

## **Questions by Members Under Notice**

### **(a) General Fund Underspend**

#### **Question from Councillor J M Whitehouse to Councillor Mohindra, Finance and Economic Development Portfolio Holder**

“Please list the following figures:

- (i) Estimated general fund underspend for 2011/12
- (ii) Actual general fund underspend for 2010/11, 2009/10, 2008/09”.

### **(b) Changes to the Right to Buy for Council Tenants**

#### **Question from Councillor J M Whitehouse to Councillor McEwen, Housing Portfolio Holder**

“According to your report, under the new right to buy arrangements the Council may use only 30% of the receipts from additional right to buy sales to fund replacement housing. Given this, how will you ensure that each dwelling sold is replaced by a new affordable home on a "one-to-one basis" without eating into other Council resources including those required for the Council's intended additional affordable homes and Council house building programme”?
