Summary of Issue you wish to be scrutinised: The role of public transport in and around the rural locations in the District.	
NOTE: ENTRIES BELOW RELATE TO ISSUE CATEGORIES OF THE PICK PROCESS. PLEASE REFER TO THE EXPLANATORY NOTES TO THIS FORM FOR FURTHER INFORMATION	
Public Interest Justification: With the growth of commuter parking and the problems it causes residents, the Council needs to address the issues surrounding why commuters feel they have no alternative but to drive to the stations. Several residents in homes in Sheering have expressed concern about local public transport and raised the need for a review of the situation.	

Impact on the social, economic and environmental well-being of the area:

A busy and used bus service would be economically viable – creating less congestion/ emissions

Council Performance in this area (if known: Red, Amber, Green):

Poor in Lower Sheering

Keep in Context (are other reviews taking place in this area?)

Essex County Councillor G McEwen has concerns about re-routing and has been in discussions with Arriva. I believe the issue is a major concern for most rural Councils.
