### **Recommendations/Decisions Required:**

**That the Scrutiny Panel review performance in relation to the key performance indicators within its areas of responsibility, for the first quarter of the year.**

### **Executive Summary:**

1. Pursuant to the Local Government Act 1999, the Council is required to make arrangements to secure continuous improvement in the way in which its functions and services are exercised, having regard to a combination of economy, efficiency and effectiveness.
2. As part of the duty to secure continuous improvement, a range of Key Performance Indicators (KPI) relevant to the Council's services and key objectives, are adopted each year. Performance against the majority of KPIs is monitored on a quarterly basis, and has previously been a focus of inspection in external assessments and judgements of the overall progress of the authority.

### **Reasons for Proposed Decision:**

3. The KPIs provide an opportunity for the Council to focus attention on how specific areas for improvement will be addressed, and how opportunities will be exploited and better outcomes delivered.
4. A number of KPIs are used as performance measures for the Council's key objectives for each year. It is important that relevant performance management processes are in place to review and monitor performance against the key objectives, to ensure their continued achievability and relevance, and to identify proposals for appropriate corrective action in areas of slippage or under performance.

### **Other Options for Action:**

5. No other options are appropriate in this respect. Failure to monitor and review KPI performance and to consider corrective action where necessary could have negative implications for judgements made about the Council's progress, and might mean that opportunities for improvement are lost. The Council has agreed new arrangements for the member review of performance against the KPIs from the 2014/15 municipal year.

## **Report:**

6. A range of thirty-six Key Performance Indicators (KPI) for 2014/15 was adopted by the Finance and Performance Management Cabinet Committee in March 2014. The KPIs are important to the improvement of the Council's services and the achievement of its key objectives, and comprise a combination of some former statutory indicators and locally determined performance measures. The aim of the KPIs is to direct improvement effort towards services and the national priorities and local challenges arising from the social, economic and environmental context of the district, that are the focus of the key objectives.
7. Progress in respect of each of the KPIs is reviewed by the relevant Portfolio Holder, Management Board, and overview and scrutiny at the conclusion of each quarter. In order to enhance the value of the on-going review of KPI performance throughout each year, no indicators are subject to scrutiny or performance reporting at year-end only.
8. Improvement plans are produced for all of the KPIs each year, setting out actions to be implemented in order to achieve target performance, and to reflect changes in service delivery. In view of the corporate importance attached to the KPIs, the improvement plans are agreed by Management Board and are also subject to ongoing review between the relevant service director and Portfolio Holder over the course of the year.
9. As part of the overview and scrutiny review undertaken in 2013/14, changes have been made to arrangements for the quarterly review of KPI performance with effect from the current municipal year. From this first quarter of the year, the existing scrutiny panels (Finance and Performance Management, Housing, Planning Services, Safer, Greener, Cleaner) are now each responsible for the review of quarterly performance against specific KPIs within their areas of responsibility, rather than all indicators being considered by the Finance and Performance Management Scrutiny Panel as previously.

## **Key Performance Indicators 2014/15 - Quarter 1 Performance**

10. The overall position with regard to the achievement of target performance for all of the KPIs at the end of the first quarter (1 April to 30 June 2014) of the year, was as follows:
  - (a) 22 (60%) indicators achieved the cumulative third-quarter target; and
  - (b) 14 (39%) indicators did not achieve the cumulative third-quarter target, although 4 (11%) of these KPI performed within the agreed tolerance for the indicator.
11. A headline third-quarter performance summary in respect of each of the KPIs for 2014/15 is attached as Appendix 1 to this agenda together with details of the specific three-month performance for each indicator.
12. The 'amber' performance status used in the KPI report identifies indicators that have missed the agreed target for the quarter, but where performance is within an agreed tolerance or range. The KPI tolerances were agreed by Management Board when targets for the KPIs were set in February 2014, or were subsequently determined by the appropriate service directors. Of the thirty-six KPI, 80% indicators are currently anticipated to achieve the cumulative year-end target.
13. In order to avoid the generation of multiple reports, the new arrangements for the quarterly review of KPI performance are intended to be achieved through the production of a single quarterly report for consideration by each of the scrutiny panels. The designated lead officer for each panel will focus member attention on relevant indicators from the report at the respective meetings, as follows:
