Abbey

PARISH: Waltham

SITE ADDRESS:

LAND BETWEEN BROOKMEADOW WOOD AND FERNHALL WOOD, UPSHIRE,
WALTHAM ABBEY

GRANTED SUBJECT TO:

1. To be commenced within 3 years.
2. Submission of tree protection statement
3. Retention of existing trees and shrubs
4. Replacement tree or trees.
5. No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) have been submitted to and approved in writing by the Local Planning Authority and these works shall be carried out as approved within the first planting season following the completion of the development unless otherwise agreed in writing by the Local Planning Authority. These details shall include, as appropriate and in addition to, details of existing features to be retained; proposed finished levels or contours; means of enclosure; car parking layouts; other vehicle and pedestrian access and circulation areas; hardsurfacing materials; other minor artefacts and structures, including signs and lighting and functional services above and below ground. Details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants,

including species, plant sizes and proposed numbers/densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, shrub or plant or any replacement is removed, uprooted, destroyed, dies or becomes seriously damaged or defective another tree, shrub or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.

6. Submission of tree planting details
7. No development shall take place, including site clearance or other preparatory work, until all details relevant to the implementation of hard and soft landscape works and tree planting, hereafter called the Landscape Method Statement, have been submitted to the Local Planning Authority, and the development shall not commence until the Landscape Method Statement has been approved by the Local Planning Authority in writing. All landscape works shall be undertaken in accordance with the approved details, unless the Local Planning Authority has given its prior written consent to any variation.

The details of the Landscape Method Statement shall include soil handling; the sequence of operations for impaction and spreading of materials, and any ancillary operations; designated storage and handling zones and details of site supervision and liaison with the Local Planning Authority.

The Landscape Method Statement shall also include details of soft landscape proposals, including as appropriate, protection of the planting areas, where appropriate by fencing, during construction; preparation of the whole planting environment, particularly to provide adequate drainage; and the provision which is to be made for weed control, plant handling and protection, watering, mulching and the staking, tying and protection of trees. The Landscape Method Statement shall also normally include provision for maintenance for the period of establishment, including weeding watering and formative pruning and the removal of stakes and ties. Provision shall be made for replacement of any plant, including replacements, that are removed, uprooted or which die or fail to thrive, for a period of five years from their planting, in the first available season and at the same place, with an equivalent plant, unless the Local Planning Authority has given its prior written consent to any variation.

All hard and soft landscape works shall be completed prior to the occupation or use of any part of the development, unless the Local Planning Authority has given its prior written consent to a programme of implementation. The hard and soft landscape works, including tree planting, shall be carried out strictly in accordance with any approved timetable. The Landscape Method Statement shall state the provision which is to be made for supervision of the full programme of works, including site preparation, planting, subsequent management and replacement of failed plants.

8. The development shall proceed in accordance with the archaeological mitigation strategy detailed at 4.10.4 of the Environmental Impact Assessment submitted with the planning application. Any archaeological

finds made during the course of the development shall be reported to Essex County Council within 14 days of the date of the find and within 3 months of the completion of the development a report of all archaeological finds shall be reported to Essex County Council.

9. Any construction or other work that is audible beyond the site boundaries shall take place between the hours of 8.00am and 6.00pm Monday to Friday only excluding public and bank holidays unless otherwise previously agreed in writing by the Local Planning Authority.
10. The development shall not be commenced until details of the following have been submitted to and approved in writing by the Local Planning Authority:
