The Officer referred to 4 additional letters of objection and a petition with 108 signatures in support and 131 standard letters and cards in support.

REASON FOR REFUSAL

1. The site is located within the Metropolitan Green Belt and the proposed works represent inappropriate development that fails to comply with the purposes of including land in the Green Belt. In the view of the Local Planning Authority there are no very special circumstances to clearly outweigh the harm to the openness or character of the Green Belt that would result from the development. Therefore the proposed development fails to comply with PPG2 and policies GB2A, GB7A, CP2, CP3, CP6, and CP7 of the adopted Local Plan and Alterations.
