(d) Parking Restrictions – Station Way, Buckhurst Hill

Question from Councillor Dev Dodeja to Councillor Penny Smith, Safer, Greener and Highways Portfolio Holder

“As you will be aware the Buckhurst Hill Parking Review area does not include Station Way, Buckhurst Hill. This road includes a shopping parade and Roding Valley underground station. The current uncontrolled parking arrangements around the station attract a large amount of all-day commuter parking. This causes problems for local residents and local traders and means shoppers find it difficult to park close to the shops. There have also been a series of accidents in the area.

What plans does the Portfolio Holder have to ensure that parking arrangements in Station Way are reviewed in order to provide a better balance of parking in the area, including limited waiting parking for shoppers”?
