REASON FOR REFUSAL

- 1 The proposed development, due to its height, bulk and massing, would result in a cramped form of development which would adversely affect the amenities of the street scene, contrary to policies CP2 and DBE10 of the adopted Local Plan and Alterations.
- 2 The proposed development has an inadequate provision for off street parking, which would result in increased parking on surrounding roads and would have an adverse impact on the amenity of the area and increase the hazards to other road users and pedestrians, contrary to policies ST4 and ST6 of the adopted Local Plan and Alterations.

POSITIVE AND PROACTIVE STATEMENT

Members suggested that a possible way forward would be to reduce the scale of the building and increase the parking provision.
