

CRIME AND DISORDER TASK AND FINISH PANEL 2007/08

The Overview and Scrutiny Committee acknowledged that the Panel could not complete its work until the government rolled out the changes it wanted. Unfortunately, the government has not yet issued any guidance and therefore the Panel did not meet last year.

The work of this Task and Finish Panel has been subsumed by the current Safer, Cleaner, Greener Standing Panel.

TOWN CENTRE AND CAR PARKS TASK AND FINISH PANEL 2007/08

This was another Panel that was carried over from the year 2006/07 into 2007/08, so that it could complete its work programme. However, work could not be progressed on its remaining topic. Therefore, this Panel was disbanded and the outstanding work on Anti-social Behaviour in Car Parks added to the Environmental and Planning Services Standing Panel. This was then subsumed into the new Safer Cleaner Greener Standing Panel.
