[http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=527842](http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=527842)

Members agreed that considerable weight should be given to the impact of the proposal on light to the first floor flank windows of 20 Coolgardie Avenue and the potential for the proposal to have an overbearing relationship to that house. Members found the proposal would severely restrict light to these windows since it would be sited 1m from them and continue higher than them.

Having regard to the importance of the first floor flank windows for the living conditions of 20 Coolgardie Avenue, Members agreed that the harm that would be caused by the loss of light to those windows would be excessive. Members also agreed the harm caused outweighed any benefits for the appearance of the street scene. They considered alternative designs would achieve such design benefits without causing excessive harm to the living conditions of 20 Coolgardie Avenue.

**REASON FOR REFUSAL**

- 1 The proposed first floor addition, by reason of its close proximity to the boundary, its elongated high parapet and because of the overall increase in the size of its roof, will impact upon the level of light received by upper floor windows at No. 20 Coolgardie Avenue and cause overshadowing. In addition, due to the nearby proximity of the side addition to the upper floor windows, it will also result in an overbearing impact to this neighbour. This proposal therefore fails to comply with policy DBE9 of this Councils Adopted Local Plan and Alterations.

**CONDITIONS**

- 1 The development hereby permitted shall begin no later than three years from the date of this decision.
- 2 No development shall take place until details of the materials to be used in the construction of the external surfaces of the building hereby permitted have been submitted to and approved in writing by the Local Planning Authority. Development shall be carried out in accordance with the approved details.
- 3 No development shall take place until details of levels have been submitted to and approved by the Local Planning Authority showing the levels of the site prior to development and proposed levels of floor slabs, roadways and access-ways and landscape areas. The development shall be carried out in accordance with the approved details.
- 4 No development shall be carried out until details of hard and soft landscaping works have been submitted to and approved in writing by the Local Planning Authority. These details shall include existing planting to be retained, species and size of new planting, hard landscaping materials, the provision of security lighting and the treatment of all boundaries. The development shall be carried out in accordance with the approved details before any part of the building is occupied or in accordance with a programme agreed with the Local Planning Authority.
- 5 All planting shall be maintained for a period of 5 years from the date of planting. Any planting that dies, is seriously damaged or diseased or is removed within that period shall be replaced with planting of a similar species and size, unless otherwise agreed in writing by the Local Planning Authority.

- 6 A landscape management plan, including long term design objectives, management responsibilities and maintenance schedules for all landscape areas, shall be submitted to and approved in writing by the Local Planning Authority prior to the occupation of the development. The landscape management plan shall be carried out as approved.
- 7 Prior to commencement of works on site, including those for demolition, foundations and drainage, a scheme shall be submitted for approval to the Local Planning Authority specifying the means by which those trees to be retained will be protected during the works. The approved scheme shall be implemented before commencement of the works and shall be retained for the duration of the works.
- 8 The windows in the flank walls shall be glazed with obscure glass and have fixed frames and shall be retained in that condition.
- 9 The development shall not be occupied until the car and cycle parking spaces shown on the approved drawings have been provided. The car park shall not be used other than for the parking of vehicles related to the development.
- 10 This decision is made with reference to plan numbers: 08221\_105, 08221\_106 and 08221\_107.

Members recognised that the outdoor area can lawfully be used for purposes in connection with the lawful use of the site as a whole. However, they agreed the proposal would facilitate a more intense use of the outdoor area and therefore agreed it is both necessary and reasonable to limit activity in that area through planning conditions. Matters to be addressed through conditions were found to include the times the outdoor area may be used, noise generated on it or audible from the extension and lighting of the outdoor area.

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The external finishes of the development hereby permitted shall match in material, colour, style, bonding and texture those of the existing building.
- 3 Other than in the case of an emergency, the land north (rear) of the remodelled rear extension shall not be used by customers or guests between 22.00 and 08.00 the following day and the sliding folding doors of the remodelled rear extension shall be kept closed during that time.
- 4 No amplified music shall be played within the remodelled rear extension or land rear of it other than in strict accordance with a scheme submitted to and approved in writing by the Local Planning Authority. Such a scheme shall specify the times amplified music may be played, the number and location of loudspeakers and limitations on sound levels emitted from loudspeakers.
- 5 There shall be no lighting of the land north (rear) of the remodelled rear extension other than in strict accordance with a scheme submitted to and approved in writing by the Local Planning Authority. Such a scheme shall specify the times the land shall be lit, the number, location and power of light sources and include details of the means to limit light spillage beyond the land.
