APPLICATION No:	EPF/0944/11
SITE ADDRESS:	Hales Farm Nether Street Abbess Roding Essex
PARISH:	The Rodings - Abbess, Beauchamp and Berners
WARD:	High Ongar, Willingale and the Rodings
DESCRIPTION OF PROPOSAL:	Demolition of farm buildings and erection of a single detached dwelling.
DECISION:	Refuse Permission

http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=527868

REASON FOR REFUSAL

1. The proposal constitutes inappropriate development that is both harmful to the purposes of including land within the Green Belt and causes physical harm to the openness and character of the Green Belt. There are insufficient very special circumstances that clearly outweigh this, and other identified, harm, and therefore the development is contrary to PPG2 and policy GB2A, DBE1 and DBE4 of the adopted Local Plan and Alterations.
2. The proposed development, due to the removal of the historic curtilage listed buildings and the scale and overall size of the proposed new dwelling, would be detrimental to the historic setting of the adjacent Grade II listed building, contrary to PPS5 and policies HC11, HC12 and LL1 of the adopted Local Plan and Alterations.
3. Insufficient information has been provided with regards to the use of, and external works proposed to be undertaken to, the curtilage listed buildings that would be retained, and with regards to the proposed commercial livery use of the stable building. Given this lack of information the proposed development may be detrimental to the appearance and historic importance of the curtilage listed buildings, the setting of the adjacent Grade II listed building, and the character of the Green Belt. As such the development may be contrary to PPG2, PPS5, and policies GB2A, GB8A, HC10, HC12 and HC13 of the adopted Local Plan and Alterations.
4. The proposed new dwelling, due to its scale, bulk, massing, orientation, siting and design, is over-dominant, visually incongruous and harmful to the character and amenity of the rural area, contrary to policies GB7A, DBE1, DBE4, LL2 and LL11 of the adopted Local Plan and Alterations.

REASON FOR REFUSAL

1. The proposed development results in the demolition of curtilage listed buildings and no very exceptional circumstances have been provided to show that they cannot be retained and returned to an appropriate use. Their loss, in addition, would be detrimental to the historic setting of the adjacent Grade II listed building, contrary to PPS5 and policies HC11 and HC12 of the adopted Local Plan and Alterations.
2. Insufficient information has been provided with regards to the use of, and internal and external works proposed to be undertaken to, the curtilage listed buildings that would be retained. Given this lack of information the proposed development may be detrimental to the appearance and historic importance of the curtilage listed buildings and the setting of the adjacent Grade II listed building, contrary to PPS5 and policies HC10, HC12 and HC13 of the adopted Local Plan and Alterations.

CONDITIONS

1. The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
2. The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 1191/02A, 1191/03A, 1191/05B, 1191/07B, 1191/08B
3. No construction works above ground level shall have taken place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing, prior to the commencement of the development. The development shall be implemented in accordance with such approved details.
4. Prior to first occupation of the development hereby approved, the proposed first floor window openings in the western flank elevation shall be entirely fitted with fixed frames to a height of 1.7 metres above the floor of the room in which the windows are installed and the southernmost western first floor window shall be fitted with obscured glass, and shall be permanently retained in that condition.
5. The premises shall be used solely for B8 with ancillary office space and for no other purpose (including any other purpose in Class B of the Schedule to the Town & Country Planning (Use Classes) Order 1987 (as amended), or in any provision equivalent to that Class in any Statutory Instrument revoking or re-enacting that Order.
6. No deliveries shall be made to or from the site outside the hours of 08:00 to 18:00 on Monday to Friday, 08:00 to 13:00 on Saturdays, and not at all on Sundays and Bank/Public Holidays.

7. There shall be no outdoor working on the site outside the hours of 08:00 to 18:00 on Monday to Saturday and not at all on Sundays and Bank/Public Holidays.
8. The parking area shown on the approved plan shall be retained free of obstruction for the parking of staff and visitors vehicles.
9. No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]

10. Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

11. Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]

12. Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report (referred to in PPS23 as a Validation Report) that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.
13. In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
14. All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 07.30 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
15. No outdoor storage shall take place on the site.

APPLICATION No:	EPF/1164/11
SITE ADDRESS:	OS 3528 Land at North Farm Mount Road Theydon Mount Epping Essex CM16 7QA
PARISH:	Theydon Mount
WARD:	Passingford
DESCRIPTION OF PROPOSAL:	Change of use of pasture land to horse keeping, erection of post and wire boundary fencing. Erection of private stables with ancillary hardstanding , accessed from existing road servicing North Farm and neighbouring properties. (Revised application)
DECISION:	Refuse Permission

Members considered the above development unacceptable due to the large scale of the proposed stable block to accommodate two horses, and small size of the application site that fails to meet with the guidance set by the British Horse Society. It was considered that this proposal is detrimental to the character and setting of the Registered Parkland, the Grade I listed building (Hill Hall), the Green Belt, and would be unsustainable as all trips would be generated by private motor vehicles, including the delivery of feed.

REASONS FOR REFUSAL

1. The proposed development, due to the size and location of the stable building, would be detrimental to the Registered Parkland and the setting of the Grade I listed building, contrary to policies HC3 and HC12 of the adopted Local Plan and Alterations.
2. The proposed stable building, due to its size in relation to the application site, fails to comply with policies GB2A, RST4 and RST5 of the adopted Local Plan and Alterations.
3. The proposed development is located within an unsustainable location where there would be a reliance on private motor vehicles, and the inadequate size of the site would result in increased vehicle movements related to feed delivery. As such the proposal is contrary to policies CP3, CP5 and ST4 of the adopted Local Plan and Alterations.
