

Report to the Council

Committee: Licensing

Date of meeting: 20 December 2018

Subject: Statement of Licensing Policy

**Epping Forest
District Council**

Recommending:

That the attached Statement of Licensing Policy be adopted.

1. The Council was required to review their Statement of Policy made under the Licensing Act 2003 at defined intervals. A new draft policy had been prepared and consultation had taken place with interested parties and the trade. It also gave officers an opportunity to update or make minor changes, although there had only been minor typographical corrections.

2. The Licensing Committee had considered the responses received and incorporated them into the final policy. The Licensing Committee were now recommending the adoption of the revised Statement of Licensing Policy, as attached to this report.
