Despite the Officer's recommendation to approved planning permission, Members were concerned with regards to the impact on the openness and character of the Green Belt and determined to refuse for the reasons set out below.

REASONS FOR REFUSAL

- 1 The proposed development is located within the Metropolitan Green Belt. This constitutes inappropriate development that is harmful to the openness and character of the Green Belt by reason of the loss of an open area and trees, which has been covered in hardstanding and used for vehicle parking and storage. It is considered that the very special circumstances put forward do not clearly outweigh this harm and therefore the development is contrary to the guidance contained within the National Planning Policy Framework and policies CP1, CP2 and GB2A of the adopted Local Plan and Alterations.
