**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 05:027:2Ei, 05:027:3Ki, 05:027:4Ci, 050:27:5xiiJB, 050:27:6xJB, 05:027:IMi
- 3 No development shall take place until samples of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details. For the purposes of this condition, the samples shall only be made available for inspection by the Local Planning Authority at the planning application site itself.
- 4 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other order revoking, further amending or re-enacting that order) no development generally permitted by virtue of Part 1, Class A, B, C, D and E shall be undertaken without the prior written permission of the Local Planning Authority.
- 5 No development shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved in writing by the Planning Authority.
- 6 No development shall take place until details of foul and surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.

- 7 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 8 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]
- 9 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 10 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of

any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval. The approved monitoring and maintenance programme shall be implemented.

- 11 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 12 If any tree, shrub or hedge shown to be retained in accordance with the approved plans and particulars is removed, uprooted or destroyed, or dies, or becomes severely damaged or diseased within 3 years of the completion of the development, another tree, shrub or hedge of the same size and species shall be planted within 3 months at the same place, unless the Local Planning Authority gives its written consent to any variation. If within a period of five years from the date of planting any replacement tree, shrub or hedge is removed, uprooted or destroyed, or dies or becomes seriously damaged or defective another tree, shrub or hedge of the same species and size as that originally planted shall, within 3 months, be planted at the same place.
- 13 No development shall take place, including site clearance or other preparatory work, until details of hard and soft landscape works have been submitted to and approved in writing by the Local Planning Authority. These shall include: details of existing features to be retained; means of enclosure (hard or soft); areas of additional hardstanding; and car parking details and layout. These works shall be carried out as approved, unless the Local Planning Authority gives its written consent to any variation.
- 14 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.

[http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=543289](http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=543289)

**CONDITIONS**

- 1 The works hereby permitted must be begun not later than the expiration of three years, beginning with the date on which the consent was granted.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 05:027:2Ei, 05:027:3Ki, 05:027:4Ci, 050:27:5xiiJB, 050:27:6xJB, 05:027:IMi
- 3 Samples of the types and details of colours of all proposed materials and finishes shall be submitted for approval in writing by the Local Planning Authority prior to the commencement of the development, and the development shall be implemented in accordance with such approved detail.
- 4 Additional drawings that show details of proposed new windows, doors, eaves, verges, cills, and any changes to the walls, floor and roof, by section and elevation at scales between 1:20 and 1:1 as appropriate, shall be submitted to and approved by the Local Planning Authority in writing prior to the commencement of any works.
- 5 Prior to the repair of the timber frame, and notwithstanding the details submitted, the repairs to the timber frame shall be agreed in writing by the Local Planning Authority following careful removal of the concrete surrounding the timber frame. The repairs shall thereafter be carried out in accordance with the agreed details.
- 6 Any existing boarded doors shall be retained and repaired, unless otherwise agreed in writing with the Local Planning Authority.

- 7 Prior to the subdivision of the site or erection of any boundary treatment, details of all new boundaries and any new hard landscaping shall be submitted to and approved in writing by the Local Planning Authority. The development shall thereafter be carried out and retained in accordance with these details, unless otherwise agreed in writing by the Local Planning Authority.

**Report Item No: 3**

<b>APPLICATION No:</b>	EPF/2282/12
<b>SITE ADDRESS:</b>	Sedgegate Nursery Sedge Green Nazeing Waltham Abbey Essex EN9
<b>PARISH:</b>	Nazeing
<b>WARD:</b>	Lower Nazeing
<b>DESCRIPTION OF PROPOSAL:</b>	Retrospective change of use of premises for the restoration and renovation of motor vehicles for hobby purposes
<b>DECISION:</b>	Refused Permission

**Click on the link below to view related plans and documents for this case:**

[http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=543701](http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=543701)

**REASONS FOR REFUSAL**

- 1` The retention of the buildings subject of this application is inappropriate development in the Green Belt and no very special circumstances exist that clearly outweigh the harm from this development. This is therefore contrary to policy GB2A of the adopted Local Plans and Alterations.
- 2 The retention of the use of the buildings subject of this application is unacceptable as the structures are not of a permanent and substantial construction, and are thus unsuitable for the ongoing use, contrary to policy GB8A(i) of the adopted Local Plans and Alterations.
- 3 The retention of the use of the buildings subject of this application for the use of motor repairs and restoration is contrary to the aims of the Lee Valley Regional Park Authority and would cause harm to the character and function of the Lee Valley Regional Park, contrary to policy RST24 of the adopted Local Plan and Alterations.
- 4 The retention of the use of the buildings subject of this application is contrary to the use of the area for horticultural and agricultural purposes within the designated glasshouse area. Therefore the proposal is contrary to policy E13B of the adopted Local Plan and Alterations.
- 5 The retention of the use of the buildings subject of this application is unacceptable as the structures are not of a permanent and substantial construction, and thus unsuitable for the ongoing use of restoration and renovation of motor vehicles, due to the disturbance caused to neighbouring properties, by way of noise, fumes, dust and odours, contrary to policies RP5A and DBE9 of the adopted Local Plans and Alterations.

## **POSITIVE AND PROACTIVE STATEMENT**

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and clearly setting these out in the reason(s) for refusal. Furthermore, Members of the planning committee which took the decision to refuse planning permission have been asked to consider whether there are opportunities to amend the development to address this harm. Where a potential way forward has been identified, this has been communicated to the Applicant. The Local Planning Authority is willing to provide pre-application advice in respect of any future application for a revised development.
