**Recommendation(s):**

That Tree Preservation Order 79/10 is confirmed subject to the deletion T68 (oak) from the Order.

**Background :**

This Tree Preservation Order is to protect those trees still worthy of preservation that to date have been covered by an Order served and administered by Essex County Council in 1950. It also includes some additional trees considered worthy of protection that have been planted since 1950.

**Head of Planning Services Comments :**

After having served this Order the following error within the documentation has been brought to our attention –  
T68 (oak) has been plotted in error, there is no tree in this location.

**Conclusions :**

It is recommended that the Order is confirmed, subject to modifications.
