Report Item No: 5

APPLICATION No:	EPF/1981/12
SITE ADDRESS:	225 Lambourne Road Chigwell Essex IG7 6JN
PARISH:	Chigwell
WARD:	Chigwell Row
DESCRIPTION OF PROPOSAL:	Retrospective planning application to retain loft conversion involving increase to the ridge of the roof, three front dormers and rear dormer including proposed reduction in size of rear dormer.
DECISION:	Refuse Permission

http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=542437

Members found the proposal did not properly deal with the concerns of the Planning Inspector set out in the decision letter dated 13 August 2012, PINS ref APP/J1535/D/122175651. Members found the reduced proposal would cause substantially the same degree of harm as the existing rear dormer window. Members were advised Planning Enforcement Action would continue.

REASON FOR REFUSAL

- 1 The rear dormer to be retained, due to its overall width, size and bulk, it would be detrimental to the visual amenity of neighbouring occupiers and character of the surrounding area. It therefore fails to accord with Adopted Local Plan policies CP2, DBE9 and DBE10.

POSITIVE & PROACTIVE STATEMENT:

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Applicant. However, the Committee Members considers that the issues are so fundamental to the proposal that it has not been possible to negotiate a satisfactory way forward and due to the harm which has been clearly identified within the reason(s) for the refusal, approval has not been possible.

Report Item No: 7

APPLICATION No:	EPF/2122/12
SITE ADDRESS:	43 Trap's Hill Loughton Essex IG10 1TB
PARISH:	Loughton
WARD:	Loughton St Marys
DESCRIPTION OF PROPOSAL:	New front boundary wall with a gated entry. (Revised application)
DECISION:	Refuse Permission

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=543018

The proposal was found by members to be an uncharacteristically tall form of enclosure. The use of solid timber gates and wire mesh fencing would have a poor appearance of themselves, and the provision of landscaping would not necessarily be an effective form of mitigation of their visual impact. A lower and more open form of boundary treatment should be explored with officers, to establish an appropriate design solution.

REASON FOR REFUSAL

- 1 By reason of the height and design, the proposed gate and wall/fence would appear incongruous in the street scene to the detriment of the character and appearance of the locality. The proposal is therefore contrary to Local Plan and Alterations policies CP2 and DBE1, which are consistent with the policies of the National Planning Policy Framework.

POSITIVE & PROACTIVE STATEMENT:

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and clearly setting these out in the reason(s) for refusal. Furthermore, Members of the planning committee which took the decision to refuse planning permission have been asked to consider whether there are opportunities to amend the development to address this harm. Where a potential way forward has been identified, this has been communicated to the Applicant. The Local Planning Authority is willing to provide pre-application advice in respect of any future application for a revised development.
