### **Recommendation(s):**

**That Tree Preservation Order 12/13 is confirmed.**

### **Background**

1. Tree Preservation Order TPO/EPF/12/13 protects a row of 5 oaks to the rear of Russell Road and Ormonde Rise, Buckhurst Hill. The order was made following a visit to inspect one of the oaks as the result of information that it had been poorly pruned.
2. The basis of the order was that the five veteran trees together were of particular historic and conservation value and that the order would help both to ensure their retention and to give the LPA the chance to influence future pruning.
3. No objections have been received. However the observations received have included the observation that the plan needs to be corrected.

### **Modification of the Order**

4. In drawing up the plan for the order the locations of T1 and T2 have been incorrectly located. In both cases the circles denoting the trees' locations have been drawn one garden to the east of their correct location.

### **Conclusion**

5. That Tree Preservation Order TPO/EPF/12/13 should be confirmed, subject to a corrected plan.
