Section		Page No.
1.	Introduction	3
2.	The Process	4
Appendix 1	Risk Profile	6
Appendix 2	Corporate Risk Register /Action Plans	7 - 18

#### 1. Introduction

A strategic risk management 'refresh' exercise was conducted on 15<sup>th</sup> May 2013 with assistance from Zurich Risk Engineering. This exercise was an opportunity for the Management Board to refresh (or update) through identification, analysis and prioritisation those risks that may affect the ability of the Council to achieve its strategic objectives and Corporate Plan. In doing so, the organisation is recognising the need to sustain risk management at the highest level.

The refresh exercise involved a workshop with Management Board to identify new business risk areas and to update and re-profile important risks from the existing corporate risk register.

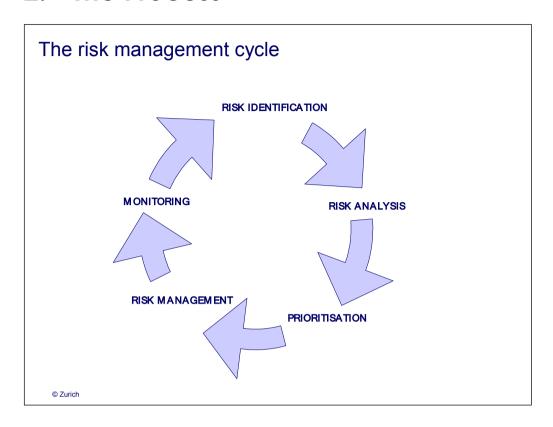

In total 8 strategic risks were profiled at the workshop and during the workshop, each risk was discussed to ensure common agreement and understanding of its description and then prioritised on a matrix. The risk matrix measured each risk for its likelihood and its impact in terms of its potential for affecting the ability of the organisation to achieve its objectives.

For the risks that were assessed with higher likelihood and impact, the group validated the risk scenarios and determined actions to manage them, including assessing the adequacy of existing actions and identifying the need for further actions in order to move the risk down the matrix.

Management Board agreed a timescale for re-visiting these risks in order to assess if they are still relevant and to identify new scenarios. Risks in the red zone will be monitored on a monthly basis and those in the amber zone on a quarterly basis.

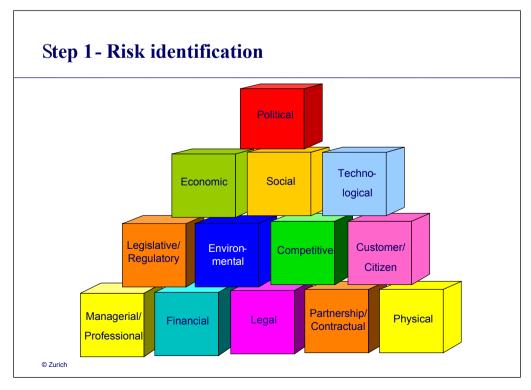

The following report outlines the process utilised by Zurich Risk Engineering and the results achieved.

## 2. The Process

#### **Risk identification**

The first of five stages of the risk management cycle requires risk identification. This formed the initial part of the workshop. In doing so the following 13 categories of risk were considered.

#### Risk analysis

During the workshop, the identified risks were discussed and framed into a risk scenario format, containing risk cause and consequence elements, with a 'trigger' also identified, This format ensured that the full nature of the risk was considered and also helped with the prioritisation of the risks.

#### Risk prioritisation

The discussion resulted in 8 risk scenarios being agreed (Appendix 2) and these were then assessed for impact and likelihood and plotted onto a matrix (Appendix 1). The likelihood of the risks was measured as being 'very high', 'high', 'medium', or 'low/very low'. The impact, compared against the key objectives and Corporate Plan was measured as being 'major', 'moderate', 'minor' or 'insignificant'.

Once all risks had been plotted the matrix was overlaid with red, amber and green filers, with those risks in the red area requiring further particular scrutiny in the short-term, followed by those in the amber area.

#### Risk management and monitoring

The next stage is to monitor the revised management action plans. These plans frame the risk management actions that are required. They map out the target for each risk i.e. to reduce the likelihood, impact or both. They also include targets and critical success factors to allow the risk management action to be monitored.

A risk owner has been identified for each risk. It is vital that each risk should be owned by a member of Management Board to ensure that there is high level support, understanding and monitoring of the work that is required as part of the plans. Risks should also be reviewed as part of the business planning process, in order to assess if they are still relevant and to identify new issues.

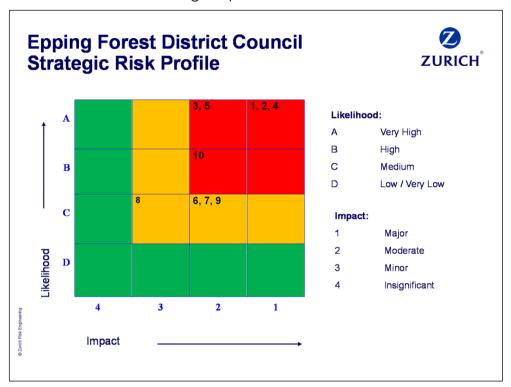

The monitoring of these action plans takes place at Corporate Governance Group, Management Board and the Risk Management Group. The action plans are also reported to Members quarterly.

As part of the regular review and reporting an additional risk on Safeguarding was added to the register in January 2014.

## **Appendix 1 – Risk Profile**

#### Risk profile

During the workshop, 8 risks were identified and framed into scenarios. The results are shown on the following risk profile.

Appendix 2 details all of the above risks.

It is important that an action plan element is written for each of the risks, with particular focus on those with the highest priority, as it is this which will allow them to be monitored and successfully managed down.

An opportunity was also taken as part of this refresh to 'spring clean' the risk numbers, and they were numbered in priority order as follows:

Risk number	Short name
1	Local plan
2	Strategic sites
3	Welfare reform
4	Finance – income
5	Economic development
6	Data/information
7	Business continuity
8	Partnerships
9	Safeguarding
10	Housing Capital

.

**Appendix 2 – Corporate Risk Register and Action Plans** 

Risk No 1 Local Plan A1 Vulnerability	Trigger	Consequence	Risk Owner
On-going changes to Planning system increase importance of having up to date Local Plan.	Failure to make timely decisions and adhere to Local Development Scheme Project Plan.	Reduced ability to manage development in line with local priorities. Failure to provide strategic direction for future development, and housing etc for future needs.	Derek Macnab
Changes in government planning policy require new Local Plan to take approaches significantly different from predecessors eg Duty to Co-operate, release Green Belt.	Failure of Council to approve a draft plan in line with National Planning Policy Framework.	Plan not "sound", leading to further delay, wasted resources, and vulnerability to planning appeal decisions.	
Difficulties in implementing "Duty to Co-operate" may make it difficult or impossible to achieve "sound" Local Plan in timely fashion	Inability to agree, particularly on amount and distribution of objectively assessed development needs.	As above	
Failure to make timely progress increases likelihood of "planning by appeal"	Failure to adhere to Local Development Scheme leads to developers making significant planning applications in advance of new Plan.	Significant diversion of professional resources to appeals. Risk of costs awards against Council. Potential lost opportunity for infrastructure and other provision due to outdated/National Planning Policy Framework non-compliant policies Development which is inappropriate in location/scale/type	
Lack of adopted Plan reduces ability to obtain developer contributions.	Developers exploit inadequacies in S106/CIL arrangements.	Additional demands put on public funding of infrastructure.	
Loss/sickness of key staff and recruitment difficulties or inappropriate resource provision hold back progress.	Loss/long term absence of key staff.	Delay in progress  Potential need for rework due to loss of "corporate memory".	

Risk No 1 Local Plan -	Action Plan					
Existing Controls/actions to address risk	Effectiveness of controls/actions	Required further management action	Responsibility for action	Critical success factors and measures	Review frequency	Key date
Project management approach in place including regular updates, resource planning.	Project plan needs to incorporate more time for political engagement at key decision points.	Agree mechanisms and timing with lead members, incorporate in revised project plan	Derek Macnab	Future adherence to project plan.	Project plan ongoing. MB review 6 weekly	Management Board ratified updated strategic timetable during May 2015. June 2015 Cabinet.
Local Development Scheme revised June 2015.	Local Development Scheme adopted by Cabinet 11 June 2015.	Review progress against key milestones.	Derek Macnab	Local Development Scheme remains robust	As necessary	Review likely within 12 months
Workshops for EFDC and Town/Parish councillors on key issues to enhance awareness and understanding of new government requirements.	Workshops popular and helpful.	Supplement workshops with other forms of briefing to EFDC members as agreed with leading members.	Derek Macnab	Timely decision making in line with project plan.	As necessary	
Engagement with other key stakeholders eg ad hoc meetings with Town/Parish councils, Resident Associations and website.	Utilising existing mechanisms including Local Council Liaison Committee and Forester. Intensive engagement takes place in lead up to formal consultations. Ongoing discussions being had around Neighbourhood Plans.	Consider hiring a PR firm to assist in delivering the next statutory consultation.	Derek Macnab	Stakeholders feel well informed about process and decisions. Informed responses to public consultation.	As necessary	

Existing Controls/actions to address risk	Effectiveness of controls/actions	Required further management action	Responsibility for action	Critical success factors and measures	Review frequency	Key date
Systematic approach to Duty to Co-operate, engaging public bodies and developing Memorandum of Understanding with key councils in the Strategic Market Housing Area.	Difficulties and delay in engaging councils in serious discussion re Memorandum of Understanding, however progress now being made. Meetings held with most other key bodies with positive outcomes, issues identified. Constant review of Planning Inspectorate local plan decisions re Duty to Cooperate.	Important that key decisions do not precede Duty to Co-operate ie "fait accompli"- Group is exploring additional items to be included on discussion agenda. Engage further key bodies eg Lee Valley Regional Park. Discuss informally with Planning Inspectorate as necessary.  Ongoing review of strategy by senior planners and Management Board.	Derek Macnab	Submitted plan passes legal test of Duty to Cooperate.	MB review six weekly	Officer Meetings – monthly now underway  Member briefings held by PAS 25 March and September 2014.  Governance arrangements agreed. "Duty to Co-operate" Member meetings now ongoing.
Consultants in place to support project management, resource planning, Sustainability Assessment, transport modelling, masterplanning.	Staff cannot be prevented from leaving. Exit interviews should reveal any specific patterns.  Market is picking up, making recruitment more difficult.  EFDC is not offering the most competitive salaries compared to other Essex and London authorities.		Derek Macnab	No delays to timetable due to staffing gaps or lack of critical skills	As above	New Staffing Structure implemented. Most posts filled bar one senior planner post as of May 2015.

Vulnerability		Trigger		Consequence		Risk Owner	
The Council has a number of Strategic sites which it needs to make the right decisions about and then deliver on those decisions.  One key individual is driving forward the projects.		Not maximising the opportunity of the strategic sites either through decisions or delivery.  Loss of key individual		<ul> <li>Financial viab</li> <li>Lack of econd</li> <li>External critic</li> <li>Project delayer</li> </ul>	reation	Derek Macnab	
Existing Controls/actions to address risk	Effectivenes controls/acti	s of	Required further management action	Responsibility for action	Critical success factors and measures	Review frequency	Key date
Work on strategic sites is co- ordinated through a dedicated Cabinet Committee.	Work is progressing developing a number of the veloping and permis granted for Winston Churchill site;  2. Negotiations proon St Johns Road a sides have instructed solicitors to complet documentation;  3. Report going to for development fur June for Langston Function business proportion of the veloping to a side should be substantial interest;  5. The building con Oakwood Hill has be seen to see the substantial interest;	er of sites: sion gressing and both ed te  Cabinet nding 11th Road site; find an artner for enerated	Reports to Cabinet Committee and Cabinet to obtain decisions on development options.	Derek Macnab	Development of strategic sites completed in accordance with Cabinet decisions.	Monthly	None

Work has commenced on an updated Economic Development Strategy.  Cabinet approved four new posts.	Too early to determ effectiveness of ne management and r	W	Completion of Strategy and allocation of appropriate resources.  Recruitment of experienced staff.	Derek Macnab	Growth in NDR tax base and employment opportunities. Council to be viewed as punching above its weight.	Monthly	None.	

Risk No 6 Data / Information	on C2						
Vulnerability		Trigger		Consequence			Risk Owner
The Authority handles a large amount of personal and business data. Either through hacking or carelessness, security of the data could be compromised.			by the Council ends up in iate hands.	<ul> <li>Breach of corporate governance</li> <li>Increased costs and legal implications</li> <li>Reputation damaged</li> </ul>			Colleen O'Boyle
Existing Controls/actions to address risk	Effectivenes controls/act		Required further management action	Responsibility for action	Critical success factors and measures	Review frequency	Key date
Rollout of a Data Protection e-learning module commenced Jan 2014, for completion by officers every two years.  Data Protection formed part of Member induction from May 2014, with requirement to confirm acceptance of the Council's DP policy.  Consolidation of Data Protection and Freedom of Information work in one area.  Security Officer is continually monitoring situation and potential risks. Most systems have in built controls to prevent unauthorised access.  Controls in systems have been strengthened in response to specific occurrences.	Generally effective with no lapses so fa 2015/16.		Consider separation of Environmental Information Requests and ensure these are handled in accordance with the appropriate regulations.  Consider purchase of new system for handling D.P./F.O.I. requests.  Data sharing and fair processing notices to be reviewed and standardised.  Maintain GCSx compliance and system controls.  A working group is reviewing data held by Directorates to eliminate duplication and any inadvertent Data Protection issues.	Colleen O'Boyle	Continued security of personal data held by the Council in accordance with the Data Protections Act 1998.  No criticism from the ICO over how requests are handled.  No data loss or system downtime due to unauthorised access of EFDC systems or data.	Quarterly	None

Vulnerability	<u>-</u>	Trigger		Consequence			Risk Owner
The Council is required to develop and implement robust Business Continuity Plans in line with the requirements of the Civil Contingencies Act.  Following the consolidation into four directorates plans need to be updated and changes in responsibilities confirmed.		Unable to respond effectively to a business continuity incident (e.g IT virus/flu pandemic)		<ul> <li>Services</li> <li>Possible I</li> <li>Staff abse</li> <li>Hardship</li> <li>Council co</li> </ul>	Derek Macnab		
Existing Controls/actions to address risk	Effectiveness of controls/actions		The quinter fair time.	Responsibility for action	Critical success factors and measures	Review frequency	Key date
Most services already have business continuity plans in place and a separate flu pandemic plan has been developed.	The effectiveness of is assessed periodic through test and ex	cally	Both corporate and service business continuity plans are being updated.  Implementation of Cabinet approved measures to enhance the resilience of ICT	Derek Macnab	Having plans in place which are proved fit for purpose either by events or external scrutiny.	Quarterly	None

Risk No 8 Partnerships	C3						
Vulnerability		Trigger		Consequence			Risk Owner
The Council is involved in a plethora of multi agency partnerships e.g. LSP - LEP, and these have a variety of governance arrangements.  Localism act may cause transfer of Council services to providers with governance issues.		provided	ership fails or services via arrangements lacking governance.	<ul> <li>Relationships</li> <li>Claw back of</li> <li>Unforeseen a Council</li> <li>Censure by a</li> <li>Adverse impa</li> </ul>	Glen Chipp		
Existing Controls/actions to address risk	Effectiveness of controls/actions		Required further management action	Responsibility for action	Critical success factors and measures	Review frequency	Key date
Active participation in key partnerships by appropriate officers/Members.  Structured reporting back to designated Scrutiny Panels.	No significant issues to date. However, some concern exists about the working of the North Essex Parking Partnership.		Continue existing monitoring procedures for current partnerships and construct appropriate arrangements for any new partnerships.	Glen Chipp	No significant impacts on service delivery or Council reputation from any partnership failures.	Quarterly	None
Members can request representatives on outside bodies to report to Full Council.							

Risk No 9 Safeguarding C2							
Vulnerability	Trigger	Consequence	Risk Owner				
The Council needs to demonstrate its ability to meet its duties under Sections 11 and 47 of the Children Act 2004.  In addition, with the introduction of the Care Act 2014 new legislation requires the Council to comply with a range of new duties for adults with needs for care and support. This includes a new responsibility for safeguarding adults from self-neglect.	The Council fails to meet its duties in regard to safeguarding children, young people and adults with needs for care and support.	<ul> <li>A child, young person or vulnerable adult suffers significant harm</li> <li>A child, young person or vulnerable adult suffers from exploitation</li> <li>Avoidable death of a child, young person or vulnerable adult living in the District</li> <li>Reputational risk for Council</li> <li>Censure and special measures applied</li> </ul>	Alan Hall				

Risk No 9 Safeguarding	g - Action Plan					I
Existing Controls/ actions to address risk	Effectiveness of controls/actions	Required further management action	Responsibility for action	Critical success factors and measures	Review frequency	Key date
The Council has a revised and comprehensive Safeguarding Policy (2015), which is updated in line with any changes within legislation.  The policy details what is required of all staff and Elected Members and is supported by a set of procedures which clearly set out the process for recording safeguarding concerns, incidents and allegations.	The Council has reduced the risk of safeguarding issues going unnoticed by staff and Elected Members by providing a range of training and production of the new Policy and procedures 2015.	Leadership Team and Managers to continue to promote vigilance amongst staff  The Council needs to ensure timely response to changes in legislation or local procedures.	Alan Hall	The Council meets all of its duties under Section 11 and 47.  The Council meets the new duties of the Care Act 2014.  The Council fully meets all aspects of the ESCB/ESAB Safeguarding self - assessment.	Monthly	October 2015 Self-Assessment Audit
A corporate Safeguarding Group ensures sharing of best practice and information across Directorates and enables the identification of any weaknesses in the Council's work.	This group has become an effective forum for sharing of best practice and commitment from all Directorates is shown.	Directorates need to continue to commit time for representatives to attend the Corporate Working Group.				
Council policies have been developed for all new and emerging safeguarding issues such as Child Sexual Exploitation.	Several of these policies have been used across Essex as examples of best practice.	An ongoing rolling programme of training needs to be in place, to update and refresh staff and Elected Member awareness.				
Following good feedback from the ESAB & ESAB Safeguarding Audits 2014/15, a Safeguarding Strategy and Action Plan has been developed to address any outstanding issues relating to the work of the Council.	The Safeguarding Strategy and Action Plan, sets out the areas for further improvement following feedback from the annual audit.					
The Council's appointment of a Safeguarding Officer and part time Admin. post for two years, has enabled the Council to meet all of the required standards.	These posts have enabled a Safeguarding 'Hub' to be set up in Community Safety, which all EFDC safeguarding issues are filtered through.
