**REASON FOR REFUSAL**

- 1 The proposed additions, by reason of their bulk and position, would result in a disproportionate enlargement of the dwelling. The proposal therefore represents inappropriate development which would cause harm to the open character of the Green Belt, contrary to policy GB2A of the adopted Local Plan and Alterations, and also contrary to the National Planning Policy Framework.
- 2 The proposed additions, by reason of their bulk and position, would result in a dwelling that would dominate the listed building on the site. The proposal would therefore detract from the setting of a listed building contrary to policy HC12 of the adopted Local Plan and Alterations, and contrary to the National Planning Policy Framework.

**POSITIVE AND PROACTIVE STATEMENT**

A revised application proposing a smaller side extension and/or a rear extension which would face away from the listed building, would be more likely to be acceptable.

The Committee's attention was drawn to a letter of representation from White Bear House, London Road, Stanford Rivers.

**REASON FOR REFUSAL**

- 1 The proposed development is inappropriate development in the Green Belt. Moreover, by reason of the significant upper storey bulk of the proposed houses, the proposed development would cause considerably greater harm to the openness of the Green Belt than the development approved under planning permission ref EPF/1008/11. The considerations put forward in favour of the development do not amount to very special circumstances that outweigh all of the harm that would be caused by it. Consequently the proposal is contrary to Local Plan and Alterations policies GB2A and GB7A, which are consistent with the provisions of the national Planning Policy Framework.

<b>WARD:</b>	Epping Hemnall
<b>DESCRIPTION OF PROPOSAL:</b>	Demolition of the existing dwelling and garage building, with the erection of a terrace of 4 no. 2 and a half storey dwellings and alterations to the vehicular entrance and front boundary wall, some of which falls within the Conservation Area. (Revised application)
<b>DECISION:</b>	Refused Permission

**REASON FOR REFUSAL**

- 1 The proposal would represent an overdevelopment of this site and therefore is inappropriate in this location, by reason of its size and scale and would appear too cramped and dominant relative to neighbouring houses on this side of the road, and therefore out of keeping to the appearance of the street scene, contrary to policies CP2 and DBE1 of the adopted Local Plan and Alterations and guidance as contained within the National Planning Policy Framework.

<b>PARISH:</b>	Epping  Epping Upland
<b>WARD:</b>	Broadley Common, Epping Upland and Nazeing  Epping Lindsey and Thornwood Common
<b>DESCRIPTION OF PROPOSAL:</b>	Demolition of existing nursery buildings, erection of detached bungalow and garage and change of use of land to garden with provision of landscaping.
<b>DECISION:</b>	Refused Permission

[http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH\\_TYPE=1&DOC\\_CLASS\\_CODE=PL&FOLDER1\\_REF=549036](http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=549036)

**REASON FOR REFUSAL**

- 1 The site is within the area identified in the Epping Forest District Local Plan as Metropolitan Green Belt. The proposal to construct a bungalow with a detached garage is defined as being an inappropriate development and by definition would be harmful within the Green Belt. No adequate very special circumstances have been demonstrated by the applicant to outweigh the harm of the development to the Green Belt. The development is therefore contrary to policies CP2 and GB2A of the Adopted Local Plan and Alterations which are consistent with the National Planning Policy Framework.
- 2 The proposed development due to its poor design, in particular its excessive building footprint, size and scale and the use of inappropriate materials all contributes to a development that would be detrimental to the character and appearance of both the Bell Common and Copped Hall Conservation Areas and will adversely affect the setting of the Grade Two Listed building known as Ladderstile Farmhouse. The development is therefore contrary to policies HC6, HC7 and HC12 of the Adopted Local Plan and Alterations and the National Planning Policy Framework.

**REASONS FOR REFUSAL**

- 1 The proposed engineering operations would introduce unnecessary and unjustified additional development to the site that would erode the rural character and openness of the area. As such, the proposed works would constitute inappropriate development harmful to the Green Belt. There are no very special circumstances that clearly outweigh this harm, and therefore the proposal is contrary to the guidance contained within the National Planning Policy Framework and policies GB2A and GB7A of the adopted Local Plan and Alterations.

The Committee's attention was drawn to representations from 1 & 3 Elm Gardens. A petition was also received by Members of the Committee.

**REASONS FOR REFUSAL**

- 1 The proposal would result in a harmful impact on the amenities of local residents in this cul-de-sac by reason of increased traffic movement to and from the property, contrary to policies DBE2 and DBE9 of the adopted Local Plans and Alterations and the National Planning Policy Framework.
