The Officer reported at the outset that the Town Council had confirmed that they had no Objection to the proposal.

**REASON FOR REFUSAL**

- 1 The proposed change of use results in the loss of a retail unit within the key retail frontage where the percentage of non retail use is already in excess of 30%. The proposal is therefore harmful to the vitality and viability of the town centre, contrary to policies TC3 and TC4 of the Adopted Local Plan and Alterations.

**POSSIBLE WAY FORWARD**

Members considered that the premises should be actively marketed for A1 use for at least 6 months from this decision. A full report of this marketing exercise should be submitted giving details of when, where and how it was advertised. Only if there are no offers from any A1 use in that period, would there be potential for the policy to be overridden.

**REASON FOR REFUSAL**

- 1 Change of use to A2 is inappropriate within the key retail frontage where, should the community use cease, A1 retail use should be reinstated to maintain 70% retail use and the vitality and viability of the Town Centre, in accordance with policy TC4 of the adopted Local Plan and Alterations”.

**POSSIBLE WAY FORWARD**

Members considered that given the nature of Epping Town Centre where units do not stand empty, there is no doubt that the unit could be relet for an A1 use and as such they did not consider that there was a way forward.

**REASONS FOR REFUSAL**

- 1 The proposed extensions amount to disproportionate additions over and above the size of the original dwelling and are therefore inappropriate development, by definition harmful to the Green Belt and contrary to the National Planning Policy Framework and Policy GB2A of the adopted Local Plan.
- 2 The proposed garden area is excessive in size and constitutes a significant intrusion in this green belt location, where hardstanding parking, formal gardens and other residential paraphernalia will have an adverse impact on openness of the Green Belt and the rural character of the area, contrary to policies GB2A and GB4 of the adopted Local Plan.

**Way Forward**

Members considered that more proportionate extensions may be acceptable together with a significantly reduced area of garden, more in keeping with the scale of the original dwelling. Members requested that the matter be referred back to Enforcement for action given that the works have already largely taken place.
