Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14

1. Background

- 1.1. The Chartered Institute of Public Finance and Accountancy's Code of Practice for Treasury Management in Public Services (the "CIPFA TM Code") and the Prudential Code require local authorities to determine the Treasury Management Strategy Statement (TMSS) and Prudential Indicators on an annual basis. The TMSS also incorporates the Investment Strategy as required under the CLG's Investment Guidance.
- 1.2. CIPFA has defined Treasury Management as:
"the management of the organisation's investments and cash flows, its banking, money market and capital market transactions; the effective control of the risks associated with those activities; and the pursuit of optimum performance consistent with those risks."
- 1.3. The Council is responsible for its treasury decisions and activity. No treasury management activity is without risk. The successful identification, monitoring and control of risk are integral to treasury management activities and include Credit and Counterparty Risk, Liquidity Risk, Market or Interest Rate Risk, Refinancing Risk and Legal and Regulatory Risk.
- 1.4. The strategy takes into account the impact of the Council's Revenue Budget and Capital Programme on the Balance Sheet position, the current and projected Treasury position (Appendix A), the Prudential Indicators and the outlook for interest rates (Appendix B).
- 1.5. The purpose of this TMSS is to approve:
- Treasury Management Strategy for 2011-12 (Borrowing - Section 4, Investments - Section 5)
 - Prudential Indicators – (NB: the Authorised Limit is a statutory limit)
 - MRP Statement – Section 8
 - Use of Specified and Non-Specified Investments – Appendices C & D
- 1.6. The Council approved the adoption of the CIPFA Treasury Management Code on 22 April 2002. The Council has incorporated the changes from the revised CIPFA Code of Practice (November 2009) into its treasury policies, procedures and practices.
- 1.7. All treasury activity will comply with relevant statute, guidance and accounting standards.

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

2. Balance Sheet and Treasury Position

2.1. The underlying need to borrow for capital purposes, as measured by the Capital Financing Requirement (CFR), together with Balances and Reserves, are the core drivers of Treasury Management Activity. The estimates, based on the current Revenue Budget and Capital Programmes, are:

	31/03/2011 Estimate £m	31/03/2012 Estimate £m	31/03/2013 Estimate £m	31/03/2014 Estimate £m
General Fund CFR	37.519	37.519	37.519	37.519
HRA CFR	-38.303	161.697	161.697	161.697
Total CFR	-0.784	179.216	179.216	179.216
Less: Existing Profile of Borrowing and Other Long Term Liabilities	0.000	0.000	0.000	0.000
Cumulative Maximum External Borrowing Requirement	-0.784	179.216	179.216	179.216
Balances & Reserves	50.000	-47.000	-43.000	-37.000
Cumulative Net Borrowing Requirement/(Investments)	-50.784	132.216	136.216	142.216

2.2

The Council's level of physical debt and investments is linked to these components of the Balance Sheet. The current portfolio position is set out at **Appendix A**. Market conditions, interest rate expectations and credit risk considerations will influence the Council's strategy in determining the borrowing and investment activity against the underlying Balance Sheet position. The Council will ensure that net physical external borrowing (i.e. net of investments) will not exceed the CFR other than for short term cash flow requirements.

Estimates of Capital Expenditure:

2.3. It is a requirement of the Prudential Code to ensure that capital expenditure remains within sustainable limits and, in particular, to consider the impact on Council Tax and in the case of the HRA, housing rent levels.

Capital Expenditure	2010/11 Approved £m	2010/11 Revised £m	2011/12 Estimate £m	2012/13 Estimate £m	2013/14 Estimate £m
Non-HRA	8.511	4.786	6.431	2.370	1.221
HRA	6.956	6.636	6.973	6.875	5.831
Total	15.467	11.422	13.404	9.245	7.052

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

2.4. Capital expenditure is expected to be financed as follows:

Capital Financing	2010/11 Approved £m	2010/11 Revised £m	2011/12 Estimate £m	2012/13 Estimate £m	2013/14 Estimate £m
Capital receipts	7.720	3.431	5.801	2.024	0.918
Government Grants	0.841	1.398	0.658	0.396	0.353
Major Repairs Allowance	5.143	4.783	4.873	4.775	3.731
Revenue contributions	1.763	1.810	2.072	2.050	2.050
Total Financing	15.467	11.422	13.404	9.245	7.052
Supported borrowing	0.000	0.00	0.000	0.000	0.000
Unsupported borrowing	0.000	0.00	0.000	0.000	0.000
Total Funding	0.000	0.00	0.000	0.000	0.000
Total Financing and Funding	15.467	11.422	13.404	9.245	7.052

Incremental Impact of Capital Investment Decisions:

2.5. As an indicator of affordability the table below shows the impact of capital investment decisions on Council Tax and Housing Rent levels. The incremental impact is calculated by comparing the total revenue budget requirement of the current approved capital programme with an equivalent calculation of the revenue budget requirement arising from the proposed capital programme.

Incremental Impact of Capital Investment Decisions	2010/11 Approved £	2011/12 Estimate £	2012/13 Estimate £	2013/14 Estimate £
Increase in Band D Council Tax	-0.42	0.71	2.33	3.13
Increase in Average Weekly Housing Rents	0.11	1.81	3.99	3.98

Reform to the Council Housing Subsidy System:

2.6. CLG consulted on proposals to reform the council housing subsidy system in July 2010. The consultation proposed a removal of the subsidy system by offering a one-off reallocation of debt. Details of the new system were announced in February 2011 and will be introduced in the Localism Bill later this Autumn to enable the new system to start in 2012.

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

2.7. This will require the Council to fund the amount owed in the medium term through internal resources and/or external borrowing. The Council has the option of borrowing from the PWLB or the market. The type of loans taken will be decided on in discussions with the Housing directorate, members and the councils' Treasury Advisors.

2.8. The estimate for interest payments in 2011/12 is nil and for interest receipts is £0.667m. The ratio of financing costs to the Council's net revenue stream is an indicator of affordability and highlights the revenue implications of existing and proposed capital expenditure by identifying the proportion of the revenue budget required to meet borrowing costs. The ratio is based on costs net of investment income.

Ratio of Financing Costs to Net Revenue Stream	2010/11 Approved %	2010/11 Revised %	2011/12 Estimate %	2012/13 Estimate %	2013/14 Estimate %
Non-HRA	-2.52	-1.36	0.54	3.99	6.03
HRA	-2.60	-1.40	-4.59	30.49	27.98

3. **Borrowing Strategy**

3.1. The Council's balance of Actual External Debt at 31/03/10 (gross borrowing plus other long-term liabilities) is shown in Appendix A. This is measured in a manner consistent for comparison with the Operational Boundary and Authorised Limit.

3.2. The **Authorised Limit** sets the maximum level of external borrowing on a gross basis (i.e. not net of investments) and is the statutory limit determined under Section 3(1) of the Local Government Act 2003 (referred to in the legislation as the Affordable Limit).

3.3. The **Operational Boundary** links directly to the Council's estimates of the CFR and estimates of other cashflow requirements. This indicator is based on the same estimates as the Authorised Limit reflecting the most likely, prudent but not worst case scenario but without the additional headroom included within the Authorised Limit.

External Debt	2010/11 Approved £m	2010/11 Revised £m	2011/12 Estimate £m	2012/13 Estimate £m	2013/14 Estimate £m
Authorised Limit	5.0	5.0	200.0	200.0	200.0
Operational Boundary	0.5	0.5	181.0	181.0	181.0

Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14

- 3.4. The Director of Finance & ICT has delegated authority, within the total limit for any individual year, to effect movement between the separately agreed limits for borrowing and other long-term liabilities. Decisions will be based on the outcome of financial option appraisals and best value considerations. Any movement between these separate limits will be reported to the next meeting of the Council.
- 3.5. In conjunction with advice from its treasury advisor, Arlingclose Ltd, the Council will keep under review the following borrowing options:
- PWLB loans
 - Borrowing from other local authorities
 - Borrowing from institutions such as the European Investment Bank and directly from Commercial Banks
 - Borrowing from the Money Markets
 - Local authority stock issues
 - Local authority bills
 - Structured finance
- 3.6. Notwithstanding the issuance of Circular 147 on 20th October following the CSR announcement which increases the cost of new local authority fixed rate loans to 1% above the cost of the Government's borrowing, the PWLB remains an attractive source of borrowing, given the transparency and control that its facilities continue to provide. The types of PWLB borrowing that are considered appropriate for a low interest rate environment are:
- Variable rate borrowing
 - Medium-term Equal Instalments of Principal (EIP) or Annuity Loans
 - Long-term Maturity loans, where affordable
- 3.7. Capital expenditure levels, market conditions and interest rate levels will be monitored during the year in order to minimise borrowing costs over the medium to longer term and maintaining stability. The differential between debt costs and investment earnings, despite long term borrowing rates being at low levels, remains acute and this is expected to remain a feature during 2011/12. The "cost of carry" associated with medium- and long-term borrowing compared to temporary investment returns means that new fixed rate borrowing could entail additional short-term costs. The use of internal resources in lieu of borrowing may again, in 2011/12, be the most cost effective means of financing capital expenditure.
- 3.8. PWLB variable rates are expected to remain low as the Bank Rate is maintained at historically low levels for an extended period. Exposure to variable interest rates will be kept under regular review. Each time the spread between long-term rates and variable rates narrows by 0.50%, this will trigger a formal review point and options will be considered in conjunction with the Authority's Treasury Advisor and decisions taken on whether to retain the same exposure or change from variable to fixed rate debt.

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

3.9 The Council is likely to borrow in the region of £200m for housing reform. There is the possibility that the Council may borrow in advance of spending needs. If this occurs, a report to members would be made stating the benefits for undertaking such a transaction.

- 3.10 The rationale for rescheduling would be one or more of the following:
- Savings in interest costs with minimal risk
 - Balancing the volatility profile (i.e. the ratio of fixed to variable rate debt) of the debt portfolio
 - Amending the profile of maturing debt to reduce any inherent refinancing risks.

As opportunities arise, they will be identified by Arlingclose and discussed with the Council's officers.

3.11 Borrowing activity will be reported to the Finance & Performance Cabinet Committee.

3.12 The following Prudential Indicators allow the Council to manage the extent to which it is exposed to changes in interest rates. The upper limit for variable rate exposure has been set to ensure that the Council is not exposed to interest rate rises which could adversely impact on the revenue budget. The limit allows for the use of variable rate debt to offset exposure to changes in short-term rates on investments.

The Council's existing level of fixed interest rate exposure is (74)% and variable rate exposure is (26)%.

Interest Rate Exposure	2010/11 Approved %	2010/11 Revised %	2011/12 Estimated %	2012/13 Estimated %	2013/14 Estimated %
Upper Limit for Fixed	100	100	100	100	100
Upper Limit for Variable	50	50	50	50	50

The limits are for both borrowing and investments.

3.13. The Council will also limit and monitor large concentrations of fixed rate debt needing to be replaced. Limits in the following table are intended to control excessive exposures to volatility in interest rates when refinancing maturing debt.

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

Maturity structure of fixed rate borrowing	Existing level (or Benchmark level) at 31/03/10 %	Lower Limit for 2011/12 %	Upper Limit for 2011/12 %

20 years and within 30 years	0	0	100
30 years and above	0	0	100

4. Investment Policy and Strategy

4.1. Guidance from CLG on Local Government Investments in England requires that an Annual Investment Strategy (AIS) be set.

4.2. The Council's investment priorities are:

- security of the invested capital;
- liquidity of the invested capital;
- an optimum yield which is commensurate with security and liquidity.

4.3. Investments are categorised as 'Specified' or 'Non Specified' investments based on the criteria in the CLG Guidance. Potential instruments for the Council's use within its investment strategy are contained in Appendices C and D. The Director of Finance & ICT under delegated powers, will undertake the most appropriate form of investments in keeping with the investment objectives, income and risk management requirements and Prudential Indicators. Decisions taken on the core investment portfolio will be reported to the Audit & Governance Committee.

4.4. There are no changes proposed to the investment strategy for 2011/12.

4.5. The Council's current level of investments is presented at Appendix A.

4.6. The Council's in-house investments are made with reference to the outlook for the UK Bank Rate and money market rates.

4.7. In any period of significant stress in the markets, the default position is for investments to be made with the Debt Management Office or UK Treasury Bills. (The rates of interest from the DMADF are below equivalent money market rates, but the returns are an acceptable trade-off for the guarantee that the Council's capital is secure.)

4.8. The Council selects countries and the institutions within them for the counterparty list after analysis and careful monitoring of:

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

- Credit Ratings (minimum long-term A+ for counterparties; AA+ for countries)
- Credit Default Swaps (where quoted)
- GDP; Net Debt as a Percentage of GDP
- Sovereign Support Mechanisms/potential support from a well-resourced parent institution
- Share Prices (where quoted)
- Macro-economic indicators
- Corporate developments, news and articles , market sentiment.

4.9. The Council and its Treasury Advisors, Arlingclose, will continue to analyse and monitor these indicators and credit developments on a regular basis and respond as necessary to ensure security of the capital sums invested.

4.10. The UK Bank Rate has been maintained at 0.5% since March 2009, and is anticipated to remain at low levels throughout 2011/12. Short-term money market rates are likely to remain at very low levels for an extended period which will have a significant impact on investment income.

4.11. To protect against a lower for longer prolonged period of low interest rates and to provide certainty of income, 2-year deposits and longer-term secure investments will be actively considered within the limits the Council has set for Non-Specified Investments (see Appendix D). The longer-term investments will be likely to include:

- Term Deposits with counterparties rated at least A+ (or equivalent)
- Supranational Bonds (bonds issued by multilateral development banks): Even at the lower yields likely to be in force, the return on these bonds will provide certainty of income against an outlook of low official interest rates.

4.12. The Council has placed an upper limit for principal sums invested for over 364 days, as required by the Prudential Code. This limit is to contain exposure to the possibility of loss that may arise as a result of the Council having to seek early repayment of the sums invested.

No . 12	Upper Limit for total principal sums invested over 364 days	2010/11 Approved £m	2010/11 Revised £m	2011/12 Estimated £m	2012/13 Estimated £m	2013/14 Estimated £m
		30.0	30.0	30.0	30.0	30.0

5. Outlook for Interest Rates

5.1 The economic interest rate outlook provided by the Council's treasury advisor, Arlingclose Ltd, is attached at Appendix B. The Council will reappraise its strategy from time to time and, if needs be, realign it with evolving market conditions and expectations for future interest rates.

Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14

6. **Balanced Budget Requirement**

6.1. The Council complies with the provisions of S32 of the Local Government Finance Act 1992 to set a balanced budget.

7. **2011/12 MRP Statement**

7.1. The Local Authorities (Capital Finance and Accounting)(England)(Amendment) Regulations 2008 (SI 2008/414) place a duty on local authorities to make a prudent provision for debt redemption. Guidance on Minimum Revenue Provision has been issued by the Secretary of State and local authorities are required to "have regard" to such Guidance under section 21(1A) of the Local Government Act 2003.

7.2. The four MRP options available are:

Option 1: Regulatory Method

Option 2: CFR Method

Option 3: Asset Life Method

Option 4: Depreciation Method

7.3. MRP in 2011/12: Options 1 and 2 may be used only for supported expenditure. Methods of making prudent provision for self financed expenditure include Options 3 and 4 (which may also be used for supported expenditure if the Council chooses).

7.4. The MRP Statement was submitted to Council before the start of the 2011/12 financial year. If it is ever proposed to vary the terms of the original MRP Statement during the year, a revised statement should be put to Council at that time.

7.5. The Council's CFR at 31st March 2011 is estimated to be negative £0.784m and as such under Option 2 (the CFR method) there is no requirement to charge MRP in 2011/12.

8. **Monitoring and Reporting on the Treasury Outturn and Prudential Indicators**

Treasury activity is monitored monthly and reported internally to the Director of Finance & ICT.

The Director of Finance & ICT will report to the Finance & Performance Cabinet Committee on treasury management activity and Performance Indicators as follows:

(a) Mid-year against the strategy approved for the year.

(b) The Council will produce an outturn report on its treasury activity no later than 30th September after the financial year end.

(c) The Audit & Governance Committee will be responsible for the scrutiny of treasury management activity and practices.

**Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

9. **Other Items**

Training

CIPFA's Code of Practice requires the Director of Finance & ICT to ensure that all members tasked with treasury management responsibilities, including scrutiny of the treasury management function, receive appropriate training relevant to their needs and understand fully their roles and responsibilities.

Investment Consultants

The Council appointed Arlingclose to act as Investment Consultants from 1 May 2010 for a period of three years. Regular meetings are held with Arlingclose to discuss the performance of the Council's investments and any opportunities arising in the market.

- The degree of uncertainty over the medium term outlook for growth and inflation is increasing.
- Given the precarious outlook for growth, rates will rise if there is firm evidence the economy has survived the fiscal consolidation or there is sustained inflationary pressure over the coming months.

Underlying assumptions:

- Consumer Price Inflation dropped back unexpectedly to 4%, led by falling food and non-alcoholic beverages prices, the decrease eases pressure on the Bank of England to raise the Bank Rate. The Bank of England and the Office of Budget Responsibility (OBR) forecast CPI to remain above 4% in the near term.
- The spike in oil prices due to the Middle East crisis has the potential to keep prices higher with a negative impact on real income and growth.
- The activity data in the UK economy has been weak and suggests the bounce back from the 2010 Q4 fall in GDP of 0.5% may disappoint. The outlook for exports remains positive but household purchasing power is constrained by a much-needed adjustment of personal balance sheets

Epping Forest District Council
Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14

(seen through a higher savings ratio and debt reduction) and the effect grows at only a modest pace.

- Consumer confidence and spending continues to be affected by modest wage increases, weak house price growth and a dearth of cheap credit. Unemployment is just under 2.5 million and will increase as the public sector shrinks but private sector employment grows at only a modest pace.
- The 2011 Budget is neutral in impact and maintains the Comprehensive Spending Review's framework of fiscal consolidation, reduction in the deficit and the debt-to-GDP ratio. The OBR is positive on these objectives being achieved. Gilt issuance of £169bn in 2011-12 should be easily absorbed by high investor demand.
- The economic impact of the disaster in Japan will be limited for the UK and Europe but more pronounced for Asian and Australasian economies.
- The European Central Bank raised rates in April in response to rising inflation despite the growing divergence in the business cycles and GDP outlook for the core and peripheral countries.
- S&P has revised its outlook on the long-term rating for the US to negative amidst fears that the government will not agree a medium and long term strategy to tackle their fiscal challenges. This has the potential to negatively impact US yields.

Treasury Management Strategy Statement
and Investment Strategy 2011/12 to 2013/14**

APPENDIX C

Specified Investments

Specified Investments identified for use by the Council

Specified Investments will be those that meet the criteria in the CLG Guidance, i.e. the investment

- is sterling denominated
- has a maximum maturity of 1 year
- meets the “high credit quality” as determined by the Council or is made with the UK government or is made with a local authority in England, Wales, Scotland or Northern Ireland or a parish or community council.
- the making of which is not defined as capital expenditure under section 25(1)(d) in SI 2003 No 3146 (i.e. the investment is not loan capital or share capital in a body corporate).

“Specified” Investments identified for the Council’s use are:

- Deposits in the DMO’s Debt Management Account Deposit Facility
- Deposits with UK local authorities
- Deposits with banks and building societies
- *Certificates of deposit with banks and building societies
- *Gilts: (bonds issued by the UK government)
- *Bonds issued by multilateral development banks
- Treasury-Bills (T-Bills)
- Local Authority Bills (LA Bills)
- AAA-rated Money Market Funds with a Constant Net Asset Value (CNAV)
- Other Money Market Funds and Collective Investment Schemes– i.e. credit rated funds which meet the definition of a collective investment scheme as defined in SI 2004 No 534 and SI 2007 No 573.

1. ** Investments in these instruments will be on advice from the Council’s treasury advisor.*

For credit rated counterparties, the minimum criteria will be the lowest equivalent short-term and long-term ratings assigned by Fitch, Moody’s and Standard & Poor’s (where assigned).

Long-term minimum: A+(Fitch); A1 (Moody’s); A+ (S&P)

Short-term minimum: F1 (Fitch); P-1 (Moody’s); A-1 (S&P)

The Council will also take into account information on corporate developments of and market sentiment towards investment counterparties.

New specified investments will be made within the following limits:

Instrument	Country/ Domicile	Counterparty	Maximum Counterpart y Limits £m
Term Deposits	UK	DMADF, DMO	No limit
Term Deposits/Call Accounts	UK	Other UK Local Authorities	No limit
Term Deposits/Call Accounts	UK	Counterparties rated at least A+ Long Term and F1 Short Term (or equivalent)	10.0
Term Deposits/Call Accounts	Non-UK	Counterparties rated at least A+ Long Term and F1 Short Term (or equivalent) in select countries with a Sovereign Rating of at least AA+	10.0
Gilts	UK	DMO	No limit
T-Bills	UK	DMO	No limit
LA-Bills	UK	Other UK Local Authorities	No limit
Bonds issued by multilateral development banks		(For example, European Investment Bank/Council of Europe, Inter American Development Bank)	10.0
AAA-rated Money Market Funds	UK/Ireland/ Luxembourg domiciled	CNAV MMFs	10.0
Other MMFs and CIS	UK/Ireland/ Luxembourg domiciled	Pooled funds which meet the definition of a Collective Investment Scheme per SI 2004 No 534 and subsequent amendments	10.0

NB Any existing deposits outside of the current criteria will be reinvested with the above criteria on maturity.

NB

Non-UK Banks - These should be restricted to a maximum exposure of 25-30% per country. This means that effectively all of Epping's investments can be made with non-UK institutions, but it limits the risk of over-exposure to any one country.

APPENDIX D

Non Specified Investments

Non-Specified Investments determined for use by the Council

Having considered the rationale and risk associated with Non-Specified Investments, the following have been determined for the Council's use:

	In-hous e use	Maximu m maturity	Maximu m amount	Capital expenditur e?
<ul style="list-style-type: none"> ▪ Deposits with banks and building societies and other local authorities ▪ CDs with banks and building societies 	<p>✓</p> <p>✓</p>	5 years	£20m	No
<ul style="list-style-type: none"> ▪ Gilts ▪ Bonds issued by multilateral development banks ▪ Bonds issued by financial institutions guaranteed by the UK government ▪ Sterling denominated bonds by non-UK sovereign governments 	<p>✓ (on advice from treasury advisor)</p>	10 years	£10m	No
<p>Money Market Funds and Collective Investment Schemes, which are not credit rated</p>	<p>✓ (on advice from treasury advisor)</p>	<p>These funds do not have a defined maturity date</p>	£10m	No

1. In determining the period to maturity of an investment, the investment should be regarded as commencing on the date of the commitment of the investment rather than the date on which funds are paid over to the counterparty.
2. The use of the above instruments by the Council's fund manager(s) will be by reference to the fund guidelines contained in the agreement between the Council and the individual manager.
