**CONDITIONS**

- 1 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 3212/1A, 3212/4 and 3212/5.
- 2 Within 6 months of the date of this consent I a scheme of soft landscaping and a statement of the methods, including a timetable, for its Implementation (linked to the development schedule), shall be submitted to the Local Planning Authority and approved in writing. The landscape scheme shall be carried out in accordance with the approved details and the agreed timetable. If any plant dies, becomes diseased or fails to thrive within a period of 5 years from the date of planting, or is removed, uprooted or destroyed, it must be replaced by another plant of the same kind and size and at the same place, unless the Local Planning Authority agrees to a variation beforehand in writing.
- 3 Any gates erected at the access to the site shall be inward opening only and shall be set back a minimum of 6 metres from the back edge of the carriageway.
- 4 No unbound material shall be used in the surface treatment of the vehicular access within 10m of the highway boundary with the site.

- 5 The site shall be used for the parking of a maximum of 10 buses/coaches or minibuses, unless otherwise agreed in writing by the Local Planning Authority and these shall be parked in the locations shown on the approved plan no. 3212/4.
- 6 Only buses coaches and minibuses operating from this site and the adjacent Poplars Farm depot and farm machinery used in farming of the land belonging to the Barker family as outlined in blue on the application drawings shall be maintained and repaired at the site.
- 7 Within 12 months of the date of this approval, all materials, vehicles/caravans and other open storage at the site other than operational buses/coaches and minibuses shall be cleared from the site and thereafter there shall be no open storage of any kind within the site.
- 8 The bus and coach depot use hereby approved shall be used only as an extension to the existing bus and coach depot on the adjoining Poplars Farm as shown on drawing no. 3212/4, with access for buses and coaches to be taken through the existing vehicular access at Poplars Farm and shall not be sold or let as separate business.

[http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=545971](http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=545971)

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: The submitted location plan, MKB213 01, 02, 03C and 04B (03C and 04B received amended on 15/05/13)
- 3 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other order revoking, further amending or re-enacting that order) no development generally permitted by virtue of Part 1, Class A, B and E shall be undertaken without the prior written permission of the Local Planning Authority.
- 4 No boundary treatment shall be erected on or adjacent to the site, other than that which has previously been submitted and agreed in writing by the Local Planning Authority.
- 5 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or

establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.

- 6 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 7 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]
- 8 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]

- 9 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval in writing. The approved monitoring and maintenance programme shall be implemented.
- 10 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 11 Prior to the commencement of development a Great Crested Newt Survey shall be submitted to the Local Planning Authority for approval. If the survey finds the species to be present in the vicinity a scheme of mitigation and relocation, including a timetable for the work, shall be further submitted as part of this condition for approval and the agreed mitigation/relocation shall be carried out in accordance with the agreed timetable unless otherwise agreed in writing.
- 12 Prior to the commencement of development a scheme of mitigation for Barn Owls shall be submitted to the Local Planning Authority for approval. The scheme of mitigation, including a timetable for the work, shall be submitted as part of this condition for approval and the agreed mitigation shall be carried out in accordance with the agreed timetable unless otherwise agreed in writing.
- 13 The proposed site clearance works shall be undertaken outside the bird breeding season (March - August inclusive) unless otherwise agreed by the Local Planning Authority.
- 14 No development shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved in writing by the Planning Authority.
- 15 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 08.00 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 16 No development shall take place until details of foul and surface water disposal have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such agreed details.

**CONDITIONS**

- 1 The works hereby permitted must be begun not later than the expiration of three years, beginning with the date on which the consent was granted.
- 2 No development shall take place until samples of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority in writing prior to the commencement of the development. The development shall be implemented in accordance with such approved details. For the purposes of this condition, the samples shall only be made available for inspection by the Local Planning Authority at the planning application site itself.
- 3 A sample panel of brickwork shall be constructed on site showing the brick bond, mortar mix and pointing profile to be used for new brickwork to be approved by the Local Planning Authority.
- 4 Additional drawings that show details of proposed new windows, doors, eaves, verges, cills, structural openings and junctions with existing buildings in section and elevation at scales between 1:2 and 1:20 as appropriate shall be submitted to and approved by the Local Planning Authority prior to the commencement of works.
- 5 Additional drawings that show details of proposed changes to walls, floors and roof to address building regulation requirements in section at scales between 1:2 and 1:20 as appropriate shall be submitted to and approved by the Local Planning Authority prior to the commencement of works.
- 6 Sections showing new floors in relation to the existing timber frame shall be submitted to and approved by the Local Planning Authority prior to the commencement of works.

- 7 Additional drawings of new boundary treatments and any hard landscaping shall be submitted to and approved by the Local Planning Authority prior to their installation.
- 8 Details of any new flues, pipes, extracts or meter boxes shall be submitted to and approved by the Local Planning Authority prior to their installation.
- 9 Any new external pipes and rainwater goods shall be in painted metal
- 10 Historic fixtures and fittings, including internal boarding, shall be retained unless otherwise agreed in writing with the Local Planning Authority.

[http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=546033](http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=546033)

The Committee's attention was drawn to a representation from the Council's Director of Housing Services and from the National Health Services Property Services Ltd.

Member's agreed to Grant Permission subject to the completion of a s106 Legal Agreement, within 3 months of this resolution, securing a financial contribution of £430,000 in lieu of on-site affordable housing, payable on Practical Completion of the development.

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 The development hereby permitted will be completed strictly in accordance with the approved drawings nos: 40013WA-PL01 to 40013WA-PL07 and 120287.
- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such approved details.
- 4 Prior to first occupation of the development hereby approved, the proposed window opening(s) on first and second floors that service the communal hallways along the rear elevation shall be entirely fitted with obscured glass and shall be permanently retained in that condition.
- 5 No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.

- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 7 Prior to development, including works of demolition or site clearance, tree protection measures shall be installed in accordance with Barrell Tree Consultancy - Arboricultural Impact Appraisal and Method Statement dated February 2013. The development shall be carried out in accordance with this approved document unless the Local Planning Authority give its written consent to any variation.
- 8 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 9 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 10 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.  
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 11 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval in writing. The approved monitoring and maintenance programme shall be implemented.
- 12 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 13 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 08.00 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 14 No development shall take place until details of levels have been submitted to and approved in writing by the Local Planning Authority showing cross-sections and elevations of the levels of the site prior to development and the proposed levels of all ground floor slabs of buildings, roadways and accessways and landscaped areas. The development shall be carried out in accordance with those approved details.
- 15 No development shall commence until a scheme to enhance the nature conservation interest of the site has been submitted to and agreed in writing by the Local Planning Authority. The scheme shall be implemented in full prior to the occupation of the development hereby approved.

- 16 Notwithstanding the parking layout shown on the approved plan (drawing no: [40013WA – PL02](#)), prior to commencement of the development, the developer shall submit a revised parking layout to demonstrate how 15 spaces could be accommodated within the site, the full details of which shall be agreed in writing by the Local Planning Authority. The approved parking details shall be provided prior to the first occupation of the development and shall be retained free of obstruction for the parking of residents and visitors' vehicles in perpetuity.
- 17 Prior to commencement of the development details showing the means to prevent the discharge of surface water from the development onto the highway shall be submitted to and approved in writing by the Local Planning Authority. This approved scheme shall be carried out in its entirety prior to the access becoming operational and shall be retained at all times.
- 18 The proposed development hereby approved shall be carried out in accordance with the proposals in the Flood Risk assessment prepared by Mott MacDonald dated February 2013 unless otherwise agreed in writing with the Local Planning Authority.
- 19 The proposed development hereby approved shall be carried out in accordance with the Ecological Appraisal & Building Inspections prepared E.P.R dated January 2013 unless otherwise agreed in writing with the Local Planning Authority.
- 20 The facades of the development shall be provided with sufficient double glazing and acoustically treated ventilators, or other means of ventilation that will provide adequate ventilation with the windows closed, as detailed within the AS7287.130214.N/A, provided by Alan Sauders Associates.
- 21 Details of the proposed double glazing and acoustically treated trickle ventilators, or other means of ventilation, shall be submitted to and agreed in writing by the Local Planning Authority and installed before any proposed residential development is occupied. The double glazing and trickle vents should be installed correctly to ensure that they provide the correct level of acoustic insulation.
- 22 The development hereby permitted shall only be occupied by persons aged 60 years or over or, in the case of couples living together as a single household, where one occupier is aged 60 or over and the other occupier is aged 55 or over.
- 23 Prior to first occupation of the development the following details shall have been submitted to and approved in writing by the Local Planning Authority in consultation with the Highway Authority:
  - A. The access arrangements as shown in principle on drawing no.40013WA-PL02 to include, if a bell-mouth access is to be formed, two pedestrian crossing points with appropriate tactile paving across the access.
  - B. The provision of two pedestrian crossing points with appropriate tactile paving across The Gladeway at its junction with Farm Hill Road.
  - C. The provision of two pedestrian crossing points with appropriate tactile paving across Broomstick Hall Road, adjacent to the mini-roundabout, with the possibility of utilising and upgrading the existing refuge island in width and with tactile paving.
  - D. The provision of a flag and pole with integral telematics, raised kerbs and new bus cage with "No Waiting" plate to Essex County Council specification at an existing bus stop in the vicinity of the site.

E. The provision of raised kerbs to Essex County Council specification at "The Green Man" bus stop on the south side of Farm Hill Road.

The approved scheme of works shall be implemented prior to first occupation of the development.

**CONDITIONS**

- 1 The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
- 2 Materials to be used for the external finishes of the proposed development, shall match those of the existing building, unless otherwise agreed in writing by the Local Planning Authority.
- 3 Prior to first occupation of the development hereby approved, the proposed window openings in the northern first floor flank elevation shall be entirely fitted with obscured glass and have fixed frames to a height of 1.7 metres above the floor of the room in which the window is installed and shall be permanently retained in that condition.
