REASON FOR REFUSAL

- 1 The play equipment results in a significant detrimental impact on neighbouring amenity due to the high level of the equipment and often continuous amount of noise produced from the activity on the play equipment; furthermore the play equipment is such that overlooking to neighbouring gardens is possible further detracting from a reasonable expected level of amenity. The proposal is therefore considered contrary to policies DBE9 and RP5A of the Adopted Local Plan and Alterations (which is consistent with policies contained within the National Planning Policy Framework).

POSITIVE AND PROACTIVE STATEMENT:

Members generally considered that smaller scale play equipment may be acceptable. It was also suggested that the Applicant explores with Planning Officers, any potential to relocate the existing equipment to a less sensitive location within the application site.

http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=542320

REASON FOR REFUSAL

- 1 The proposed development, by reason of its height and design would appear unsympathetic to both the character and appearance of the area, and also in relation to previously approved development within the site. The design of the development is such that it would fail to create an acceptable domestic vista. It is, therefore contrary to policies CP2(iv); CP3(v); CP7: and DBE1 of the Adopted Local Plan and Alterations, which are consistent with the policies and principles of the National Planning Policy Framework.

POSITIVE & PROACTIVE STATEMENT:

Members of the Committee felt that the design and reduced scale of the proposed development was out of keeping with adjacent development, including that approved within the application site. Members felt that this concern may be addressed by amendments to the design and the scale of the development proposed, so that it was more in keeping with the character of adjacent approved development within the application site.

A late representation from the occupier of 157 Princes Road was reported to the Committee.

REASONS FOR REFUSAL

- 1 The proposal would constitute an overdevelopment, on the basis that the application site is of insufficient size to accommodate appropriate amounts of both car parking and private amenity space to adequately serve the 14 dwellings proposed. Accordingly, the proposal is contrary to policies CP7; ST6; DBE6; and DBE8 of the Adopted Local Plan and Alterations, which are consistent with the policies and principles of the National Planning Policy Framework.

POSITIVE AND PROACTIVE STATEMENT

Members of the Committee were generally satisfied with the design of the proposed building. However, due to a lack of space within the site to accommodate adequate car parking and private amenity space, Members considered it to be an overdevelopment of the site. Members generally felt that a reduction in the number of dwellings proposed by 4-6 may overcome this concern.

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=539906

REASON FOR REFUSAL

- 1 By reason of the proximity of the side elevation to the boundary with 80 Princes Road the proposal would have an excessively over-dominant relationship with that house to the detriment of the character and appearance of the locality. It is therefore contrary to Local Plans and Alterations policy DBE10, which is consistent with the National Planning Policy Framework.

POSITIVE AND PROACTIVE STATEMENT:

Members found very special circumstances existed in respect of this development. The circumstances comprised of: the nature of the existing lawful use of the site, which would be excessively harmful to the living conditions of neighbours; that the land is previously developed and that alternative employment uses would be likely to cause harm to residents' living conditions. They subsequently determined to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
