Report Item No: 3

APPLICATION No:	EPF/1645/13
SITE ADDRESS:	Marden Close Lambourne Road Chigwell Essex IG7 6ER
PARISH:	Chigwell
WARD:	Chigwell Row
DESCRIPTION OF PROPOSAL:	Change of use of 2 two storey blocks from twenty bedsits to ten one bedroom flats, external alterations to elevations and improved car park for 12 cars and new landscaping.
DECISION:	Grant Permission (With Conditions)

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/AniTelM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=552491

CONDITIONS

1. The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
2. No development shall commence until a survey by a competent person has been carried out to establish the presence or otherwise of Japanese Knotweed and submitted to the Local Planning Authority. The survey should also note any knotweed adjoining the site. If Japanese Knotweed is confirmed, full details of a scheme for its eradication and/or control programme suitable for the site shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be implemented prior to the substantial completion of the development hereby approved.
3. The car parking layout hereby approved shall be retained on a permanent basis, and shall not be altered without the prior written consent of the Local Planning Authority.
4. The development hereby permitted will be completed strictly in accordance with 11 approved drawings numbered 612/030/PL01; /PL02; /PL03/A; /PL04; /PL05; /PL06; /PL07/A as revised; /PL08A; /PL09; /PL10; /PL11.

Report Item No: 4

APPLICATION No:	EPF/1716/13
SITE ADDRESS:	Former Bank of England Sports Ground Langston Road Loughton Essex
PARISH:	Loughton
WARD:	Loughton Broadway
DESCRIPTION OF PROPOSAL:	Erection of Data Centre Building, associated parking, landscaping and substation.
DECISION:	Grant Permission (With Conditions)

Click on the link below to view related plans and documents for this case:

http://planpub.eppingforestdc.gov.uk/AniteIM.websearch/ExternalEntryPoint.aspx?SEARCH_TYPE=1&DOC_CLASS_CODE=PL&FOLDER1_REF=552830

CONDITIONS

1. The development hereby permitted must be begun not later than the expiration of three years beginning with the date of this notice.
2. The development hereby permitted will be completed strictly in accordance with the approved drawings nos: AO.200, A.202, A.203, AO.204, AO.206, AO.208, SK.01
3. No construction works above ground level shall have taken place until documentary and photographic details of the types and colours of the external finishes have been submitted to and approved by the Local Planning Authority, in writing, prior to the commencement of the development. The development shall be implemented in accordance with such approved details.
4. No development shall take place until wheel washing or other cleaning facilities for vehicles leaving the site during construction works have been installed in accordance with details which shall be submitted to and agreed in writing by the Local Planning Authority. The approved installed cleaning facilities shall be used to clean vehicles immediately before leaving the site.
5. No development shall take place, including site clearance or other preparatory work, until full details of both hard and soft landscape works (including tree planting) and implementation programme (linked to the development schedule) have been submitted to an approved in writing by the Local Planning Authority. These works shall be carried out as approved. The hard landscaping details shall include, as appropriate, and in addition to details of existing features to be retained: proposed finished levels or contours; means of enclosure; car parking layouts; other minor artefacts and structures, including signs and lighting and functional services above and below ground. The details of soft landscape works shall include plans for planting or establishment by any means and full written specifications and schedules of plants, including species, plant sizes and proposed numbers /densities where appropriate. If within a period of five years from the date of the planting or establishment of any tree, or shrub or plant, that tree, shrub, or plant or any

replacement is removed, uprooted or destroyed or dies or becomes seriously damaged or defective another tree or shrub, or plant of the same species and size as that originally planted shall be planted at the same place, unless the Local Planning Authority gives its written consent to any variation.

6. No development, including works of demolition or site clearance, shall take place until a Tree Protection Plan, Arboricultural Method Statement and site monitoring schedule in accordance with BS 5837:2012 (Trees in relation to design, demolition and construction - Recommendations) has been submitted to the Local Planning Authority and approved in writing. The development shall be carried out only in accordance with the approved documents unless the Local Planning Authority gives its written consent to any variation.
7. No development shall take place until a Phase 1 Land Contamination investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 1 investigation. The completed Phase 1 report shall be submitted to and approved by the Local Planning Authority prior to the commencement of any necessary Phase 2 investigation. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the Phase 2 site investigation condition that follows]

8. Should the Phase 1 Land Contamination preliminary risk assessment carried out under the above condition identify the presence of potentially unacceptable risks, no development shall take place until a Phase 2 site investigation has been carried out. A protocol for the investigation shall be submitted to and approved in writing by the Local Planning Authority before commencement of the Phase 2 investigation. The completed Phase 2 investigation report, together with any necessary outline remediation options, shall be submitted to and approved by the Local Planning Authority prior to any redevelopment or remediation works being carried out. The report shall assess potential risks to present and proposed humans, property including buildings, crops, livestock, pets, woodland and service lines and pipes, adjoining land, groundwaters and surface waters, ecological systems, archaeological sites and ancient monuments and the investigation must be conducted in accordance with DEFRA and the Environment Agency's "Model Procedures for the Management of Land Contamination, CLR 11", or any subsequent version or additional regulatory guidance.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the remediation scheme condition that follows]

9. Should Land Contamination Remediation Works be identified as necessary under the above condition, no development shall take place until a detailed remediation scheme to bring the site to a condition suitable for the intended use has been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved remediation

scheme unless otherwise agreed in writing by the Local Planning Authority. The remediation scheme must include all works to be undertaken, proposed remediation objectives and remediation criteria, timetable of works and site management procedures and any necessary long term maintenance and monitoring programme. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 or any subsequent version, in relation to the intended use of the land after remediation.

[Note: This condition must be formally discharged by the Local Planning Authority before the submission of details pursuant to the verification report condition that follows]

10. Following completion of measures identified in the approved remediation scheme and prior to the first use or occupation of the development, a verification report that demonstrates the effectiveness of the remediation carried out must be produced together with any necessary monitoring and maintenance programme and copies of any waste transfer notes relating to exported and imported soils shall be submitted to the Local Planning Authority for approval in writing. The approved monitoring and maintenance programme shall be implemented.
11. In the event that any evidence of potential contamination is found at any time when carrying out the approved development that was not previously identified in the approved Phase 2 report, it must be reported in writing immediately to the Local Planning Authority. An investigation and risk assessment must be undertaken in accordance with a methodology previously approved by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme, a verification report must be prepared, which is subject to the approval in writing of the Local Planning Authority in accordance with the immediately above condition.
12. Development shall not begin until a detailed surface water drainage scheme for the site, based on the agreed Flood Risk Assessment (FRA) "Proposed Data Centre, Langston Road, Loughton, Project Ref: 29010/001" dated August 2013 has been submitted to and approved in writing by the local planning authority. The scheme shall subsequently be implemented in accordance with the approved details before the development is completed. The scheme shall include a restriction in run-off and surface water storage on site as outlined in the FRA.
13. Notwithstanding the Flood Risk Assessment (FRA) "Proposed Data Centre, Langston Road, Loughton, Project Ref: 29010/001" dated August 2013 submitted with the planning application, a further FRA is required to be submitted and approved in writing by the Local Planning Authority containing further details of the proposed discharge rate and the retaining wall proposed along the embankment, within the site.
14. Prior to the first occupation of the development the new vehicular access shall be implemented as shown in principle on approved drawing no.AO.202, unless otherwise agreed in writing by the Local Planning Authority.
15. Prior to the first occupation of the development details of the re-instatement of the redundant vehicular access shall be submitted to and approved in writing by the Local Planning Authority, to include full reconstruction of the footway with full height kerbing. The approved details shall then be implemented.

16. Prior to commencement of the development details showing the means to prevent the discharge of surface water from the development onto the highway shall be submitted to and approved in writing by the Local Planning Authority. The approved scheme shall be carried out in its entirety prior to the access becoming operational and shall be retained at all times.
17. No development shall take place on the proposed substation until details of its siting, design and external finish have been submitted to and approved in writing by the Local Planning Authority and it shall only be built hereafter in accordance with these approved details.
