Portfolio: Finance and Technology (Councillor S. Stavrou)

Subject: Key Performance Indicators 2014/15 - Targets

Democratic Services Officer: A. Hendry (01992 564246)

Recommendations/Decisions Required:

That the Scrutiny Panel consider the proposed Key Performance Indicators and targets for 2014/15 and comment to the Finance and Performance Management Cabinet Committee as necessary.

Executive Summary:

1. Pursuant to the Local Government Act 1999, the Council is required to make arrangements to secure continuous improvement in the way in which its functions and services are exercised, having regard to a combination of economy, efficiency and effectiveness.
2. As part of the duty to secure continuous improvement, a range of Key Performance Indicators (KPI) relevant to the Council's service priorities and key objectives, are adopted each year. Performance against all of the KPIs is reviewed on a quarterly basis, and has previously been a focus of inspection in external assessments and judgements of the overall progress of the authority.

Reasons for Proposed Decision:

3. The KPIs provide an opportunity for the Council to focus attention on how specific areas for improvement will be addressed, and how opportunities will be exploited and better outcomes delivered.
4. A number of KPIs are used as performance measures for the Council's key objectives for each year. It is important that relevant performance management processes are in place to review and monitor performance against the key objectives, to ensure their continued achievability and relevance, and to identify proposals for appropriate corrective action in areas of slippage or under performance.

Other Options for Action:

5. No other options are appropriate in this respect. Failure to identify challenging performance targets, could mean that opportunities for improvement are lost and might have negative implications for judgements made about the progress of the Council.

Report:

6. The adoption of challenging but achievable KPIs each year is a key element of the Council's Performance Management Framework. The continued relevance of the existing KPI set for 2014/15 has recently been considered by Management Board.
7. Although a number of new indicators and some revisions to existing KPIs are proposed for 2014/15, it is not intended that significant changes be made to the indicator set for the next year, as the current suite of measures is considered appropriate for the ongoing evaluation of relevant performance factors. Service directors have identified provisional targets for each indicator with the relevant portfolio holder(s), based on third-quarter performance (and the estimated outturn position) for the current year. Details of the proposed KPIs and targets for 2014/15 are set out at Appendix 1 to this report.
8. The Scrutiny Panel is requested to consider the proposed KPIs and targets for 2014/15. These will also be considered by the Finance and Performance Management Cabinet Committee at its meeting on 20 March 2014, and the views of the Scrutiny Panel in this respect will be reported to the Committee.
9. The KPIs will comprise the totality of the Council's corporate performance indicator measures for 2014/15. Improvement plans will be developed for each KPI, identifying actions to achieve target performance, which will be considered and agreed by Management Board. As part of this process, the Board will also review the provisional targets for each KPI with reference to outturn data for 2013/14 when this available. Any revisions to targets on the basis of the outturn position will be reported to the appropriate overview and scrutiny panel in June 2014.
