REASON FOR REFUSAL

- 1 Although it is recognised that management of both trees is required this is not sufficient to justify the loss of their visual and other amenity. The quality and life expectancy of the adjacent ash trees is not such that they can be relied on as successors to the poplars, as suggested. The loss of the trees' existing and potential visual amenity is therefore contrary to policy LL9 of the Council's Adopted Local Plan and Alterations.

DECISION:	Refuse Permission

http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=547510

REASONS FOR REFUSAL

- 1 By reason of its bulk and massing, particularly at the rear elevation, and by reason of its poor detailed design, particularly its roof form and scale of portico at the front elevation, the proposed house would fail to respect its setting and appear inappropriately conspicuous when seen from both the street and the Green Belt beyond the northern site boundary. As a consequence, the proposal would cause excessive harm to the character and appearance of the locality and be harmful to the visual amenities of the Green Belt. Accordingly and the proposal is contrary to adopted Local Plan and Alterations policies CP2(iv), DBE1 and GB7A, which are consistent with the policies of the National Planning Policy Framework.

POSITIVE AND PROACTIVE STATEMENT

Members found a redesigned proposal with a more appropriate roof form to the locality that also gives attention to the visual impact of the rear elevation would be likely to address their objections. The applicant is also advised to address the visual impact of the undercroft car parking to the rear and the portico at the front.

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=548210

REASON FOR REFUSAL

- 1 By reason of its height and siting adjacent to the back gardens of 249 and 251 Willingale Road, the building appears excessively overbearing and seriously detracts from outlook from these properties. It is therefore harmful to the living conditions of 249 and 251 Willingale Road. Accordingly, the building is contrary to adopted Local Plan and Alteration policy DBE9, which is in accordance with the National Planning Policy Framework.

POSITIVE AND PROACTIVE STATEMENT

Members found a redesign of the roof of the building that would achieve a substantially lower overall height is likely to overcome the reason for refusal.

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=548732

REASON FOR REFUSAL

- 1 The proposed house, by reason of its height, size, and proximity to neighbouring dwellings, would result in an overbearing development that would detract from the amenity, outlook, and privacy of residents in neighbouring properties. The proposal is therefore contrary to policy DBE9 of the adopted Local Plan and Alterations, and also contrary to the National Planning Policy Framework.
- 2 The proposal, by reason of the restricted size of plot, represents an overdevelopment of the site resulting in inadequate amenity space being provided for residents of the proposed dwelling. The absence of a rear garden also results in a cramped form of development that is out of character with the locality. The proposal is therefore contrary to policies DBE8, DBE1, CP2, and CP7 of the adopted Local Plan and Alterations, and contrary to the National Planning Policy Framework.
- 3 There are two preserved trees on this site, and no arboricultural evidence has been submitted to show that the health and well being of these trees will not be harmed by the proposal development. The proposal is therefore contrary to policy LL10 of the adopted Local Plan and Alterations, and contrary to the National Planning Policy Framework.
