<p>Why is this a matter of concern to the Youth Council and young people?</p>	<p>We are looking at our plans for health and social care for the next 10 years plus. The youth of today are the users of services in the future. The plans and decisions we make now need to take on board a range of voices. We need to know that the plans we are making are what the next generation want and need. Health is changing, and lots of our decisions need to reflect this. Youth need to be listened to and given a chance to have some input to our plans and we need and want to hear their voices.</p>
<p>Preferred date/timescale for matter to be formally addressed. (Please specify month)</p>	<p>We have a 6 week engagement process, all interested parties need to show an interest by 11th June 2014.</p> <p>We would like to come along and present to your group members prior to this date if at all possible. I will attach posters and copies of the application forms that failing us coming along to meet you, we would request that you kindly share with the group and encourage membership of our new model of engagement.</p>

Form to be returned to:

Diane Butler, Young Persons' Officer, Epping Forest District Council, Civic Offices
323 Epping High Street, Epping, Essex CM16 4BZ.
