

Signing up to the Essex Compact

On behalf of my organisation, I hereby sign up to the Essex Compact, committing ourselves to advance and support the Compact within our capabilities and to comply with its spirit and specific provisions in the core text and codes of practice. We will appoint a Compact Champion or champions and promote the Compact within our organisation. I have read the Essex Compact and it has been discussed within my organisation.

Signed: _____ **Name (please print)** _____

Role/Job Title _____ **Organisation** _____

Address _____

Other contact details if any (phone, e-mail as appropriate)

COMPACT CHAMPIONS

Each organisation that signs up to the Essex Compact should appoint a Compact Champion whose job is to make sure the Compact is well-known and understood within the organisation, to answer questions about it within the organisation and raise concerns when a Compact commitment may be broken, as well as liaising with the Steering Group and Forum responsible for the whole Essex Compact. In a big organisation it makes sense to have a champion in each branch or department, with one person as the Lead Champion. In general we suggest the Compact Champion should not be the person in charge, but should have direct access to that person.

On the other side of this form, we ask you for details of your Compact Champions. There may well be gaps to start with, but we would like at least one name. Arrangements for reviewing and reappointing Champions are up to you.

Please note that all details you provide of your Champions will be held on the Essex Partnership website and will not be confidential.

OUR COMPACT CHAMPIONS ARE:

Please enter the details for all your champions. There may be only one, or (in a large organisation) many: if there are more names than the form allows for, please add the extra names on an extra sheet.
