- 3 No construction works above ground level shall take place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved in writing by the Local Planning Authority. The development shall be implemented in accordance with such approved details.
- 4 The development shall be carried out in accordance with the Flood Risk Assessment and Drainage Strategy submitted with the application unless otherwise agreed in writing with the Local Planning Authority.
- 5 No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan, Arboricultural Method Statement and site monitoring schedule in accordance with BS 5837:2012 (Trees in relation to design, demolition

and construction - Recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.

- 6 No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to and approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.
- 7 Prior to first occupation of the proposed development, the Developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport, approved by Essex County Council.
- 8 No development shall take place, including any works of demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Statement shall be adhered to throughout the construction period. The Statement shall provide for:
 1. Suitable access arrangements to the application site in connection with the demolition/construction operations to include a one way system to prevent vehicles conflicting at the access points onto the High Street
 2. Wheel washing facilities for the duration of the development to prevent the deposition of mud and debris onto the public highway
 3. Turning and off loading facilities for delivery/construction vehicles within the limits of the application site together with an adequate parking area for those employed in developing the site.
 4. Storage of plant and materials used in constructing the development within the site.
 5. The erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate.
 6. Measures to control the emission of dust and dirt during construction.
 7. A scheme for recycling/disposing of waste resulting from demolition and construction works.

8. A routing agreement detailing proposed routes of vehicles making deliveries to the site.
9. Details for the method of constructing the biodiversity lagoon and means of protecting the Protected Horse Chestnut Tree on the adjacent land.
- 9 All construction/demolition works and ancillary operations, including vehicle movement on site which are audible at the boundary of noise sensitive premises, shall only take place between the hours of 08.00 to 18.30 Monday to Friday and 08.00 to 13.00 hours on Saturday, and at no time during Sundays and Public/Bank Holidays unless otherwise agreed in writing by the Local Planning Authority.
- 10 No development or preliminary groundwork's of any kind shall take place until the applicant has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which has been submitted by the applicant and approved in writing by the Planning Authority.
- 11 Notwithstanding the provisions of the Town and Country Planning General Permitted Development Order 1995 as amended (or any other Order revoking, further amending or re-enacting that Order) no porches at all, no extensions/enlargements to the houses hereby approved that are more than 4m high and no outbuildings within their curtilage, generally permitted by virtue of Classes A, B, D, E of Part 1, Schedule 2 to the Order and installation of microgeneration equipment generally permitted by Classes A, B, H and I of Part 40, Schedule 2 to the Order shall be undertaken without the prior written permission of the Local Planning Authority.
- 12 No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]
- 13 Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model

Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

- 14 Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.
[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]
- 15 Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval in writing. The approved monitoring and maintenance programme shall be implemented.
- 16 In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
- 17 No development shall take place, including any works of demolition, until a lighting scheme for all outside lighting for the development is submitted to, and agreed in writing by the Local Planning Authority and the development shall be implemented in accordance with such agreed details.
- 18 Before any preparatory, demolition or construction works commence on site a full survey and mitigation strategy for the whole site shall be carried out and submitted to the Local Planning Authority, with a working methodology for site clearance and construction work to minimise impact to any protected species. Development shall be undertaken only in accordance with the agreed methodology and strategy.
- 19 Notwithstanding the provisions of the Town & Country Planning General Permitted Development Order 1995 (or of any equivalent provision in any Statutory Instrument revoking or re-enacting that Order), the garages hereby approved shall be retained so that they are capable of allowing the parking of cars together with any ancillary

storage in connection with the residential use of the site, and shall at no time be converted into a room or used for any other purpose.

- 20 No development shall take place, including any works of demolition, until additional details of the proposed crib wall together with details of landscaping and its implementation within 3m of the wall are submitted to, and agreed in writing by the Local Planning Authority and the development shall be implemented in accordance with such agreed details.
- 21 No infiltration of surface water drainage into the ground is permitted other than with the express written consent of the local planning authority, which may be given for those parts of the site where it has been demonstrated that there is no resultant unacceptable risk to controlled waters. The development shall be carried out in accordance with the approval details.
- 22 No development hereby approved shall take place until measures to enable the provision of education improvements to the local area, necessitated by this development, are secured.

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=544447

REASONS FOR REFUSAL

- 1 The proposed development is inappropriate within the Metropolitan Green Belt and no very special circumstances exist sufficient to outweigh the harm that would result, contrary to policy GB2A of the Adopted Local Plan and Alterations and the policies of the National Planning Policy Framework.
- 2 Due to the height and design of the development and its position on open rising land, the proposed dwellings will be visually prominent and intrusive within the rural landscape and harmful to the rural character and openness of the area, contrary to GB7A, CP2 and LL2 of the Adopted Local Plan and Alterations. In addition it will be visually intrusive at night in an area that is otherwise dark, contrary to the Theydon Bois Village Design Statement, Dark Skies Policy.
- 3 The proposed development is poorly located with regard to access by pedestrians and cyclists or by public transport and is relatively remote from services and employment opportunities. As such, the proposal is not considered to be sustainable development and is contrary to policies CP1, CP3, ST1 and ST2 and the principles of the National Planning Policy Framework.

Members were advised that the applicants had advised that they were not willing to be bound by Condition 3 (hours of use) as wedding functions could overrun. The officer advised that in her view, Condition 3 was not strictly necessary provided condition 2 remained in place and the recommendation remained to grant. The application was refused for the following reasons:

REASONS FOR REFUSAL

- 1 The marquee is inappropriate development harmful to the openness of the Green Belt and there are no very special circumstances sufficient to outweigh the harm from the development. The proposal is therefore contrary to the National Planning Policy Framework and policy GB2A of the adopted Local Plan and Alterations.
- 2 The marquee, due to its siting and design is harmful to the setting of the adjacent Grade II listed building, contrary to policy HC12 of the adopted Local Plan and Alterations and the National Planning Policy Framework.
- 3 The use of the marquee will lead to noise and disturbance, harmful to residential amenity, contrary to policy DBE2 of the adopted Local Plan and Alterations.

The officer referred to 3 letters from neighbours reiterating their original concerns following consultation on the amended plans. These were from 2 Bluemans, 4 Bluemans and 7 Hows Mead. In addition the Parish Council had confirmed that their concerns remain unchanged. The application was refused for the following reasons:

REASONS FOR REFUSAL

- 1 The proposed dwelling due to its size, height, design and siting, forward of the building line of Bluemans, is out of keeping with the street scene and harmful to the character and amenity of the area, contrary to policies CP7 and DBE1 of the adopted Local Plan and Alterations.
- 2 The proposed dwelling due to its position in relation to the boundary with No. 2 Bluemans, and its excessive height and bulk would lead to a loss of light and outlook to a side facing habitable room window in that property, which would cause excessive loss of residential amenity, contrary to policy DBE9 of the adopted Local Plan and Alterations.

The Officer referred to 2 additional objections received: 1 from The Epping Society and 1 from no 16 Bower Court which raised concerns similar to those of other objectors. The application was refused for the following reasons:

REASONS FOR REFUSAL

- 1 The proposed dwelling, due to its bulk, massing and design would be over dominant and out of keeping with, and harmful to the street scene, and the visual amenity of the area, contrary to policies CP7 and DBE1 of the adopted Local Plan and Alterations.
