Members referred this item to the District Development Control Committee with a recommendation that planning permission be refused on the basis that the circumstances of the Broadway town centre, which has a very low level of vacant shop premises and a low proportion of non-retail frontage, are such that the use of the application site for purposes within Use Class A2 would be harmful to the vitality and viability of the Broadway as a shopping area. Members found Local Plan Policy TC4 does not properly serve to safeguard the vitality and viability of the Broadway and were of the opinion it should not be used to assess the merits of proposed changes of use of shop premises in the Broadway. Members considered policy TC4 to be out of date in respect of circumstances in the Broadway and took the view that a much more restrictive approach to proposed changes of use from retail use should be taken in that town centre.

<b>DESCRIPTION OF PROPOSAL:</b>	Erection of two bedroom one and a half storey detached dwelling with one off street car parking space. (Revised Application)
<b>DECISION:</b>	Refuse Permission

**REASON FOR REFUSAL**

- 1 The proposed house, by reason of its unsympathetic design and constrained siting in the rear gardens of modest dwellings, would appear in sharp contrast to its surroundings. As a consequence it would appear as an inappropriate form of development that would detract from the character and appearance of the locality. The proposal is therefore contrary to national planning policy set out in the National Planning Policy Framework and to policies CP2, CP3 and DBE1 of the adopted Local Plan and Alterations.

Members were notified the occupants of 32, 35 and 53 Bracken Drive, together with those of 3 & 6 Stradbroke Drive had withdrawn their objections to the proposal. Members were also notified that the occupant of 37 Bracken Drive had confirmed her objection.

**REASON FOR REFUSAL**

- 1 By reason of its unsympathetic design, particularly in terms of its bulk, width and height, relationship to neighbouring properties and the inclusion of a two storey portico to the front elevation, the proposed house would fail to respect its setting, appear over-dominant in the street scene and consequently would be harmful to the character and appearance of the locality. The proposed house is therefore contrary to national planning policy as set out in the National Planning Policy Framework and policies CP2(iv), CP3 (v), CP7 and DBE1 of the adopted Local Plan and Alterations.
