Night Time Public Order Action by Essex Police

Essex Police currently commits a number of officers to policing public order on Friday and Saturday evenings in Epping Forest District to deal with the not only the aforementioned incidents but also others in the area.

Over traditionally busy periods such as the summer months approximately eight Police Constables and one Police Sergeant along with four Police Community Support Officers are tasked with solely policing the pubs and clubs of EFD on a Friday and Saturday nights.

At other times four officers are tasked specifically with covering the areas of Loughton and Epping on these days with support from the response shifts that run with a minimum of one sergeant and eight officers.

Due to the number of officers often needed to cover public order and other alcohol related crime. Epping Forest Police's capability to deal with burglaries, stolen vehicles and respond to other incidents can be seriously impacted on these evenings.
