessment

1. Under s.149 of the Equality Act 2010, when making decisions, Epping District Council must have regard to the Public Sector Equality Duty, ie have due regard to:
  - eliminating unlawful discrimination, harassment and victimisation, and other conduct prohibited by the Act,
  - advancing equality of opportunity between people who share a protected characteristic and those who do not,
  - fostering good relations between people who share a protected characteristic and those who do not, including tackling prejudice and promoting understanding.
2. The characteristics protected by the Equality Act are:
  - age
  - disability
  - gender
  - gender reassignment
  - marriage/civil partnership
  - pregnancy/maternity
  - race
  - religion/belief
  - sexual orientation.
3. In addition to the above protected characteristics you should consider the cross-cutting elements of the proposed policy, namely the social, economic and environmental impact (including rurality) as part of this assessment. These cross-cutting elements are not a characteristic protected by law but are regarded as good practice to include.
4. The Equality Impact Assessment (EqIA) document should be used as a tool to test and analyse the nature and impact of either what we do or are planning to do in the future. It can be used flexibly for reviewing existing arrangements but in particular should enable identification where further consultation, engagement and data is required.
5. Use the questions in this document to record your findings. This should include the nature and extent of the impact on those likely to be affected by the proposed policy or change.
6. Where this EqIA relates to a continuing project, it must be reviewed and updated at each stage of the decision.
7. **All Cabinet, Council, and Portfolio Holder reports must be accompanied by an EqIA.** An EqIA should also be completed/reviewed at key stages of projects.
8. To assist you in completing this report, please ensure you read the guidance notes in the Equality Analysis Toolkit and refer to the following Factsheets:
  - Factsheet 1: Equality Profile of the Epping Forest District
  - Factsheet 2: Sources of information about equality protected characteristics
  - Factsheet 3: Glossary of equality related terms
  - Factsheet 4: Common misunderstandings about the Equality Duty
  - Factsheet 5: Frequently asked questions
  - Factsheet 6: Reporting equality analysis to a committee or other decision making body

## Section 2: Policy to be analyse

2.1	Is this a new policy (or decision) or a change to an existing policy, practice or project? A new policy
2.2	Describe the main aims, objectives and purpose of the policy (or decision):  Funding to assist those ratepayers whose business(es) have been (and continue to be) affected by the pandemic, but are ineligible for existing support linked to business rates.  What outcome(s) are you hoping to achieve (ie decommissioning or commissioning a service)?  As above
2.3	Does or will the policy or decision affect: service users No employees No the wider community or groups of people, particularly where there are areas of known inequalities? No  Will the policy or decision influence how organisations operate? No
2.4	Will the policy or decision involve substantial changes in resources? No
2.5	Is this policy or decision associated with any of the Council's other policies and how, if applicable, does the proposed policy support corporate outcomes? No

### Section 3: Evidence/data about the user population and consultation<sup>1</sup>

As a minimum you must consider what is known about the population likely to be affected which will support your understanding of the impact of the policy, eg service uptake/usage, customer satisfaction surveys, staffing data, performance data, research information (national, regional and local data sources).

3.1	<p>What does the information tell you about those groups identified?</p> <p>The information encompasses business rates records for all those ratepayers in the district. As such it represents a cross-section along those lines – the intended target group of the national and local policy</p>
3.2	<p>Have you consulted or involved those groups that are likely to be affected by the policy or decision you want to implement? If so, what were their views and how have their views influenced your decision?</p> <p>No</p>
3.3	<p>If you have not consulted or engaged with communities that are likely to be affected by the policy or decision, give details about when you intend to carry out consultation or provide reasons for why you feel this is not necessary:</p> <p>The stated aim of the policy is funding to assist those ratepayers whose business(es) have been (and continue to be) affected by the pandemic but are ineligible for existing support linked to business rates. Because this process is inherently a “factual” one, it is contingent on the objective data as outlined above.</p>

### Section 4: Impact of policy or decision
