

Report to Safer Cleaner Greener Standing Scrutiny Panel

Date of meeting: 1 July 2010

Subject: CCTV Service Delivery Plan

Officer contact for further information: Mrs C Wiggins / Mr A Petty

Committee Secretary: Mr A Hendry

Recommendations/Decisions Required:

(1) To note six monthly progress on the CCTV Service Delivery Plan

Report:

The 2009/2010 work programme had within it the requirement for the production of a CCTV Service Delivery Plan

The plan is broken down into the following key sections:

- (i) some background and historical context;
- (ii) national and local policies;
- (iii) aims and objectives;
- (iv) the current position in the Epping Forest District;
- (v) the delivery plan and resource implications; and
- (vi) a number of detailed appendices

The plan pulls together the majority of the Council's CCTV resources, with the exception of that operating in the civic offices, which is managed by CSS Directorate and operated by ESSD although the responsibility for maintenance remains with Safer Communities.

The plan looks to the next 3 years operationally and five years financially, with the operation stage being in two distinct phases:

- Phase 1: reviewing and consolidating existing CCTV systems; and
- Phase 2: developing and integrating systems to ensure compatibility, quality imaging and reviewing new technologies.

Please see appendix
