Notes for Guidance

This application cannot be used to vary the licence so as to extend the period for which the licence has effect or to vary substantially the premises to which it relates. If you wish to make that type of change to the premises licence, you should make a new premises licence application under section 17 of the Licensing Act 2003.

1. You do not have to pay a fee if the only purpose of the variation for which you are applying is to avoid becoming liable to the late night levy.
2. Describe the premises. For example the type of premises, its general situation and layout and any other information which could be relevant to the licensing objectives. Where your application includes off-supplies of alcohol and you intend to provide a place for consumption of these off-supplies, you must include a description of where the place will be and its proximity to the premises.
3. Where taking place in a building or other structure please tick as appropriate (indoors may include a tent).
4. For example state type of activity to be authorised, if not already stated, and give relevant further details, for example (but not exclusively) whether or not music will be amplified or unamplified.
5. For example (but not exclusively), where the activity will occur on additional days during the summer months.
6. For example (but not exclusively), where you wish the activity to go on longer on a particular day e.g. Christmas Eve.
7. Please give timings in 24 hour clock (e.g. 16:00) and only give details for the days of the week when you intend the premises to be used for the activity.
8. If you wish people to be able to consume alcohol on the premises, please tick 'on the premises'. If you wish people to be able to purchase alcohol to consume away from the premises, please tick 'off the premises'. If you wish people to be able to do both, please tick 'both'.
9. Please give information about anything intended to occur at the premises or ancillary to the use of the premises which may give rise to concern in respect of children regardless of whether you intend children to have access to the premises, for example (but not exclusively) nudity or semi-nudity, films for restricted age groups or the presence of gaming machines.
10. Please list here steps you will take to promote all four licensing objectives together.
11. The application form must be signed.
12. An applicant's agent (for example solicitor) may sign the form on their behalf provided that they have actual authority to do so.
13. Where there is more than one applicant, each of the applicants or their respective agents must sign the application form.
14. This is the address which we shall use to correspond with you about this application.

- The following conditions apply to the placing of an order for insertion of advertisements in Newsquest Media Group ("Newsquest") printed or electronic publications. Each order will form a separate agreement and English law will apply. Any change to these conditions must be agreed by us in writing (which means by exchange of letter, fax or email). An "advertiser" means any person or organisation placing an advertisement on their own account or on behalf of another.
 - The advertiser confirms that the advertisement complies with all applicable legislation, regulations and codes of practice, including the codes supervised by the Advertising Standards Authority. We may reject or require changes to any advertisement so as to comply with legal or moral obligations placed on us or the advertiser, to avoid infringing the rights of a third party or to meet our published production and quality specifications.
 - The advertiser further confirms that:
 - the publication of the advertisement will not breach any contract, infringe the copyright, trademark or other right of any third party and is not libellous of any person;
 - all licences and consents from third parties necessary for the publication of the advertisement have been obtained and paid for, including consent from living persons identified in copy or pictures (photographic or otherwise);

 - All advertisements must be paid for in full at the time of booking unless credit has been agreed. The price shall be the amount fixed by our published rate card on the date of acceptance of the order plus VAT where applicable. For non-credit advertisers, we will cancel publication of an advertisement that has not been paid for on time. For credit advertisers, we will cancel publication of an advertisement that has not been paid for on time.
- Cancellation**
- We will notify the advertiser of the latest time that orders can be cancelled (the "booking deadline") and the latest time that advertising copy can be received by us ("the copy deadline"). An advertiser may cancel up until copy deadline and we will make reasonable efforts to re-sell the space, but the advertiser will be liable for the full price if the space is not sold and we will recoup any unearned volume-based discount. Private advertiser's booking by telephone or online may cancel in accordance with relevant law, but no refund shall be available after the copy deadline unless cancellation is due to our negligence. If the copy is not received by the copy deadline, we will not be liable if the advertisement does not appear, but the advertiser will remain liable to make full payment for the price of the advertisement.
 - We will try to satisfy an advertiser's request regarding the positioning of an advertisement, but no guarantee of position can be given unless agreed by us and paid for at the rate then current.
- Errors**
- We are not liable for any error, omission or non-appearance of an advertisement unless caused by our negligence, in which case the advertiser will be entitled to a re-impression or proportionate refund. The advertiser is solely responsible for checking the advertisement on each insertion and ordering correction where necessary. Dear Madam/Sir

Nu Bar, 153, High Road Loughton.

As a responsible authority under the 2003 Licensing Act this planning department makes the following representations on this application for a variation of a premises licence.

The application seeks to extend supply of alcohol, music and dance from 12 midnight on Sundays to 1am on Mondays, with the premises being closed at 1.30am. The premises are already open till 2.30 am on Saturday and Sunday mornings. While located in a High Road location there are flats in the High Road, and residential streets lie very close to the site with 12 flats at The Chestnuts and Ollards Court lying opposite at 60 metres from the premises.

The Planning Authority objects to this application on the following grounds. Firstly, use of these premises will give rise to noise from music and activities within the property that would cause a nuisance to nearby residents trying to sleep late on Sunday night, or early on Monday mornings, when ambient noise levels are very low. Secondly, customers will inevitably park in nearby residential streets, and the problem of noise nuisance from cars starting and people talking and shouting in the early hours of Monday, coupled with people hailing and waiting for taxis, would also cause a noise nuisance to residents. Thirdly, most residents in the locality will be going to work on Monday mornings, and their children going to school. In this context late night opening till 1.30 am on Mondays, following on from late night opening on the previous Sunday and Saturday mornings, would be detrimental to the well being of local residents. For these reasons the proposed variation of the license will give rise to public nuisance to residents in the locality, and the planning authority therefore objects to this variation.

Yours sincerely,

David Baker

Dear Ms Kits

Re: Notice of application for a variation of a premises license under the Licensing Act 2003 in respect of Nu Bar Public House 153 High Road, Loughton IG10 4LF

Members present at the Planning and Licensing Committee meeting on 12 August 2013, made the following representation.

The application to extend the sale of alcohol, late night refreshments and facilities for dancing, live music, recorded music, performance of dance and any similar activities on Sundays until 1am the following morning would have an adverse effect on three of the four licensing objectives, detailed below:

1. The prevention of crime and disorder.
2. Public safety.
3. The prevention of public nuisance.

The Committee OBJECTS to the granting of this variation of a premises license, as local residents (including children) would be subjected to disturbances early on Monday mornings.

I would be grateful if you can acknowledge receipt of this letter and let me know whether it will go to the Licensing Sub-Committee and date of this meeting, or be dealt with by officers.

Yours sincerely

Dear Sirs

Application to vary a premises licence under the Licensing Act 2003 in respect of Nu Bar Public House 153 High Road, Loughton4

We object to this application as local residents (including children) would be subjected to disturbances early on Monday mornings.

The LRA Plans Group looks at all planning & licensing applications in Loughton; it operates completely separately from those LRA Councillors who are, or might be, involved as Councillors in Town or District Council planning or licensing meetings, under a Protocol agreed with the District Council in respect of planning matters (and which we apply equally to licensing cases, on a voluntary basis).

Objections related to the Licensing Objectives

The grounds for the objection are that it would increase **crime and disorder** and affect **public safety** in the immediate vicinity, and along the roads leading to/from the premises. All* these roads are residential, including the High Road, which has flats above many of the shops, and many residents pass Nu-Bar on foot on their way to or from Loughton station (trains continue until 1am).

(* except Old Station Road).

Dear Sir/Madam,

**Re: New Premises Application – Greene King Retailing Ltd
Nu Bar, 153 High Road, Loughton, Essex IG10 4LF**

I would like to object to the application Greene King Retailing Ltd has made to open another premises to sell alcohol.

The reasons for my objections are

1. For the safety of the public.
2. The clientele are very likely to cause a nuisance as they leave the premises with drunken behaviour.
3. Based on current observations, there will be noise, fights, and broken glass strewn down the street. (The Forest Hall steps continually attract bottles, broken or otherwise, along with the selection of glasses.)
4. General fast food litter; as it seems that these people who get drunk tend to buy food on their way home and drop their rubbish on the streets.

The government have identified that alcohol is a problem among the nation and I would hope that the council will take this into consideration when granting licences to companies for all day / night drinking.

Forest Hall church hold a Mums & Tots Group on Monday mornings, also a children's clubs on Sunday afternoons and on evenings during the week; opening another premises of this nature so close to this building will put these young people's safety at risk. Drunken people are not the role models that we would wish our young children to emulate. We desire that they will drink sensibly and in moderation; and not to excess as happens on too many occasions in Loughton.

Yours faithfully,

Dear Sirs

NU BAR, 153 HIGH ROAD, LOUGHTON, ESSEX IG10 4LF

We refer to your letter of 29 July 2013 and wish to make representations in respect of the variation of premises licence application that has been made in respect of the above premises.

We wish to make representations on the grounds of the prevention of public nuisance and of crime and disorder.

We are continually finding glasses and bottles on the frontage of our building in particular on the footpath and in the flowerbeds. Additionally, the side entrance of the building has been used as a public convenience.

We are making an assumption that the people who are creating this nuisance and disorder are customers of the Nu Bar as this behaviour is what one would expect from people who have perhaps drunk a little too much.

As you can imagine, this causes inconvenience to us and it is not a very pleasant task for our caretaker to have to deal with the mess that has to be cleaned up. We feel by extending the hours there will only be more incidents as stated above.

Yours faithfully

Dear Sir / Madam

I am writing with regard to the new premises application made by Greene King Retailing Limited for Nu Bar 153 High Road, Loughton, Essex IG10 4LF.

I wish to make representation on the grounds of **the prevention of public nuisance**. I am already disturbed every weekend by noise from people coming from Luxe and Nu Bar. These people shout, scream and swear along the street just outside my flat. They also drive cars and motorbikes loudly and dangerously frequently sounding their horns. I feel this behaviour is likely to be due to a large intake of alcohol and fear that extending the hours for serving alcohol could only worsen this problem.

I can just about cope with being kept awake at the weekends, but this proposal is for a licence on Sunday until 1am – this is much too late for a Sunday night. This is a residential area and the situation is bad enough that I would move if I could afford it.

I would also like to make representation on the grounds of **the prevention of crime and disorder**. A few weeks ago someone was attacked with broken glass right outside my flat. I have also heard fights breaking out also likely to be fuelled by alcohol.

I have contacted the council on a number of occasions about the current problem, but it has not improved, I fear that if the problem worsens with this variation of premises licence I would continue to find complaining ineffectual.

Yours faithfully

Variation of Premises Licence Sale of Alcohol – dancing, live music and
karaoke
Sunday 11pm – 0100am Late Night Refreshment Sunday 11pm to 1 am

We would like to record our strongest possible objection to the granting of the above licences for the following reasons:-

- The High Road has become a late night venue where mobs of people are discharged from premises late at night and all of whom are inebriated to a different degree. Some are drunk and disorderly. The existing licence is more than satisfactory and already causes enough problems late at night and early in the mornings. Other drinking venues are also close to existing late night licences any extension is likely to add further to the violence that has occurred in the past. To prevent further crime and disorder the licences if granted at all should terminate at midnight at the latest on a Saturday and at 11.30pm on a Sunday.
- The High Road late at night has become a threatening place to young and old as people who frequent these places spill out onto the street and pedestrians have to walk in the road to avoid drunken louts. From a public safety viewpoint we believe that no extension to existing licences should be granted.
- We reside just over the road to the subject site at Ollards Grove and although it used to be a quiet residential street it is no longer the case. Frequently drunken hoards of youths having parked their cars in our road and then return to their cars after 12 pm and sometimes as late as 1.30am, singing, shouting, playing loud music, screeching car tyres and even hooting. Our grandchildren who stay at our house are frequently awoken as are we ourselves. It is not fair on the residents in Ollards Grove to impose further damage to our living environment by the creation of an even later licence and even more public nuisance. If their licence went onto 1 am then we could be disturbed as late as 2 am and beyond.
- I should also point out that these youths also throw litter, cans and empty wine bottles into residents' front gardens and bushes and into the road where smashed glass is a danger to motorists, pedestrians and children alike.

For all of the above reasons we would ask that the licence extension be refused.
Yours faithfully

Dear sirs

I am a tenant of Ollards Court, Ollards Grove, Loughton. I have forwarded your letter to my Landlords for them to respond as they see fit, but I feel very strongly about this application so also wanted to respond on my own behalf.

I am emailing you to make representation to you in respect of extending the opening hours of Nu Bar on Sundays to 1am Monday morning.

The grounds of my representation are based on

- The prevention of crime and disorder
- Public safety and
- The prevention of public nuisance

I would like to strongly oppose the extension of the licencing hours of Nu Bar on a Sunday – they are already open until 12 and there is constant noise outside my residence until at least 1am every Monday morning. I have lived in my property for 3 months and there has been some sort of disturbance every Sunday I have been there since I moved in.

Examples of disturbances have been

- there are regularly groups that gather, put music on very loudly in their cars and leave their car doors open.
- There is quite often loud talking/shouting
- A number of fights have broken out
- Bottles have been smashed in the surrounding area
- Car/motorbike engines are revved and cars appear to chase each other round the local area.

When the police attend they move them on, but in my experience this does not happen regularly. The staff from Nu Bar seem to do very little about this once the bar has closed – to extend the opening hours until 1am would mean that this noise would probably continue until at least 2am which is unacceptable considering that most people have to get up for school/work just a few hours after.

I also have 2 young children and the noise regularly wakes them and frightens them. When I am on my own in my property or when I have my children with me I am concerned for our safety when the disturbances get out of hand.

Although I was aware of the bar and its opening hours when I moved into my property the disturbances are much less prevalent on a Friday and Saturday night – already it appears much worse on a Sunday. I feel that on a Sunday they should not be allowed to open late at all, so to extend the opening hours based on the disturbances I have experienced is really not acceptable to me.

Dear sirs,

I am a director of [redacted] Ltd, the owner of [redacted] Ollards Court, Ollards Grove, Loughton.

The property is currently let and on behalf of the tenant and of ourselves we wish to oppose very strongly any extension of the licensing hours of the Nu Bar on the grounds of the prevention of public nuisance.

The bar is the source of a huge amount of disturbance and noise already which really should be addressed by the owners and the council before considering this extension. It is already open very late on a Sunday and there is constant noise outside the flat until at least 1am every Monday morning with groups that regularly gather outside the bar, put music on very loudly in their cars and leave their doors open. When the police attend they move them on, but in our experience they only attend about one occasion in every 4.

The staff from Nu Bar seem to be entirely disinterested in this. To extend the opening hours until 1am would mean that this noise would probably continue until at least 2am which is completely unacceptable.

I trust that you will bear our comments in mind when considering this application.

Thank you,

Dear Sirs,

Regarding your letter of the 29th July, we wish to confirm our objection to the above premises application to extend licensing hours to 1am on a Sunday.

The area already suffers disturbance, noise pollution with crime and public nuisance being a big issue. Every weekend a vast amount of litter via empty beer cans and bottles, vomit and indiscriminate parking in local streets degrades the area.

We strongly urge you not to accept this new application especially being a Sunday evening when local residence should be given some respite.

License Application for Nu Bar, 153 High Road, Loughton

Dear Sir/Madam,

I understand Nu Bar in Loughton has recently applied to extend their closing hours on Sunday evenings, from 12am to 1am. Please be aware that as a resident of Connaught Avenue (which is just across the road) I strongly object to this.

Currently, not only can I hear the music from Nu Bar, but I am also constantly woken up from people exiting Nu Bar once it has closed. Every weekend I am woken up from the sounds of shouting, girls screaming, fighting and aggressive behavior, which normally spills into my road and then police sirens. Personally, I do not think it is acceptable to extend their hours on Sunday nights when most people, including myself, have to get up early for work the next morning.

Whilst writing, I also understand that a new premises application has been made with regards to 112-120 High Street. I am unclear as to if this is planning to be another bar or a restaurant and so I am very concerned about this. As I mentioned above, not only am I woken up every weekend with people exiting Nu Bar, this also applies to people exiting Luxe, 126 High Street and therefore I am concerned about further premises selling alcohol late into the evening.

Yours sincerely,

Lisa Farr

Subject: Nu Bar licensing application

Dear Sir or Madam,

My partner and I have recently moved into Ollards Grove which is directly opposite the Nu Bar.

Since moving here we have been really surprised with the amount of noise that emanates from the bar and the immediate area.

First, the music in the bar is extremely loud and is even louder when the main door is opened.

Second, the people waiting outside and in the immediate vicinity are loud too. This noise is worse when it's later in the night. Men and women shouting as a result of alcohol!

The bar seems to attract a lot of sports cars. Often they speed past the bar, with their loud double exhaust engines echoing around the vicinity.

Sunday nights are the worst for public nuisance. In our opinion it's the noisiest night. Alcohol fuelled shouting and screaming.

Cars park up Ollards Grove, and their occupants often loiter around the cars. This is intimidating for anyone who wants to walk past as they completely block the pavement.

On Sunday 4th August at approx 2215hours there were approximately 8 males loitering around a Ford Focus. They appeared to be waiting for someone. Whilst waiting one of these males walked towards the dark part of the garages belonging to Mossford (builders) and urinated against the wall. A few minutes later a car pulls up and one of the males approaches the car and stoops his head into the passenger window. Half a minute later the car drives off. The eight males then walk towards the Nu Bar and join the queue outside the bar. Through my experience as being a serving police officer I suspect that a drug deal took place. I have only seen such behaviour on a Sunday, hence we believe that Sunday is the worst night.

We have witnessed two women urinating in the garages opposite and male urinating on the street. This has been photographed!

When we both leave our flat on a monday morning to go to work, we are always confronted with lots of take away containers and empty beer bottles on our grass. Now we know that it is difficult to prove that the customers of

the Nu Bar are responsible for this, but this evidence is typical of a person who has enjoyed a night out of drinking and since the Nu Bar is the only place open till late on a Sunday, its plausible to say that its the Nu Bar customers causing the mess on our grass.

One monday morning we noticed a wine glass had been left on the pavement. This was subsequently run over by a car the following day.

On Sun 11th Aug we were awoken at 0140hours due to a speeding sports car racing up the High Road towards Buckhurst Hill. This was followed by the drunken screams of girls. We dropped off to sleep to be awoken again at 0300 hours with drunken screaming. Similar disturbances were experienced in the early hours of Monday 19th Aug.

In our opinion extending the licensing hours to 0100hours should not be granted. More drinking time will ultimately encourage further anti social behaviour and will mean that the customers won't leave the immediate area until later.

We would be interested to know what Greene King think about what positive impact it will have on the Loughton community.

Kind regards

Subject: Nu-Bar

Dear Sir/Madam,

Licensing Application, 153 High Road (Nu-Bar)

We are very concerned to hear that there has been an application to extend the license from midnight on Sundays to 1am on Monday mornings. My wife, children and I live at 153 Connaught Avenue which clearly is within the orbit of Nu- Bar, attracting significant parking in the road adjacent to, and beyond, our house. Our representation is made on the following grounds:

1. **Public Nuisance** – at the moment the closing of Nu- Bar, including on Sunday evenings, is followed, often for some time by very loud and raucous shouting, slamming of car doors, revving of engines. On summer night's parties, and also disputes, are inclined to spill over from the club into the surrounding streets. Often we are awoken by these events. What this proposed extension means is that the disturbances will start and continue later in the night; and an extra hour of drinking will exacerbate matters.
2. **Public Safety** - the large numbers of people in the streets, some of whom have clearly had too much to drink, can lead to an atmosphere which is threatening and unpleasant. The number of bottles, and glasses, in the street the next morning is worrying.
3. **Crime and Disorder** - the Police will be able to provide the evidence but from personal observation and reading the local newspaper there is clearly a problem which will be made worse if this extension is approved.

We do hope that these representations will be seriously considered. We can think of no good reason why this request should be granted, and many why it should not.

Yours sincerely,

David and Philippa Gibbs,

Dear Sirs

Nu-Bar, High Road/Old Station Road, Loughton

We are writing to object to the application by the Nu-Bar to extend its licensing hours for the sale of alcohol and playing music by an hour, to closing at 1.00am on Monday mornings.

Although in the High Road, The Nu-Bar is in close proximity to private housing; there are flats in both Old Station Road and the High Road, and flats and houses in Ollards Grove, Connaught Avenue, Connaught Hill, High Beech Road and Smarts Lane. We are already experiencing noise nuisance late at night when trying to sleep, particularly when customers leave the bar late at night, shouting and yelling. This is a great public nuisance, as both children and adults are entitled to a good night's sleep before school/work on Monday morning. Indeed there are telephone numbers to call to report the nuisance, but there is often no-one available to attend the scene.

An extension to licensing hours would undoubtedly exacerbate the noise problem and increase the incidence of crime and disorder with neighbouring cars being damaged and residents' gardens vandalised and urinated in etc. Broken glass, bottles and vomit are often found in the adjoining streets, a safety issue to children and adults alike going to school/work/station on a Monday morning

Public safety is also threatened as the Nu-Bar is on the pedestrian route from Loughton Station and people are intimidated when trying to walk home past the crowd of hyped-up, drunk/drugged and disorderly people who mass around outside the premises.

We strongly object to this application for extension of opening hours and hope these comments will be taken into account when deciding upon the application.

Yours faithfully

Dear Sirs,

I would like to oppose the LICENSING APPLICATION, 153 HIGH ROAD, LOUGHTON (NU-BAR), on the grounds that I find the late evening alcohol-licences unsuitable for a residential area. We are already experiencing disorder leading to possible public safety. The prevention of public nuisance should be a priority of the Council.

To Whom It May Concern:

RE: LICENSING APPLICATION, 153 HIGH ROAD (NU-BAR).

We are writing to express our concerns about the application from NuBar to extend their license on a Sunday evening. We are currently in a position whereby we would appeal to you to reject their license extension on two of the grounds outlined in your letter: noise problems and anti-social behaviour. We hope to clarify these grounds with recent examples.

We have lived at our current address for almost two years and initially there were few problems with the noise and clientele from the bar. However, approximately 6 months ago, the music appeared to increase in level and the people leaving the bar have created more problems.

Noise:

We initially contacted the bar itself on 4th March 2013 regarding the bass music noise that we can hear clearly from our house mainly on a Sunday night. We had some discussions as you will see from the correspondence attached (***numbered 1***).

We contacted the council after this on 11th March (***numbered 2***) and 17th March (***numbered 3***) and 20th March (***numbered 4***) to formalise our concerns regarding the music. Since this time, we have contacted them again in April (***numbered 5***) and July (***numbered 6***) with a similar complaint regarding the noise we can hear late at night from NuBar.

We contacted the LRA in April 2013 to further raise our concerns (***numbered 7***). David Linnell kindly forwarded our email on to the local police as you will

see from the attached correspondence. The police suggested that they would monitor the noise through environmental health. Through correspondence with the LRA, we have heard from other local residents who have also complained about the noise levels from NuBar. We have attached a copy of their email without their details on as we do not know whether they will be placing a formal complaint with yourselves (**numbered 8**).

We also discussed this at the police drop in at Costa Coffee and the lady we spoke to said that she had not been aware that police patrols had been necessary in our end of the High Road, we assured her that people from NuBar were queuing up at the taxi rank making lots of drunken noise and causing a disruption late at night.

We have now moved to our back bedroom because we are unable to sleep with the noise at the current levels. Furthermore, we cannot have our window open either due to the music volumes and noise from people leaving the bar.

With specific reference to the licensing times, NuBar have broken their current license hours on a Sunday on more than 1 occasion that we have been aware of, including a time in April for which you will see correspondence. Most recently loud music was playing in July 2013 until at least 12.35am as you will see from our correspondence attached. Therefore, we would be concerned that a 1am extension would lead to further breaches past this time and cause noise disruptions even later into the evening.

Anti-social behaviour:

The primary problem appears to be that there is no control of the public leaving the bar in the early hours of the morning, they then linger around Mayflower taxis whereby the crowds talk, shout, sing and on occasion have begun to argue, kick the bins, kick the bus stop, fight and subsequently make us fearful for the safety of our house as they move along the road. These incidents happen at the same time that NuBar is exiting its customers from the premises. We have watched people from our house leave NuBar, walk along the road and commit the numerous public order offences listed above. We are confident that the anti social behaviour issues are being committed by NuBar customers. We do not believe that NuBar is taking responsibility for their customers leaving the bar quietly and with respect for their neighbors. Should the licensing hours be extended, these issues will continue to occur even later into the evening and disturbing us even more.

We have called the police due to the disorderly behaviors mentioned above as they were causing us alarm and distress. This happened most recently on Sunday 4th August 2013 as we feared for our safety; 3 bare chested men were shouting and repeatedly running towards the bus stop punching and high kicking the advertising signs.

It is with these current concerns in mind that we would like the license to not be approved on this occasion and for the licensees to demonstrate that they are mindful of their licensing obligations and respectful of the neighborhood that they are in. Some suggestions that we would have, some of which we

have already approached the bar and local police about include:

- Demonstrate that they can stick to their current license times;
- Reduce the base level of the music to reduce the vibration noises that we hear;
- Improve sound proofing through having a double door to the front of the venue. There is a significant increase in noise each time the door is opened to let people in and out – a double door system would provide a simple solution to this;
- Work together with Mayflower taxis to ensure that the majority of the clientele can be picked up at the bar entrance rather than allowing them to walk the streets and enter into the more residential areas to pick up a taxi.

We do not think that a 1am license on a Sunday is or will ever be appropriate for this bar given its location on the edge of the High Road and at the start of 2 residential areas, both the High Road and Ollards Grove. However, we would ask that if the license is approved it is only approved with some conditions similar to some of those that we have suggested and that NuBar are somehow held to account for these conditions to be demonstrated, rather than feels to be the case now that the local residents are having to call the council or police each time a breach of license or nuisance occurs.

We would very much appreciate hearing from NuBar about how it aims to assist the local residents to not be affected by its trade both now and in the future. We are disappointed that our attempts at communication in the past have not met with a favourable response.

We believe that these can offer evidence of the public nuisance created by the current opening hours of NuBar and therefore can offer support to reject the current application to extend their licence.

Please contact us if we can be of any further help or you require any further details regarding our issues.

Sunday evening music level

4th March 2013

Dear Manager of Nu Bar,

I am writing to ask whether it would be possible to reduce the noise that comes from the music in the bar on a Sunday evening?

We live locally and although we get a little bit of disruption on nights where the bar is open, generally this is manageable. However, over the past few months it has become increasingly noisy on a Sunday evening and we are now able to hear each song being played throughout the night.

We have also noticed that others bars have a double door barrier to the music area. I don't know if this would be something that you would consider to reduce the noise when the door is being opened/closed throughout the evening?

We enjoy having you close by but we would also ask that the music level is addressed if at all possible. This is disrupting our sleep and we would really like to address the issue directly with you.

Many thanks for your consideration, I look forward to hearing from you.

Hi

Thank you for your kind reply.

I would like to let you know that as I write this the same disruption is occurring-I can hear the beat of each song you are playing. It is not normally like this so I don't know why it is different recently.

The people are just a general problem and I assume that you try to encourage people to leave with respect for your neighbours but it is the music I can hear that is the constant and makes it difficult to sleep.

Many thanks for your time and understanding.

Dear Chris,

I have just tried to call you but you are not around, I hope it is suitable to email you.

It is regarding a noise complaint that you kindly helped me with re: Nu Bar, High Road, Loughton. You sent me a letter dated 25th March 2013 stating that you had spoken to the occupiers of the premises regarding the issue with their music levels, or more accurately their bass noise.

Unfortunately, I have returned from a 2 week holiday to find that the noise has returned to the level prior to your letter. On Sunday night in particular, I could hear every beat of music (although not the music itself) until 12.35am. As far as I am aware Nu Bar have a license until 12am so I found this even more frustrating!

Are there any rules regarding their noise levels that you could check they are enforcing? Standing outside the bar at about 1am on Saturday I am not surprised we can hear it as the music appears quite loud through the glass, I am pretty sure if I was playing my music that loud in my house it would be a noise nuisance so I assume it is the same for nightclubs?

However, I would like to reiterate that I cannot hear the song playing from my house, it is the bass of the song that I can hear constantly. I can tell you when every song changes from the beat of the bass, I really think it would not be difficult for them to turn the bass down. I am not asking them to turn the music down necessarily, especially if it is not breaking any rules, it is just the bass!

I would be really grateful for any help that you can offer me. I am struggling desperately and am dreading each weekend coming. I do not think it is unreasonable of me to ask that they turn down the bass, it will not effect their clientele.

Many thanks for any assistance that you can offer.

Dear Deniz,

You are right it is the same for the clubs as for personal properties. We have been in contact with the club and given advice. The only way I can take the matter further is to get an officer to visit when it is causing you a problem. You should not hear the beat from within your property at any time.

If you can call the out of hours service on 01992 564000 as soon as the noise becomes a problem for you then the duty officer will visit if they are free. The officer could take an hour to get to you so please call as soon as you can.

noise from Nu Bar (sorry, I know you probably have this alot!) and see whether firstly, you can offer me any further advise and secondly, whether you have links to the local police patrols.

I have complained to Nu Bar directly on three occasions by email, I have had one reply, which was not very helpful. I have made two complaints to the Council and received a letter stating that they have spoken to the Bar regarding the noise. However, I have spent the weekend nights this week going crazy because of it!

It is not so much the noise as the bass noise, I can hear every song. It did not used to be a problem but for the past few months it has been consistent. Friday night it was absolutely fine and I thought that the Council saying that they had spoken to them had worked. However, last night the bass was going until at least 12.35-I thought that their licence was until 12pm and I couldn't bear it going on any later.

From directly outside the Bar the music seems so loud, I am really surprised that they do not have to have more sound proofing as Lux does not have the same level of noise from outside. Standing outside the bar, it does not seem to be a surprise that the local residents can also hear it.

Is there anything more I can do than keep complaining? It is making me dread the weekends and I feel so powerless to do anything about it.

Would it also be possible to ask the local police to patrol past the Nu Bar up to the taxi office at Mayflower? There are people shouting, cheering, crying etc most weekend nights after the bars close as they wait at the office for a taxi. I would really appreciate it if you could ask them about this or direct me to someone that could get them to drive up and down a few times during these times.

We are members of the resident's association, we live at High Road, Loughton.

Many thanks for listening to me-I am feeling exhausted by the situation.

Kind regards,

Deniz Roach

Hi Deniz and Mark

David Linnell has forwarded your e-mail address to me as I gather you are also concerned about the noise from the Nu-Bar. We live in Connaught Avenue and are not usually too disturbed by the Nu-Bar although hear the bass of the music but acceptable. However last Saturday (17th) was horrendous making sleep impossible until the Bar closed at 2am. Friday evening had been no different to usual. We await to see what happens this weekend. On David's advice, I rang the Licensing Department on Monday leaving a message and Sarah rang back on the Tuesday and spoke to my husband. They need evidence and need to get an Officer along but I'm sure I'm probably telling you what you already know.

Any exchange of views gratefully received. We have lived here for over 40 years so have obviously seen quite a lot of change.

Kind regards
